FROM THE HEAD MASTER

STUDENT LEADERSHIP 2015/2016

I am pleased to make public the following list of boys who have been invited to take up responsibilities, initially as Probationary House Captains and Probationary Prefects. These boys will be attending the School Officers’ Workshop which I will conduct from 19th to 21st July.

TRINITY STAFF CONNECTION DAY

It was a pleasure to welcome back former retired staff for what now has become an annual gathering. The ability to host them in the Staff Common Room for morning tea and acknowledge their contributions in the past is a timely reminder to all of us that we do in fact build on the foundations of those who precede us. When I reflect upon the representation of former staff members present, I was pleased to note the presence of staff across a range of faculties/areas which included support staff such as Frank, our former Bus Driver, and Mrs Elaine Calvin, our former Enrolment Officer.

We often talk about the spirit of community in our fine School. This is something that we both honour and value and need to continue to nurture and support for the benefit of our current and future generations.

YEAR 11 AND 12 HOLIDAY ACCESS TO HOLT LIBRARY

I am pleased to announce that the School is taking special measures to enable our Year 11 and 12 students access to the Arthur Holt Library during holiday times to help support their study preparations for the forthcoming examinations (see further details on page 3).
STUDENT INDISCIPLINE | THE ISSUE OF DRUGS

At this week’s Monday Quad Assembly, I reminded the boys of the likely consequences and the School’s general policy in relation to students who might be tempted to get involved with drugs. In fact, this is something we bring to their attention on a regular basis (Record Book, page 20; Hand Book page 57). I spoke of the negative implications for their health, family, friends, schooling and, equally importantly, their character. Tragically, the involvement of our youth with drugs robs them of their potential. It damages their character and belittles them as a person. I also pointed out that should they have any concerns regarding this issue, they need to seek help which is readily available in a confidential fashion from our TESS counsellors.

Head Master

OPENS XI vs ASHFIELD POLICE

On Wednesday a group of Year 12 footballers came together comprising of players from the 1st XI to the 6th XI. The team faced off against Ashfield Police in what was an entertaining game for all spectators and is the second such fixture to take place. The Ashfield Police came out hungry to win and found themselves 2-0 up in the first ten minutes from some good build up play that lead to a goal and also a quality free kick. They hoped to walk away with a win, but their success was to be short lived with goals coming from Brendan Parry (12Du), Steven Callas (12Ho) and James Ibrahim (12Ho). All players on both teams should be commended for outstanding sportsmanship and quality play. The game finished with Trinity winning 3-2. All in all, the football match reflected excellent community spirit and was an extremely enjoyable event.

Peter Tsaridis (12We)

IMPORTANT CAR PARK INFORMATION

JUBILEE CAR PARK | PLEASE OBSERVE THE 10KM/H SPEED LIMIT AT ALL TIMES

Dropping Off and Picking Up Students

Normal drop off and pick up principles apply:

> Parents must use the designated zone (click here to see the map)
> Drivers must remain in the vehicle but may not Park in the Drop off and Pick up Zone to wait.
> Students must have their bags and other belongings with them in the passenger seat and are not permitted to go to the boot of the vehicle. The boot may be accessed by an assisting adult.
> Students must enter and exit the vehicle on the kerbside and are not permitted to walk between motor vehicles at any time.

Drivers are not permitted to wait in the Drop off and Pick up zone or drive through marked car park spaces/rows - If students are not ready to be picked up parents must drive around again or park in a designated parking space and wait for students.

www.trinity.nsw.edu.au
LIBRARY OPENING HOURS:
SCHOOL HOLIDAYS

We are pleased to announce that the Arthur Holt Library will be available to Year 11 and 12 students during the upcoming June/July holiday period between 9am and 3pm on Tuesdays and Thursdays (all three weeks). Year 11 and 12 students are encouraged to take advantage of the opportunity to utilise the library learning spaces and resources during these days as a place for quiet study, exam preparation and planning for the upcoming Trinity Term. Students may also consider meeting as part of an arranged study group, taking advantage of the excellent collaborative opportunities available to work together in small groups.

IMPORTANT INFORMATION

> Students must bring their ID card and will be required to sign in and out of the library each day
> Year 11 and 12 students only
> Students are expected to wear smart, casual attire
> Library staff will be in attendance and full library services will be available
> Opening days and times are Tuesday 23/6, 30/6 and 7/7 and Thursday 25/6, 2/7 and 9/7 between 9am and 3pm

Please direct enquiries to Miss Stefanie Gaspari, Director of Library Services, via email sgaspari@trinity.nsw.edu.au or phone 9581 6038.

Stefanie Gaspari | Director of Library Services
As we move towards term three, students need to be preparing themselves for the upcoming end of year assessments. Our Year 12 Technological and Applied Studies students will have an especially busy term. On top of their Trial Examination starting week 5, Industrial Technology and Design and Technology students also have their Major Projects due in weeks 4 and 6 respectively.

To help finalise and evaluate these projects the Technological and Applied Studies Department will be displaying the students’ projects on Thursday 23rd July at 5.30pm in the Design Centre. All parents and friends are welcome to come along to view the outcome of the students’ hard work.

Over the past few years our VET Construction students have been travelling to the Lewisham campus to work on site, developing framing, plastering and tiling competency skills. As we move away from the Lewisham campus in the New Year we have started to develop an undercover work area and storage area between the TESS building and the workshops on the Summer Hill campus. The garage will be upgraded with a new roof, access door and concrete steps built on the rear of the building. Our Construction students will construct a working platform to allow them in conjunction with the Electrotechnology students to carry out their competency skills.

It is pleasing to report that the Technological and Applied Studies department continues to be strongly supported by students, with solid numbers choosing to undertake our subjects for the New Year. Students have the opportunity to learn skills using a wide range of equipment appropriate to their age and the subject they are studying such as 3D printers, Laser Cutter, 3D router and Industrial Coffee machine.

The Year 10 Design and Technology class are using the Laser Cutter to produce creative designs for light shades whilst the Year 8 Design and Technology class are using Solid Works to design F1 Design Challenge cars which will be cut out using the 3D router. The IB design and Technology students have been using the 3D printer to create prototypes and models. The Year 12 Hospitality students have completed a Barista course and are now experienced Cappuccino makers - using the Industrial Coffee Machine.

Industry today relies heavily on using computers for use in the processing of information, commerce, communication and entertainment; students in the different computing courses in TAS learn how computers work, how to create software and websites or multimedia. On top of this our Year 9 classes have made the best of their access to control technology by designing and making a robot to complete a prescribed task.

The Years 8, 9 and 10 IST and Year 11 Software students participated in the WeSpeakCode activities organised by Microsoft and later this term some of the senior students are participating in the UNSW programming competition.

Michael Leadbeatter
Dean of Technological and Applied Studies
BOARDING HOUSE END OF TERM DINNER

Each term the boarders celebrate the term that they have shared together by having a special dinner that gives the boarding community an opportunity to reflect on the term spent together, share stories, recognise boys for their contribution to the community and to officially say farewell to staff and boys who might be leaving.

Last Monday the boarders had their end of term dinner in the Dining Hall which took on a festive air thanks to the catering staff who went out of their way to decorate the Hall for the occasion. With a scrumptious menu and all in attendance being in good spirits, the night proved to be very enjoyable. Three boys were farewelled from the House with two of the boys staying on at the School as day boys. Julius Seidler (10Sc) from Germany came to Trinity in Term 1 this year to expand his education experience and to help develop his English skills. In his farewell speech he included the following:

I can still recall my first day in the Boarding House. It felt weird, so many new faces, new names, new cultures. I had never really encountered anyone from Papua New Guinea, Sri Lanka or even Saudi Arabia before. I believe that was the most unfamiliar thing about my first day here in the Boarding House. It’s the diversity of cultures that I found fascinating.

In Germany, we don’t celebrate diversity as much as you do here in Australia and from the first day on I found that very pleasant. Everyone somehow gets along with each other no matter what language they speak or what culture they are from. But it’s not just the diversity of cultures in the Boarding House which makes the Boarding House experience unique. It’s also about how everyone as an individual is different in terms of values and abilities, yet we all get on well together and it’s a very good place to live in…

And then there are the MOD’s who in a way keep the order and peace between everyone. And not to forget there is Mrs Galluzzo who is like a mother for us all. I want to thank Mrs Galluzzo for being like a second mother for us…

Lastly, I want to thank everyone in the Boarding House for accepting me into this community and letting me take part in this brotherhood. It was an incredible experience. Thank you!

The two Junior Resident Masters, Mr Daithi Murphy and Mr Aidan Thomson were also farewelled. These young men have been a wonderful addition to the Boarding House with their good sense of humour, sensible and mature attitude and strong work ethic. They and the boarders who have left the community will be missed.

The Boarding Housemaster, Mr Rod Fitch showed a Power Point Presentation of the boarders involved in the various activities that they have enjoyed as a community this term. Thank you Mr Fitch, the Housemother, Ms Galluzzo and all the Boarding House staff for your sterling work in making the boarding house a caring and supportive home for the boarders.

Peter Green | Deputy Head Master and Director of Boarding

image opposite: Mr Rod Fitch, Julius Seidler (10Sc), Stanley Chen (12Sc), Simon Ying (12Fo) and Matthew Ng (8Ke)
Ten years ago, our CAS brother school from Queens Park sent a group of cadets on an abseiling course on the Vaucluse cliffs overlooking the ocean. After four days of training, the group and the teachers had to complete a final abseil to qualify for certification. One of the last participants to make the jump froze on the edge of the cliff, gripped by fear, and refused to leave the ledge.

The lead abseiling instructor, calmly sat down and simply said, “Facts overcome fear.” He quietly repeated the words to the petrified cadet, until they broke through the wall of fear preventing him from jumping. Unexpectedly, the cadet slowly and gently lowered himself and successfully completed the fifty metre jump.

At the debriefing to conclude the course, the head instructor reflected on the incident and explained that while it is understandable and expected that emotions do sometimes inhibit performance, it is important to revert to the structures and processes put in place when circumstances don’t go as planned. He also explained that emergency workers are trained to rely on their procedures, because they have been proven to work.

Whether it is abseiling or playing rugby, our boys have been, and will continue to be, faced with pressures, especially when the proverbial tide has turned against them; however, part of the learning experience is to be exposed to these challenges and to learn to rely and trust on the processes, procedures and game-plans initiated by coaches, to provide a sanctuary at those times when confidence is low and perseverance is needed to persist despite the appearance of insurmountable obstacles.

Consequently, it is worth remembering Thomas Fuller’s words, “It is always darkest before the dawn.”

Andrea Folli | MIC Rugby

Congratulations to our First XV players who are continuing with their CAS representative duties. They are Anthony Nguyen (12Hi), Harry McLennan (12Mu), Ryan Longville (11Mu), Pernell Filipo (12Ha), Liam Rasch (11WJ) and Robert Siteine (12St). Matthew Doyle (10Hi) and Kordell Payne (10Yo) have also been selected to represent the CAS U16 team.

Lachlan White | Director of Coaching

MATCH REPORTS

13As

As you wind your way down to Primrose Park the tension starts to build for what you know will be a challenging match. Last Saturday was no exception. The 13A team was truly tested from the outset of the match with St Aloysius’ scoring an intercept try, due to some good line speed, which placed them in front 5-0. It was during the next 15 minutes when St Aloysius’ went on the attack with relentless raids, threatening our line on numerous occasions that enabled the team to display their defensive character. Preventing our opponents from scoring any further points before half time was an outstanding achievement. The team then hit back with some powerful direct running from Miles Amatosero (7Hi) and Malachi Hawkes (7WJ), stringing multiple phases together, which enabled Michael Eid (7Ke) to score our first try. The second half provided the opportunity for the team to play their patterns, which allowed Miles Amatosero (7Hi) to score two dominant tries and Ky Willoughby (7WH) to throw a well-timed dummy to sneak through the defensive line for one himself. Added to this score was a sideline conversion from Luke Hennessy (8St), allowing the 13A team to defeat St Aloysius’ 22-5.

13Cs

The Trinity 13Cs started the game well, turning breakdown pressure into a strong forward’s try from Angus Mooney (7La). It was difficult to stop St Aloysius’ from charging down field as their disciplined work at the ruck meant that Trinity saw very little ball. Some poor discipline resulted in the 13Cs being reduced to 13 men after halftime. Scores were level at 12-12 when Lachlan Farrell (7Fo) ran the length of the field to score under the posts, only to have the try disallowed and pulled back for an infringement at the lineout. With seconds left on the clock, and still only 14 men on the park, Adam Kasanzuk (7WH) spun out of a tackle to cross for his second try of the game, sealing victory for his team and winning the game 17 – 12.

14As

The 14As welcomed back four players into the team this week and enjoyed the injection of class as they posted a comprehensive victory over ‘Aloys’. Hayden Molla (9Ta) was back from representative Water Polo duties and dominated the match, scoring four brilliant solo tries. He was well supported by Harrison Layton (8DUs), Angus MacDonald (8Sc), Eddy Alcock (8WJ), and Zac Lawrence (8Ho) who all crossed for tries as well. A fine all-round team performance and a victory by 52 to 7, which the side thoroughly deserved.

14Bs

It was a complete team effort by the 14Bs as they played some great rugby on their way to a dominant victory, with William Bonaccorso (9St) and Alan Nader (8WJ) picking up two tries a piece. Trinity executed at both in defence and attack with seven different players crossing the white line. Frank Constantinidis (8St) and Alexander Tseung (9WJ) made in-roads up the middle, while Ryan Hansen’s (8We) long distant kicking game ensured Trinity had solid field position and eventually winning the game 53 – 5.

15Cs

The 15Cs are to be commended on their return match against St Aloysius on Saturday, winning 31-17. This was managed for the entire game by playing 14 against 15 due to the number of injuries across the entire group. Many thanks also go to the six boys who played an extra half for the Cs to make up the 14 players. The team worked well together, improving in their communication and moving in to position at the breakdown. Special mention goes to Ned Hatton-Ward (9Sc) and Jakob Wak (10Sc) for their fearless tackles and Neilesh Fernandes (9We) had a good game in both attack and defence. Jackson Jap (9He), who is in his first season of rugby, is making an impact in both tackling and ball carrying and scored his first try, while Zac Harrison (9Hi) played at inside centre for the first time, and also scored a try. Kenneth Zheng (9We) scored two tries and also made a number of great runs from the ruck. All in all, it was another team effort from the undefeated 15Cs.

16As

Last Saturday saw the Trinity 16As record a strong victory against St Aloysius’. With some tough first round fixtures, it was good to get a win after all the hard work and perseverance. The return of Matt Stead (10Hi) was very helpful for the team and he scored the first of Trinity’s six tries with a powerful run. Luca Hatton-Ward (11Sc) was also very good scoring three tries himself and assisting with others. Strong mauling and breakdown work by the Trinity forward pack allowed Harris Vlahopoulos (10St) to...
work his game. Harris was unlucky by being denied two tries, but with utter grit and determination, he broke through four tackles and a fullback and scored under the posts. Trinity led 24-12 at the break, but Aloysius was still hungry for their first ever win over this Trinity age group. However, with some fantastic cover defence by star fullback Monty Hannaford (10Du), the willpower of the boys in green prevailed and we recorded a much-needed win of 38 - 26.

3RD XV

Won 39-19 – Joseph Tauvasa (12Sc), Michael Thomas (11Hi), Antony Di Renna (12He), Luke Henry (12Ta), Zeph McCutcheen (12Hi) and John Bechara (11Mu) tries, Luke Henry 2 conversions

A pleasing finish for the 3rd XV before the long mid-season break, and a really good bounce back from the disappointment of the Barker loss. It was our best overall performance of the season, notwithstanding that we leaked 19 points. The backline looked the best it has all year. It was fluid and we played with some nice width. The scrum was fantastic and some of the contact with and without the ball was outstanding. When the spectators can hear the collision from 50 metres away, you know it is a good hit. Our lineout was sound, but this is an area we will need to refocus on. Apart from the fact that we stuck to the plan, it was most impressed that we did not allow ourselves to get frustrated when things seemed to be going against us, and the fact that we played for 20 minutes with 14 players and still held it together was very pleasing. Still, we will not beat Knox with 14 players on the field and we must work with the referee, even when it seems we are not getting any of the 50/50 calls. Congratulations on winning four from six with an opportunity to have another crack at Knox first game back and prove we are better than we showed last time. Although the team played cohesively, the following players deserve special mention for their performances: Joseph Tauvasa (12Sc), Michael Thomas (11Hi), Antony Di Renna (12He), Luke Henry (12Ta), Zeph McCutcheen (12Hi) and John Bechara (11Mu).

4TH XV

After the long weekend break the boys of the 4th XV were eager to travel out to Willoughby to face a much improved St. Aloysius’ side to bounce back from a close loss against Barker two weeks ago.

The match started in almost perfect fashion with the boys attacking the opposition’s line until James Debono (12Ke) crashed over in his usual hard-running style of play. The vice-captain, Mark Bastoulis (12Ar), returned from injury this week, which was a blessing considering his cool head under pressure, and with his return to form, the back line seemed to click, providing inside centre Anthony Younes (12Ke) many opportunities to confidently attack the opposition.

The second half seemed to be much of the same with the team running away with the game, eventually winning 17-5. A special mention must go to Jordan Farah (12He) who has struggled with injury, but produced a hard-running performance, which led to the second try, proving that when he stays on the field he is a force to be reckoned with. The boys of the 4th XV are looking forward to the second half of the season, and hopefully push for the premiership.
CAS ROUND 6 vs ST ALOYSIUS’ COLLEGE

Trinity concluded Term II with a triumphant Round 6 against St. Aloysius’. In comparing our results to the previous fixture against St Aloysius’, we improved our win tally by one across the 27 fixtures to 19 successes and four draws.

Highlights of the day were a near clean sweep of the Opens age group with wins for 1st XI through to 5th XI and in Year 10, Trinity won all 5 matches scoring 19 goals and only conceding 2. Trinity lead the tables in four of the five ‘A’ age groups while three teams (8As, 8Ds and 1st XI) have won six from six matches.

1ST XI

While Trinity had a good win against St Aloysius’ in the first round, the team was aware that second time round, St Aloysius’ would be a different proposition. This was largely due to the fact that the opposition were boosted with the return of a player from the Australian U20 Squad duties. The team was also conscious of the effect that the Queen’s Birthday long weekend break can have on a team’s momentum.

In the first half, both teams sought control of possession and it was on a throw in by St Aloysius that Trinity’s Daniel Sestan (12Ta) was able to pressurise the centre back into playing a pass back to the St Aloysius’ Goal Keeper. Daniel then found himself in a 50-50 with the Goal Keeper where he snuck a foot in and the ball popped out for a supporting Reece Sekulovski (11La), who placed the ball into the back of an empty goal mouth.

St Aloysius’ equalised shortly after. Upon a free kick outside the box, the referee presented a yellow card to Trinity and St Aloysius’ played quickly and took a shot from outside the box. The shot dipped into the back of net to take the score line to 1-1. Trinity went up 2-1 before the half time break via a William Piras (11Sc) corner that found William Todd (10Ar). The opposition defender attempted to block William Todd’s header, but the referee ruled that it had crossed the line and thus was a goal.

In the second half, Trinity sealed the game with its third goal. Steven Callas (12Ho) won a tackle at halfway. He played a diagonal ball to Reece who played a one-two off Daniel. Reece, then crossed pin point to midfielder William Monaha (11Mu), who slammed home a header from within the six yard box.

A terrific 3-1 win came not only via the above but also through the sacrifice of others. There were several boys such as Alex Andreadatta (11Du) and Harrison Page (11Yo) who have had the flu but who played and did their part for the win. The majority of the team are also involved in club games that follow Trinity games and thus put their body through a heavy work load.

Captain George Vagerakas (12Ho) in particular is to be commended on his professional approach. For the 1st XI game he did not want to come off. He had a club game following the 1st XI and another club game on Sunday. On Monday morning he was first there and there well in advance of the 7am training start. He was doing his own recovery exercise and warm up. He knows his body and understands how important it is to have his body strong enough and flexible enough to cope with the rigours of weekend football. His success has been in his preparation, his recovery and his commitment. His attitude and actions are a model for all Trinity peers to emulate.

Luke Gray | 1st XI Coach

2ND XI

Trinity knew they would be in for a torrid affair with a team they shared the spoils with back in Round 2. St Aloysius’, whilst drawing all matches since, were still an undefeated outfit heading into this pivotal match.

The fluctuating intensity of previous matches was not apparent though as the team in green peppered the blue and gold’s goals but unfortunately the opposition’s last line of defence was in imperious form and we headed to half time still all square at 0-0.

The second stanza saw Trinity continue to attack in waves with Harrison Page (11Yo) involved in many attacking forays down the right flank. Strong defence from Captain Zac Galluzzo (12Ho) at the back and William Poulos (12St) controlling the midfield aided in putting persistent pressure on St Aloysius’. With five minutes to play, Nick Sullivan (11St) latched onto a loose ball and lashed home a sumptuous right to left winner from just inside the box.

A fine victory which sets Trinity up nicely for our summit clash with Knox in Round 7.

Mark Anthony and Chris Robinson | 2nd XI Coaches

7As

An early goal by Yanni Plataniotis (7Sc) settled a somewhat frantic start to the game. Yanni’s 30 yard first time shot hit the top left corner of the net. It was all Trinity from here on in. Excellent possession and high pressure lead to Trinity having the majority of the chances against a team the 7As had lost to previously. Much of the game was played in the St Aloysius’ half and this constant pressure was capped off by two well taken goals by Zac Livingstone (7We). A notable performance from Joshua Yeoh (7Sc), who was asked to play centre back (a position he hasn’t played before). Joshua took to the position like a ‘duck to water’, keeping the opposition’s best player at bay.

Trinity vs St Aloysius’

7Bs
In the first round clash against the same opponents, Trinity were able to secure a 3-0 win after running away with the game in the second half. This Round, our aim was to secure the tempo of the game from the beginning and work on team plays and scoring off set pieces. Once again we were able to capitalise on scoring from a set piece corner to go 1-0 up. With some exceptional last man defence from the St Aloysius’ Goal Keeper, we were unlucky not to find the back of the net on a number of other occasions. In the second half Trinity continued to apply pressure. With a number of substitutions and fresh legs, Trinity found the net a further two times. This win was a true team performance. It was characterised by working hard together and at times with players standing in new positions to enable everyone to receive quality playing time.

Bruce Duffy | 7Bs Coach

7Cs
It was a strong victory against St. Aloysius. Trinity created many goal scoring opportunities and defended strongly to limit the opposition’s opportunities. Goals to Ghassan Chatat (7La) and Zack Zuccoloto (7Ar) put the team 2-0 up before St. Aloysius brought one back. Special mention to goalkeeper Daniel Gergis (7Fo) who saved a last minute shot. A great victory!

John Henry | 7Cs Coach

7Ds
A much better performance from the 7D’s against St Aloysius. After a sleepy start, Trinity replaced it with an enthusiastic second half. All boys committed themselves wholeheartedly to their strongest team effort yet. This game saw Trinity score their first goal of the season and what a goal it was, characterised by a well organised team movement from half way that was finished off by a superb strike by Daniel Gergis (7Fo).

Notable performances came from Daniel Gergis for the goal and Mitchell Butler (7Mu) and Steven Kountouris (7Mu) in everything they attempted for the entire match.

Bill Pratt | 7Ds Coach

7Es
Trinity enjoyed a spectacular victory over St Aloysius. The highlights of the resounding 4-1 win were the top goal scorer Sam Yang (7Fo) who was well supported by Patrick Webb (7WH) who exhibited wonderful footwork near the goal. Trinity’s domination of possession was reflected in the score and the team are to be commended for their efforts.

Gordon Lee | 7Es Coach

7Fs
Trinity started with a great poaching goal from Aditya Verma (7Sc). A nice finish from Justin Lin (7La) took Trinity into the half time break with a 2-0 lead. St Pats’ fitness and drive put them in control in the second half and they took every opportunity they had to score four goals in the second half and to finish on top.

Myles Colley | 7Fs Coach

Bill Turner Cup vs East Hills Boys H.S.
The Bill Turner Cup Squad knew the Round 4 knock out match would be a tough encounter against East Hills Boys H.S. It did not disappoint. From the first whistle, Trinity were fired up as they were playing in front of a lunchtime oval full of peers, teachers and parents.

It was a very intense first few minutes as both teams were attempting to establish possession. Due to a lovely piece of play around the box Trinity gained a corner. The corner was beautifully whipped into the box and Joshua Ward (9Sc) much to the delight of the crowd, knocked a thunderous header into the back of the net.

Trinity was hungry for more and not long after, Felix Keremeas (10Fo) found the ball at his feet. With a slight touch in front of his body he had a crack at the ball which soared into the top left corner of the goal. Ward was at it again by scoring a lovely volley which made it 3-0. After well-kept possession, Trinity looked the better team on the field by far and this showed when Christopher Monaha (10Mu) chipped the goalkeeper from outside of the box to take the score to 4-0.

The boys played very well in the second half and offered limited chances to the opposition, however late on in the second half East Hill’s scored a great goal, which came from their striker. It was disappointing not to keep a clean sheet however it was a very promising win for the boys who progress into the 5th round of the tournament.

Christopher Monaha (10Mu)
CIS REPRESENTATION

Johnny Dimopoulos (12Ta) represented NSW CIS at the NSW All Schools Football Championships on Monday and Tuesday of this week. CIS beat CHS 5-2 in the first game and went on to win the Championship. Congratulations to Johnny on this success and on being selected in the NSW All Schools Team as a ‘Train On’. A fine achievement!

HOLIDAYS

During the holidays, a number of football activities are occurring. In the third week of the holidays, Trinity is taking three teams (U13, U14 & U16) to the 25th Kanga Cup in Canberra. This is the ninth year in a row that Trinity has competed and there will be over 300 teams present, in what is the largest football tournament of its kind in the southern hemisphere.

In the second week of the holidays, there is a football clinic being conducted at Trinity for boys in Kindergarten to Year 9. Please see the flyer in this Bulletin for more information.

On the last Saturday of the holidays, Trinity will host Newington in 1st XI, 2nd XI and ‘A’ games in what is traditionally a very competitive fixture. There are also numerous training sessions for boys involved in the above games and Kanga Cup.

During the holidays, boys are encouraged to work on their football skills, be it 1v1’s with friends or family, juggling or passing the ball against the wall. We return next term to face a stern test with games against Knox at the end of week one.

Well done to everyone for their efforts with football this term! Happy Holidays!

Luke Gray – MIC Football

THE DUKE OF EDINBURGH PROGRAMME

INFORMATION EVENING FOR NEW PARTICIPANTS AND THEIR PARENTS

Want to join the Award? Want to know more about the Award? Want to join a Spring Holidays Expedition for new participants? Are you in Years 9 to 12? Are you at least 14 years of age or about to turn 14?

If the answer is yes to any of the above questions then you will need to attend an information session on Thursday 30th July at 6.00pm in Latham Theatre.

We will:
> Discuss the Award and all its changes and expectations.
> Provide you with an opportunity to join the second of two yearly intakes to the Award programme.
> Provide you with information about a potential Spring Holidays Expedition for new participants.
> Provide you with advice on purchasing key wilderness hiking equipment, from outdoor equipment specialists Southern Cross Equipment.

This meeting is a compulsory first step in being eligible to participate in the Award and this proposed Spring Holidays Expedition. We look forward to seeing you and or your parent/guardian there on the night.

Matthew Hirst | MIC
Round 6 of the CAS Winter competition was contested last weekend against a combined opposition from St Aloysius’ College and Riverview. By day’s end it was obvious that our boys had once again managed to excel, losing only one match over the course of the fixture. The only other match not won was that of the 10B team, who drew with Riverview on both sets and games. At this stage of the competition we still have six undefeated teams with many more leading their competition but having lost only one match. Last weekend’s fixture was the last for the term, with our next competitive fixture to take place against Knox College in Week One of next term.

The 1st IV continued on their winning way with a decisive 7 sets to 1 demolition of St Aloysius’ College at Tennis Cove. Once again the team paved the way for victory by winning all of the Doubles sets contested in a decisive but sportsmanlike fashion. In the singles Trinity dropped one set but was too strong in the remaining three. The team continues to sit well out in front on the competition table but will undoubtedly be tested by Knox College in their next encounter early next term.

The 2nd IV called upon reserve Brendon Bechara (12Ho) to replace sick team mate Joshua Olpindo (10Ar) and registered an even stronger win than that of their 1ST team counter parts. The team was able to secure an 8 sets to love win against their less capable opponents. Strong singles victories were registered by all but especially notable were those played by James McCabe (7St) and Alex Ibrahim (9Ho) who totally outplayed their St Aloysius’ counterparts in lopsided matches. Like their 1st IV counterparts the team is perched on top of the table leading into the round 7 encounter next term.

Jeremy Dykgraaff | MIC Tennis

Overall winning rate: 89%. 12 Wins 1 tie 1 Loss
3RD AND 4TH IV
The 3rds continued their unbeaten run against St Aloysius’. Some solid, if unspectacular, doubles victories were followed by three commanding 6-0 singles triumphs from Kieran Chu (We), Raymond Wang (Yo) and Matthew Chan (We). Each boy stuck to his favourite brand of tennis: Kieran’s volleys and smashes delighted the spectators, as did Raymond’s beautiful sliced backhand and Matthew’s rifled double fisted crosscourt backhand. The 6 sets to 0 result was a true reflection of the difference between the two teams.

The 4ths were not to be outdone, despite one of our regular players being unavailable. Here too, both doubles matches were won, and then Ryan Murray (Ta), playing at No.1, unleashed his power game and clubbed his opponent into submission. Alexander Thomas (Hi), not knowing how to lose, won yet another singles match, and Victor Wu (Mu) just had too much class off the ground for his hapless adversary.

My only regret is that we are over the half way point of the season, and there are only a few rounds left in which the tennis fan in me will be entertained. I try to savour every spectacular moment!

Ashley Lucas | 3rd and 4th IV Coach

10As
The Trinity 10As had a convincing 5 sets to 1 win over St Aloysius’ last Saturday. After a shock loss in the first doubles, Gajan Arulthevan (10WH) had a strong 6-0 win in his singles quickly followed by good wins from Brendan Sleiman (10Ta) and Ben Davies (10WJ). This was a great team effort.

Michael Leadbeatter | 10As Coach

10Bs AND 9Bs
The 9B and 10B teams played Riverview who were without a GPS competition match and keen to gain some additional court time. The 9B team disposed of their opposition in quick time, achieving a 6 sets to 0 victory. Matthew Turner (9Ho) and Nathan Nakhle (9Ke) at first and second seeds respectively, were particularly dominant against capable opposition and while many games went to deuce, they lost only several games between them. The 10B’s team of Eric Shen (10He), Jason Quach (10Ke), Leo Im (10Mu) and Jay Russell (10o) also played exceptionally well to secure a hard fought draw against a talented team consisting of several 1ST team players.

Brett Lammiman | 10Bs and 9Bs Coach

8As AND 8Bs
Both teams continued their winning ways against St Aloysius’ last Saturday in impressive fashion. In the 8As, Edward Lai (St) and Jason Wu (Ho) showed great teamwork as they dominated the opposition in their doubles fixture. Aiden Tharmarajah (WH) and Justin Sleiman (Ta) also had an impressive victory, comfortably winning 6-0. All members of the team also displayed confidence in their singles matches, and special mention must be made to Justin for eventually prevailing 7-5 in an extremely tough encounter. The 8Bs remain undefeated as we head towards the latter end of the winter season. The boys were able to combine effectively in their doubles fixtures to outclass their opponents easily, with Oscar Jones (La) and Dominic Lay (St) leading from the front. Heading into the singles matches, the team showed great determination to not drop a single set. Jack Opperman (Ta) and Max Russell (Ho) were especially impressive, winning 6-0 and 6-2 respectively. All the boys in the As and Bs should be commended for an excellent season so far.

Arnanth Srikanth | 8As and 8Bs Coach

7As AND 7Bs
It was a very tough day for the Year 7A/B tennis teams last weekend against St Aloysius’. The 7As went down 6 sets to 0, despite a great effort from Andrew Peng (7HEe) and Tom Jin (7Yo) in the doubles who eventually lost 5-7 in a very close match. Daniel Skarzynski (7We) and Luca Dimeglio (7Fa) both played some strong tennis before going down in their singles against quality opposition.
VOLLEYBALL

KINGS DEFEATED TRINITY 3-0 (21-11, 21-10, 21-16)

This week was a great opportunity for the Trinity 3rd VI Volleyball team. This is due to the opponents we were playing this week. Kings has only one volleyball team, meaning we were playing the best they had to offer. The first two sets were quickly snatched away from us as Kings performed consistently each point to build momentum for their increasingly larger lead. After these two sets Trinity had already lost the match. The third set was slightly different, our young men being anxious to perform with three of our regulars absent, instead starting playing to enjoy the last set. It was during the final set that the team pulled together and played their best. However, it was not enough to steal the throne from Kings, who remained the ruler of the court. Congratulations to Kings on their victory and well done to all members of the 3rds for their efforts this week.

Adam Scott (12Mu) | 3rd VI Captain

Trinity Grammar School

Sports Physiotherapy Clinic

The Trinity Grammar Sports Physiotherapy Clinic, is now operating in the rooms below the Pastoral Care Centre. It is open Mondays and Wednesdays 7.00am-10.30am and is run by Mr Tom Lombardo ('01), an Old Boy of the School. Having worked extensively with elite and professional athletes at the highest levels, Tom has a particular interest and expertise in the highly specialised area of adolescent sporting injury diagnosis and management.

With established links to an extensive network of quality sports medicine physicians and by placing a strong emphasis on specialist injury prevention, treatment and rehabilitation, the TGS Sports Physiotherapy clinic will ensure reliable and timely assessment and management of your son’s injuries within the confines of the school grounds.

Consultations at the clinic are for Trinity students only and can be booked online (the link can be accessed from the School’s home web page; www.trinity.nsw.edu.au). The clinic will offer competitive rates and allow for private health insurance rebates. The cost of the initial consultation of a new injury is $78 and any subsequent consultations will be charged at $68 per service.

Meanwhile the 7Bs came away with a win but only just. As they couldn’t be separated by sets the boys won on games 28-25 which was a great effort against a strong school. Scott Lee (7St) and David Kim (7WH) played a fantastic game of doubles smashing their opponents off the court the final score being 6-2. Well done to Lachlan Chan (7Fo) for taking out his singles in a great 6-3 win Congratulations must also go to Alessio Razza (7Mu) for moving up two positions in ranks to fill in the B4 spot. He played some great tennis, but fell just short, going down in a tie-breaker. It was a great day’s tennis for the Year 7B Tennis team.

Danielle Calvi | 7As and 7Bs Coach

AFL

YEAR 9 AND 10 AFL | TRINITY VS CRANBROOK
Saturday 13th June

An extra week to recover from our defeat to Knox was useful, but our recent losses to our other opponents – injury, illness and Field Studies Camp – have taken a greater toll. We fronted Cranbrook with only 15 players, although what we lacked in numbers we compensated for in endeavour. Seven goals to two in the first half set us up well and our quick ball movement in attack put Cranbrook under pressure. Nevertheless our opponents responded to the challenge and their work around the stoppages caused us some occasional grief as fatigue took hold of us.

Some, however, were unstinting in their efforts and played the best game for us to date: Samuel Austin (10Hi) and Andrew O’Dea (10La) impressed with their repeated efforts at the contests. Nils Thompson (10WH) worked his way into the game and became the dominant figure in our back-line, and Nathaniel Davies (9Ke) – the team’s ever-reliable diesel engine – did not disappoint in the mid-field. Up forward, Jonathan Hooper (9Ar) was exciting in the air and at slick at ground level, and Mark Dedes (10St) was kept busy with the crumbs and established a favourable relationship with the goal umpire. Zac Cameron (10WH) was in brilliant form and dominated the play all over the ground, taking 13 marks and kicking 5 goals.

Our other goals scorers were Mark Dedes 3, and 1 each to Nathaniel Davies and Johnathan Hooper. Best on ground for Trinity were Zac Cameron, Jed Keogh (10Ar), Samuel Austin, Nathaniel Davies, Andrew O’Dea and Jonathan Hooper.

Trinity secured a win 10.13.73 to Cranbrook 5.11.41

Andrew Pierce | Year 9 and 10 AFL Coach

www.trinity.nsw.edu.au
CROSS COUNTRY

THE TRINITY RELAYS 2015

‘What a funny old bird is a pelican, his bill can fit more than his belly can!’ I can only assume our fine feathered friends on the Cooks River were pleased to see us back for the 18th time last Saturday as they glanced over at the chaos of the Trinity Relays. Despite its being (organised) chaos, it was once again a fabulous event and by all reports the boys love the event. They get stuck into the change in format to the regular more individual age group races each Saturday. The competition was as fierce as I can remember and the results closer than ever.

The weather was sublime and the course fast, with three records tumbling. Barker showed they are the form team in the Open competition this year, as their team, led by Barker Cross Country Captain, Taylor John, broke the record that Trinity was pleased to finally snaffle last year. Well, I suppose records are only meant to be broken! Boo-hoo! The record was reduced by a slim 10secs down to 33min 18.35secs. Shore was close, extremely close, only 3secs adrift in 2nd, with Scots another 40secs further back in 3rd. The Trinity Open team, comprising Benjamin Crowhurst (11Ho), Jordan Martenstyn (12Hi), Keegan Street (11WJ) and Oliver Hoare (12St) was a very pleasing 4th.

The 16s race was dominated by Sydney Boys High, as has been the case all season so far, as they smashed the old record by 1min 15secs down to a staggeringly fast 34min 43.75secs. Barker was 2nd, incidentally also just under the old record by 4secs, and Scots 3rd. The Trinity team of Jonno Batson (9WH), Nathaniel Davies (9Ke), Kash Powell (9Ar) and Pericles Telemachou (10Ho) were also a fabulous 4th in their age group.

The Trinity 14s team; Benjamin Bishop (8Hi), Logan Kaye (8Ho), Ethan Brouw (7Ta) and Thomas Spratt (8Mu), thought they were not only a chance at the victory, they also fancied their chances at a shot at the record. However, they were denied the win by a super team from Newington, who were just too strong for the Trinity lads, hanging on for a win by the slim margin of 13secs. They too missed the record of 36min 37.31secs as they finished just outside it in 36min 55.41secs. Cranbrook were 3rd.

In another category Trinity was represented by an Old Boys’ team comprising of; Phillip Mugridge (10/12WJ), Guy Lewis (09/12Mu), Tim Austin (87) and Cameron Griffith (14/12Yo). These fine Trinitarians performed admirably, holding off a fast-finishing girl’s team from PLC Pymble. Thankfully, Cameron overtook the girls on the last leg or I would have had to be very cheeky with my comments! Mind you, the young ladies from PLC Pymble were fast as they shaved a good minute off the previous record from 2007, finishing in 40min 28.14secs. Barker were victorious in the Old Boys’ race with Grammar once again continuing their domination of the staff event.

It would be remiss of me not to thank the fine support of the Trinity staff and parents who assisted in the running of the event and baked up a storm, providing a complimentary morning tea for the throng of supporters, parents and runners gathered. Thanks must also go to Mr Chris Van Alphen for his continued mastery of the computer in registering, recording and disseminating results.

The 2015 Cross Country season continues, ‘same bat time, same bat channel’, after the break. All augurs well for the team in the Green and White!

Good running,

Michael Spratt | MIC
This week Year 12 Construction students, who have been inducted onto the Lipman’s Pool site here at Trinity, were taken on a tour of the new facility. Of particular note for the boys was watching the workmen complete the tiling of the pool surface as this is what they are learning about in class at the moment when they visit Lewisham each week.

Further to this, Milwaukee power tools came in and gave a thorough demonstration of the safe use of Power tools to the class. This gave students exposure to some power tools used in the construction industry that are not appropriate to have or use in a classroom situation.

Lachlan White | TAS

FROM THE CLOTHING SHOP

All boys who would like lines on their blazers for the new term, please bring their blazer to the Clothing Shop so the embroidery can be done. Coats will be accepted up to Friday 19th June for lines.

If any coat is soiled it must be dry-cleaned, as demanded by health and safety, before any embroidery is attempted.

OPENING HOURS

Monday to Friday 8.30am to 4.00pm
School Holidays 8.30am to 3.45pm

Please refer to the Record Book for Saturday opening times

TRINITY GRAMMAR SCHOOL

School Prayer

Parents and friends are most welcome to come and pray for our boys and the School, on Tuesdays between 8.30am and 9.30am. The Prayer Mornings are run on a rotational basis, on alternate weeks, at the Preparatory School campus (see the Preparatory School News for further details) and the Summer Hill School campus.

Junior, Middle and Senior Schools Summer Hill – meet at reception in the Junior School Building, on even weeks of term (Weeks 4, 6, 8,)

Term 3 July 21st, August 4th, 18th, September 1st
Term 4 October 13th, 27th, November 10th, 24th

Come and join us so we can encourage each other, help form a sense of community within the School, and genuinely bring the needs of the School community before our great God.

Summer Hill contacts
> Greg Webster | Senior Chaplain, Summer Hill

SAVE THE DATE!

Tuesday 21 July, 7.30pm
Delmar Gallery

CAB SAVVY: a fiery night of poetry, puppetry, performance and music!

For one night only, we open the gallery to a cavalcade of acts to fire up the soul on a wintery July evening. A salon style event, with a variety of acts and performance hijinks, comic rantings, musical clowning, puppetry and quirky surprises – there’ll be something to entertain all tastes!

Including Bulgarian-born, award-winning violinist/composer VEREN GRIGOROV, the hilariously devilish LADY SINGS IT BETTER, glove puppets DYLAN and DIERDRE’s ambitious world of cut throat children’s TV, GODFREY UKE with his musically inclined modern day vaudevillian act, dancer and choreographer KAY ARMSTRONG with her bombastic alter-ego - BIKE and REI CASTRO Y LOS GRINGOS MISERABLES with their slow, sultry tunes.

Tickets from $20 / Society of the Arts Members and Trinity students in uniform FREE
Includes light refreshments
Bookings essential www.trybooking.com/IBWA

OPENING SATURDAY 3-5PM

SLOW BURN
fire in mythology and culture

curated by Catherine Benz and featuring works by Jacqueline Gothe, Firesticks with UTS Design, Claire Healy and Sean Cordeiro, Euan Macleod, Djambawa Marawili, Mandy Martin, Rerrkirrwanga Munungurr, Trent Parke, Mike Parr, Kharma Phuntsok, Ajay Sharma, Jeannette Siebols, Maxie Tjampitjinpa, Hossein Valamanesh, Justine Varga, Lachlan Warner and Barrupu Yunupingu

Opening Saturday 20 June, 3-5pm. All welcome!
Exhibition continues to 26 July.
Gallery hours: Wednesday to Sunday 12-5pm.
Free admission.

Images:
1. Euan Macleod, Bonfire Broken Hill 2011, oil on canvas, 120 x 84cm. Private collection.
2. Jeannette Siebols, Phoenix Rising 2014, oil on canvas, 169 x 140cm.

Catherine Benz | Convenor, Society of the Arts

The Society of the Arts is a subscription based organization. Membership of the Society is open to all who are interested in the arts. Subscription entitles admission in 2015 to five concerts plus the school’s Annual Gala Concert and invitations to six official art exhibition openings, plus a puppetry evening and a short films screening. Click here to subscribe now.
MATHEMATICS CLUB MATTERS COMPETITION

It was pleasing to see there were many submissions to and much interest in the problems in Bulletin VIII from both Middle School and Senior School boys interested in experiencing Mathematics. Every correct solution will go into the draw for the chance to win a major prize at the end of each term.

Congratulations to last week’s winners, Arvind Kumaraguru (7Mu) and Joshua Seet-Lee (11Ke) for having the first correct solutions drawn from the Middle School and Senior School boxes. Would they please see Dr Osman for their weekly winning prize.

The answer for the Middle School Problem was the proportion of blue dye to water in the final mixture is 13:71. The answer for the Senior School Problem was his younger daughter received more $4,000 more than the older daughter.

Complete worked solutions for the Middle School and Senior School problem have been posted outside the Mathematics Department office.

The Mathematics Club Matters competition has been very popular and it was pleasing to see there were many weekly submissions to and interest in the problems from our boys and parents interested in experiencing Mathematics. The Mathematics Club appreciates the generosity of our sponsors and support for this competition. It now gives me great pleasure to announce Arvind Kumaraguru (7Mu) as the major draw prize winner for the Whitsun Term. Thank you for all contributions and we will see you all next term!

Reflections from the Evening With Ben Eggleton on PHOTONICS IN THE NEW INFORMATION AGE: FASTER, SMALLER AND GREENER

We live in an information-rich world. The technology that makes this possible is the high speed internet that shoots text, images, video clips, even movies from one side of the planet to another in the blink of an eyelid. But what makes the internet possible, and why did it only come into existence less than 30 years ago? The answer is photonics – light in optical fibres and lasers. Never before in human existence has such a remarkable technology been available to transmit and process such vast amounts of information. Our focus of this enrichment event is on introducing important concepts through the development of mathematical techniques that can lead to a developmental process of best practices for boys working and learning together.

The talk discussed and demonstrated how in biology, photonics can interrogate molecular structures and provide information critical to human health and environmental sustainability; how photons from distant galaxies carry information revealing the origins of the Universe; and how the quantum properties of photons promise new information systems with impenetrable security.

Professor Eggleton outlined the history of photonics, from its origin with the invention of the laser way back in 1953 and went on to talk about the electromagnetic spectrum and explained how visible light which is what he works with, in fact only takes up a very small portion of this spectrum, the rest being occupied by things such as microwaves and infra-red. He proceeded to talk about optic fibers as applications to the medium through which light carries information. He then showed the audience a map and of how the optic fibers of the world are laid out, it was fascinating to see how many optic fibers there were and where they were placed, for example Australia has a few coming from the Eastern coast around Sydney and one from Perth whilst the rest of Australia appears to be lacking. Another fascinating tidbit of information picked up from the night was that 5% of all of a...
countries electricity budget is dedicated to Wi-Fi modems, he plans to improve the Internet by moving from the field of electronics to photonics which travel a lot faster therefore reducing the amount of electricity taken up. His vision for the Internet is to make it faster, smaller and greener.

Professor Eggleton finished the lecture by emphasizing that there is much more to photonics than ‘meets the eye’. It really has no bounds and few would be brave enough to make predictions about where photonics will lead to in the foreseeable future. At the end of the lecture the students were able to engage with the presenters, asking many questions and showing great enthusiasm and passion for both Science and Mathematics. The Club is looking forward to having future collaborative opportunities with the USYD in providing the opportunities students with a range of mathematical abilities to access new ideas in promoting best practices in Mathematics for our boys.

Our thanks to Joshua Gereis (11Ar) for the welcome and introductions to the evening and to Flynn Innes (9Mu) for providing an excellent reflection of the event and delivering the vote of thanks with Steven Serb (9Ar) and William Lin (12WH)

Finally, The Mathematics Club would like to thank Professor Ben Eggleton for his outstanding and stimulating presentation!

Event was supported by The International Year of Light (IYL 2015) and the Australian Institute of Physics:

---

**THIS WEEK’S PROBLEMS FOR THE SCHOOL HOLIDAYS:**

1. At 8:10:06 (hours : minutes : seconds) Norrie sees two lights flash at the same time, then one of them flashes every 4th second, and the other flashes every 5th second. How many times more will they flash together by 8:12:00?
2. Miss Lee arrived at the concert hall 15 minutes before a concert began. However, due to some technical problems, the concert started 10 minutes later. The whole concert lasted for 2 hours 25 minutes. It was 10.30 pm when Miss Lee left the concert hall. At what time did Miss Lee arrive at the concert hall?
3. A cat is chasing a rabbit. They are 160 metres apart. For every 9 metres that the cat runs, the rabbit jumps 7 metres. How much further must the cat run in order to overtake the rabbit?
4. How many two digit numbers have digits that differ by 3?
5. Using any four different numbers in the set {1, 2, 3, 4, 5, 6, 7}, how many even numbers less than 2015 can you make?

---

**Timely Reflections...**

Once upon a time an eagle proud of and confident in his mighty and powerful wings, was searching for food. He noticed a fish lying on a piece of ice which was floating on the river below. Swooping down, he landed on the ice floe, and began feasting on the fish, which was quite a large one. The eagle took his time, enjoying his feast, in the midst of which he became aware of a faint roaring noise ahead of him. It was a huge waterfall, to which the ice was rapidly moving. Confident in his ability to fly away, he had a few more bites of his meal, as the roar became a thunder, and the spray from the waterfall was misting the air above the falls. Almost at the last minute the bird spread his wings to fly up into the sky. But he could not do so. Ice floe, fish remnants and the eagle shot over the falls into the turbulent water below, and the eagle was drowned. What had happened?

He had spent so much time on his meal that his feet had frozen to the ice, and despite his confidence in his powerful wings, when the time came to fly away, he could not escape from the ice.

So much of what we do in our lives is like the eagle. We spend much time and effort on all sorts of activities seemingly innocent enough at first, only to find that we may become held fast by them, and we cannot escape their consequences, even though we may desperately wish to. This anecdote was another one told to me by my father many, many years ago. It is a guiding principle which has been worth remembering, for it reminds each of us to think carefully about the actions we may take during our lives, and their effect on both our lives and those of our families and friends.

---

Dr Frederick Osman | MIC Mathematics Club
A new initiative, the Journal and Proceedings of Young Archimedes, has been established by the Mathematics Club. This journal publishes academic online papers of secondary students in the fields of Mathematics Applications and provides a platform for the exchange of mathematical ideas, activities, and high school research.

Manuscripts will be reviewed by the Editor, in consultation with the Associate Editors, to determine if the paper will be considered for publication in the Journal. Issues are scheduled to be published in June and December. An electronic version of each issue is posted on the Trinity Grammar School Mathematics Club website http://www.trinity.nsw.edu.au/1_senior/spirit.maths.html as a formal publication.

**Aims Of This New Initiative:**

1. The Journal and Proceedings of Young Archimedes publishes academic online papers of secondary students in the fields of Mathematics Applications.
2. To provide a forum to exchange mathematical ideas, activities, and interpretations of high school research.
3. To pioneer a new field of educational endeavor to be the first Mathematics International Journal for High Schoolers.
4. All Trinity students who are interested in unique mathematical ideas, activities, and interpretations of high school research are encouraged to submit a paper. All students completing HSC and/or IB essays or projects with relevance to the fields of Mathematics Applications are highly encouraged to submit a paper for refereeing within the Journal and Proceedings of Young Archimedes.

**Outcomes:**

1. Issues are scheduled to be published in June and December of each year.
2. A maximum of 6 long papers (max 6 pages) or 12 short papers (max 3 pages) for each issue.
3. An electronic version of each issue is posted on the Trinity Grammar School Mathematics Club website publication.

Enquiries relating to submission and production of articles should refer to the Style Guide (see the link below) or direct any inquiries to Dr Frederick Osman on fosman@trinity.nsw.edu.au

Charles Sturt University
New Bachelor of Technology and Master of Engineering (Civil Systems): The new five and a half year Bachelor of Technology and Master of Engineering combines undergraduate and postgraduate study with industry experience. Students will spend the first 18 months of the programme studying on campus at CSU Bathurst, and then undertake four one-year paid industry placements while completing their studies online. The programme will be available from 2016. Website: http://news.csu.edu.au/latest-news/charles-sturt-university/csu-engineers-a-new-type-of-graduate

UTS
Engineering Industry Merit Based Scholarships
> Applications Open: Mon 6th July
> Applications Close: Mon 5th October
A number of Industry Sponsored scholarships are available to provide financial support for the first year of the Bachelor of Engineering Diploma in Engineering Practice degree. Scholars will have direct access to industry sponsors and many undertake an internship with their sponsor company. Applicants will be chosen based on their academic performance, skills evidence in leadership, commitment to an understanding of the engineering profession, and demonstrated initiative in extra-curricular activities. Contact: +61 2 9514 2666 or FEITOutreach@uts.edu.au http://www.uts.edu.au/future-students/scholarships/0000017874

UTS
Bachelor of Information Technology Co-operative Scholarship Programme
> Round 1 Applications Close: Fri 19th June
> Round 2 Applications Open: Mon 3rd August
> Round 2 Applications Close: Wed 30th September
The Bachelor of Information Technology Co-operative Scholarship Programme provides students with $15, 500 per year of study, and two six month full-time industry placements with sponsor organisations. There are two rounds of applications in 2015 for the 2016 intake. http://www.uts.edu.au/future-students/information-technology/essential-information/how-apply/how-apply-bit

UTS
New Digital Course Guides
New interactive course guides are designed to help students explore their UTS course and career options in new and engaging ways. https://www.uts.edu.au/future-students/teachers/tools-and-resources/course-guides

UTS INSEARCH
Guide Available for 2015
The guide showcases academic programmes, support services and activities available at UTS INSEARCH. http://www.insearch.edu.au/about-uts-insearch/publication-download

University of New South Wales (UNSW)
Future Students - Key Dates 2015
> A Day @UNSW: Thursday 25th June
> Scholarships Information Evening: Wednesday 15th July
> UNSW Open Day: Saturday 5th September
> A Day @ UNSW - Dates: Thursday 24th November, 10th December and Friday 11th December. Website: http://unswfuturestudents.tumblr.com/post/110503983827/key-dates-for-2015

Australian Catholic University (ACU)
New Undergraduate Double Degrees: ACU Health Sciences is introducing a number of new double degrees in 2016:
> Bachelor of Teaching/Bachelor of Exercise Science (Brisbane, Canberra, Melbourne, Strathfield)
> Bachelor of Laws/Bachelor of Biomedical Science (Melbourne, North Sydney)
> Bachelor of Biomedical Science/Bachelor of Business Administration (Brisbane, Melbourne, North Sydney)
> Bachelor of Biomedical Science/Bachelor of Applied Public Health (Brisbane, Melbourne, North Sydney and Strathfield).
These degrees are still subject to final approval. Website: http://www.acu.edu.au/about_acu/faculties_institutes_and_centres/health_sciences/course_updates/new_undergrad_double_degrees_for_2016

ACU
Elite Athlete Programme
ACU’s Elite Athlete Programme has been established to support future and current students who have maintained a record of excellence in sporting performance throughout their studies and wish to pursue a sporting career alongside an academic one. Future students deemed to be Elite Athletes will be eligible to receive up to five bonus points towards an entry score and greater flexibility when studying at ACU. http://www.acu.edu.au/study_at_acu/alternative_entry/elite_athlete_programme#1

Australian Catholic University
HSC Enrichment Day
> North Sydney – Business Studies and Legal Studies: Thu 9th July
> Strathfield – Economics and English: Thu 2nd July
Listen to lectures from university academics and get practical HSC advice. Attendees may attend as many sessions as they like. http://www.acu.edu.au/study_at_acu/courses/applying_to_acu/experience_uni_before_you_start/hsc_enrichment_day
Australian Catholic University

University Experience
> Canberra: Tue 7th July
> North Sydney: Fri 10th July
> Strathfield: Wed 8th July

An opportunity for year 10, 11 or 12 students to experience university life by living a day as a student studying arts, business, education, health or theology. http://www.acu.edu.au/study_at_acu/courses/applying_to_acu/experience_uni_before_you_start/university_experience

Australian Defence Force Academy (ADFA)
Applications: It is advised that students wishing to study at ADFA apply in Year 11 as it is a competitive selection process which may take up to 12 months to complete. Gaining entry to ADFA is a dual process requiring students to apply directly to the Australian Defence Force while also applying concurrently to UHSN JUFA through UAC. An offer to study at ADFA is conditional to meeting the academic requirements of UNSW as well as the mental and physical requirements of the Australian Defence Force. http://www.defencejobs.gov.au/education/adfa/howToApply/admissionProcess.aspx

University of Wollongong
Early Admission
Applications open Mon 3rd August
University of Wollongong early admission enables students to gain entry into university before receiving their ATAR. For more information visit: http://www.uow.edu.au/future/early-admission/index.html. To view a video on interview tips for early admission, visit: https://www.youtube.com/watch?v=fvtzXkHuvkY

MedEntry UMAT
Preparation: MedEntry is an internationally trusted educational institution providing UMAT preparation in Australia, New Zealand and Ireland. MedEntry is the only provider which is a Registered Training Organisation and which offers a Government Accredited UMAT course. The UMAT test is a prerequisite for entry into most health science courses such as medicine. Students interested in pursuing medicine and other health courses need to sit the UMAT on 29 July 2015. MedEntry is a government accredited Registered Training Organisation specialising in UMAT preparation. For more information, please visit www.MedEntry.edu.au

MedStart
Masterclass Revision Course Chatswood
> Sat 20th June – Sun 21st June, 9.00am – 5.00pm, Talent 100 Chatswood Learning Centre
> Sat 27th June – Sun 28th June, 9.00am – 5.00pm, Talent 100 Chatswood Learning Centre
> Sat 18th July – Sun 19th July, 9.00am – 5.00pm, Talent 100 Chatswood Learning Centre

Learn about the UMAT in depth, exactly how to solve questions in all three sections, and how to effectively prepare in the lead up to the exam. http://www.medstart.com.au/#courses

University of Notre Dame
Career in Business and Law
Thu 2nd July, 9.00am – 12.00pm, 104 Broadway, Chippendale
Speak to law staff, discuss plans for a business career with staff from the school of business and experience a class like a University of Notre Dame student. Contact: 02 8204 4404 or sydney@nd.edu.au http://www.nd.edu.au/events/2015/suit-up

Macquarie University
New Pathways into Law
Students who have been admitted to a non-law degree at Macquarie University in 2016 will be able to apply for admission to the Pre-Law Pathway prior to their first session of studies. To gain entry into the Pre-Law Pathway prospective students are required to have completed the HSC in 2015, achieved an ATAR above 93, and be accepted into an approved degree at Macquarie.

http://law.mq.edu.au/future_students/undergraduate_law_programmes/new_pathways_into_law/

Macquarie University
Discovery Day
> Fri 31st July, 9.30am – 2.00pm
> Fri 6th November, 9.30am – 2.00pm
> Thu 3rd December, 9.30am – 2.00pm
> Fri 4th December, 9.30am – 2.00pm

An opportunity for year 10 students to get a feel for the campus, attend interactive workshops, and speak to lecturers and students about what it is like to study at Macquarie. http://www.mq.edu.au/study/undergraduate/parents_and_teachers/teacher_information/macquarie_discovery_day/

Macquarie University
Global Leadership Entry Programme for Year 12 Students
Applications close: Sat 15th August
The Global Leadership programme provides students with the opportunity to gain practical skills through volunteering and participating in leadership activities in Australian and overseas. As part of the programme students will gain early entry into a limited number of Macquarie degrees and will also receive invitations to special events and pre-study programmes. The programme is open to Year 12 students who are not only doing academically well but are also leaders in their community. Contact: 1800 351 117 https://mq.edu.au/study/undergraduate/getting_in/entry_schemes_and_pathways/global_leadership_entry_programme/

Macquarie University
Physics and Chemistry Enrichment Days
> Physics Wed 1st July, 8.30am – 4.30pm, Building E7B, Theatre 2, Macquarie University. Macquarie university academics will present a one-day study programme in Physics to assist year 12 students in preparing for their HSC exams. http://www.mq.edu.au/about/events/view/physics-hsc-enrichment-day/
> Chemistry Fri 3rd July, 8.10am – 4.10pm, Price Theatre, Building W5A, Macquarie University A one-day programme presented by Macquarie academics covering core material in The Production of Materials as well as Chemical Monitoring and Management modules to prepare students for the HSC. http://www.mq.edu.au/about/events/view/chemistry-hsc-enrichment-day/

UWS
HSC Study Sessions
Mon 29th June – Fri 3rd July, Bankstown and Kingswood Campuses Free study sessions facilitated by HSC teachers where students can review mandatory syllabus content, participate in discussions, and learn exam techniques. http://www.uws.edu.au/hsc_study_sessions/hsc_study_sessions

My Open Day
A website where you can find information about the upcoming open days at universities, TAFE and private colleges, as well as information about gap years and other career news. http://myopenday.com.au/

My Future Scholarships
The My Future website currently lists over 4000 undergraduate and postgraduate scholarships. The type of support ranges from course fees, accommodation, grants, and travel within or outside Australia, and covers fields of study across all Australian universities. To view, visit: http://www.myfuture.edu.au/tools-and-resources/study-or-training-options/scholarshipsearch

YEARS K TO 9 FOOTBALL CLINIC
JULY SCHOOL HOLIDAYS 29TH JUNE - 2ND JULY

Boys from Kindergarten to Year 9 have a magnificent opportunity to attend the Trinity Grammar School Football Clinic in the July Holidays. Benefits of participating at this camp include:

- 24 hours of football tuition over four days.
- Participants train as per the Football Federation Australia National Curriculum.
- 5-8 year old participants focus on natural development (in Striking the Ball, Running with the Ball and 1v1) through fun football exercises and games.
- 9-13 year old participants focus exclusively on improving their technical skills in the areas of first touch, striking the ball, running with the ball and 1v1.
- 14-15 year old participants focus on improving the above technical skills and learning how to apply these core skills in a functional way.
- Middle School participants have opportunity to partake in video analysis using Game Breaker Software. The video analysis viewing facility includes the newly refurbished 110 seat Latham Theatre.
- Training facilities include a synthetic all weather football field and three indoor basketball courts.
- Participants play in mini tournaments that replicate the ‘A-League/Champions League/World Cup’.
- Participants are tiered according to their playing level.
- All participants receive BBQ on Monday and Thursday.
- Drinks and fruit provided each day.
- Coaching Staff are fully qualified coaches who were former distinguished Football players. Leading coaches will be David Barrett and Luke Gray, both current school teachers at Westfield’s Sports High and Trinity Grammar School respectively. David played well over 300 National Soccer League games and Luke is the current Sydney University Assistant 1st Grade coach and the MIC and Director of Football Coaching at Trinity.
- See the following link for footage from the April Holiday Clinic https://youtu.be/5Oj9_gbgiq4
