

TRINITY GRAMMAR SCHOOL JUNIOR SCHOOL  
2017 INFORMATION & COMMUNICATION  
TECHNOLOGY STUDENT ACCEPTABLE USE  
AGREEMENT

KINDERGARTEN – YEAR 2

The School recognises that students will use a range of communication devices, resources and services, both School owned and student-owned. This agreement outlines the expectations of students at this age (see over for details).

Boys are expected to use all ICT devices, resources and services responsibly, purposefully and ethically. Any activities that impact adversely on users inside or outside the School, or that adversely affect the School's reputation, will be considered a serious breach of the School's rules.

Usage of devices, services and resources is always at the discretion of class teachers and other School staff.

### Student Agreement

I have read and understood the TGS Information and Communication Technology Student Acceptable Usage Agreement (K-2) and agree to abide by these conditions in an ethical and responsible manner.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

(Students are to write their own name to foster a level of empowerment and ownership and to signify a conversation has been had at home and at School about this agreement and appropriate use of ICT.)

### Parent Agreement

I have read and understood the TGS Information and Communication Technology Student Acceptable Usage Agreement (K-2) and agree to work with the School in ensuring my son / ward accesses the network at Trinity Grammar School under the conditions stipulated in an ethical and responsible manner.

I understand that, even though student use of the Internet is monitored, it is not possible for Trinity Grammar School to continuously monitor and restrict access to all controversial materials. I therefore will not hold the staff, the Head Master or Trinity Grammar School responsible for the accuracy or nature of material acquired by my son/ward from the Internet.
