FROM THE HEAD MASTER

CAS SWIMMING CHAMPIONS - 13 YEARS IN A ROW!

CAS DIVING CHAMPIONS - 5 YEARS IN A ROW!
85TH CAS DIVING AND SWIMMING CHAMPIONSHIPS

Yet another unforgettable night filled with emotion, tension and excitement that stirred those who were in attendance to the very core of their being, particularly if they happened to have been supporters of either the Knox or Trinity swimming teams. Also, a night that left spectators, let alone swimmers, utterly exhausted and hoarse with very little prospect of enjoying any sleep that night as bodies and emotions endeavoured to recover their equilibrium.

This year’s Championships again witnessed an incredible night of high standard schoolboy diving and swimming at the very top levels of performance with National and State champions giving their all for their respective schools recording several records in the process. In this regard, it is most appropriate for us to acknowledge the calibre and standard of our long term rivals in swimming, Knox Grammar School, with whom we once again engaged in a see-sawing battle for supremacy throughout the night.

In the field of non-contact sport you can only commit to training hard (very hard), preparing well and giving of your best, so that if and when the opportunity comes during any contest or competition you are in a position to turn the improbable into the possible. This is precisely what our coaches and swimmers did this year in recording their improbable, narrow victory, thereby securing a CAS record of our thirteenth successive individual Swimming Championships in a row.

At this morning’s Quad Assembly I acknowledged the wonderful work of our student leadership team and the incredible support of our swimmers and divers received from spectators in the Grandstand. To these comments I would also like to record my appreciation to all those parents and Old Boys who were likewise there to support this year’s team – your continuing encouragement over the years has been very much a part of “Team Trinity’s” string of victories.

BOYS HAVE A RIGHT TO BE HEARD

The following article I have included in the Head Master’s Bulletin each year for at least the past six years and I commend to you again the sentiments contained therein.

It is very frustrating for staff when boys have a problem that parents are aware of and the School is not informed. The notion that boys will adjust, develop and benefit as they learn to deal with difficulties unsupported by staff, is usually a wrong notion and is misguided. If a child is bullied and parents comfort him with the idea that things will improve if he ignores the bullies, disaster can follow for the victim, the poor behaviour of the bully can be reinforced and the bully may start to pick on other boys. Parents need to be the advocate for their sons and voice for him his need for help to the School.

If a boy feels that he has a grievance because he was not dealt with fairly at School by staff or by other boys, he has the right to be heard and parents should intervene on his behalf. The classroom teachers, Sportsmasters, MICS of the various sports, School Counsellors, Housemasters and Deputy Masters are available to help resolve problems for boys. For situations that might require adjudication or are of a more significant nature, the Masters of the Junior, Preparatory, Middle or Senior Schools as well as the Senior Master of the Summer Hill Campus can be contacted for help. The Head Master and I are also available to help resolve some of the more major problems that might beset boys at times. If in doubt as to whom to contact, get on the phone and talk to one of us, so that we can point you in the right direction.

Peter Green | Deputy Head Master
**PARENT-TEACHER INTERVIEWS**

Parent-Teacher interviews (and Parent-Housemaster interviews) are soon upon us, beginning with Year 12 and Year 11 towards the end of this current term. The dates are as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Date</th>
<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Year 7</td>
<td>Monday 16 May</td>
<td>(Online bookings go live Monday 2 May)</td>

<td>(Online bookings go live Wednesday 1 June)</td>
</tr>
<tr>
<td>Parent/Housemaster (Ar-La)</td>
<td>Tuesday 18 October</td>
<td>(Online bookings go live Tuesday 4 October)</td>
</tr>
<tr>
<td>Parent/Housemaster (Mu-Yo)</td>
<td>Wednesday 19 October</td>
<td>(Online bookings go live Tuesday 4 October)</td>
</tr>
</tbody>
</table>

Interviews must be booked on-line. On-line booking will be available for two weeks prior to each occasion. The link to the on-line booking process has been emailed to all parents, along with individual log-in details. The on-line booking link can also be found on the Trinity Community Website under Middle and Senior Schools. This booking system will be closed at midnight prior to the actual day of the interviews.

Please bring a print-out of your booked appointments with you to the interviews. Please also use this print-out to note strategies for your son's learning growth. In preparing for interviews, it would be helpful to discuss with your son his concerns and aspirations about his studies, and to share yours with him. Interviews will be more productive and satisfactory for you if you have discussed these matters and have ready particular questions or discussion points for the various teachers. It would also be desirable to bring your son's most recent School Report (where applicable) to the interviews. The most productive interviews usually occur when the parents are accompanied by their son, and I thus strongly recommend that he come with you.

Yes, it is true that the time slots available are short, and do not provide the opportunity for in-depth discussion of significant problems. Yes, it is true that scheduling sometimes goes awry, and parents can be inconvenienced, and that parents need to find their selection of teachers in a crowded hall. Nevertheless, the occasions remain very worthwhile, because even a short face to face meeting can achieve an understanding that a wealth of emails and even telephone calls really can't.

Teachers are always happy to talk to parents about any larger concerns requiring a longer interview, but please understand that parent-teacher interview evenings are not the appropriate occasion for matters requiring a longer time. Trinity teachers are encouraged to make contact with parents when there are important matters concerning any of the boys, and this takes place regularly. I hope that parents, too, always feel welcome to contact the School – usually the teacher concerned – when they have concerns. Many do, I am pleased to say. By so doing, teachers or parents draw attention to their concerns, which can then be discussed and dealt with. Of course, in a community such as ours, many potential problems are dealt with on the sideline during a sporting match, too, where relationships are frequently cemented. Significant problems – and few boys don’t have them from time to time – do require much more than the quick parent-teacher interview.

Interviews will be conducted in the Assembly Hall and surrounding venues between 4.00 pm and approximately 8.00 pm. These arrangements are intended to provide sufficient time for interviews, as well as flexibility for both parents and staff. Some teachers will not be available at 4:00 pm, due to other School commitments, but most will be. By 6:00 pm, all staff should be available. Teachers are being asked to arrange their own dinner break at some point during the four hour period; please be understanding about this.

I expect that, on each evening of Middle School interviews, the Master of the Middle School, Mr Barr, will be available; and on each evening of Senior School interviews, the Master of the Senior School, Dr De Lany, will be available. I and/or the Director of Curriculum, Mr Andrew Scott expect to also be available in the Curriculum Office. No appointment to see us is required.

Coffee and tea will be available in the Cafeteria during each evening. In addition, the Cafeteria itself will be open until 7:00 pm to provide a full meal service for those families wishing to have an evening meal or a snack at the School.

Boys are encouraged to attend the interviews. As a formal School occasion, he should be dressed in School uniform.

I hope that the forthcoming interviews prove valuable for you and that they will help continue to build the partnership between the School and you for the benefit of your son.

**Jason Cheers | Academic Dean**
MYSCHOOL MEDIA REPORTING

Data from the NAPLAN tests in May, 2015, became publicly available this week on the MySchool website. This data has been accessible to schools and individual families since August last year, with an overview of our School’s results appearing in the Bulletin on Friday 28th August last year. Whilst again acknowledging the continued outstanding academic standards being displayed by our boys in these tests, and the very significant growth achieved, it is also important to note the excellent work that has been undertaken since these results were released to target further growth opportunities to continue extending the learning gains for our boys.

It is disappointing that certain sections of the media still report on the MySchool website in ways that reduce the value of schooling to a single measure of NAPLAN test results. In relation to Trinity, unfortunate statements were used to compare the average of our boys’ Year 5 data with the data from a local primary school, without acknowledging that this school has a Year 5 intake of 60 new “gifted” students from the broader Sydney area as part of their Opportunity Class Programme. You would expect this school’s average results in Year 5 to shine with such a substantial “selective” intake.

Such one-dimensional views of school effectiveness, along with misleading comparisons, unfortunately create a melancholy view of current education reporting in the media. We are proud to be an open-entry, non-selective boys’ school. We seek to engage the Mind, Body and Spiritual development of all our boys, encouraging them to “…grow in wisdom and stature and in favour with God and man.” Our commitment to academic excellence, within this holistic educational framework, remains central to our core mission.

Jason Cheers | Academic Dean

NEWS FROM THE ARTHUR HOLT LIBRARY

Some displays and other things you’ll find around the library:

> Ancient Egypt - books for Year 7 History
> Documentary – books for Year 9 about current social and environmental issues
> Books: Bigger on the inside – books about Dr Who
> From Page to Screen – books that have been adapted as movies
> Books outside the Box – books doing weird and wonderful things
> Ongoing puzzle
> Communal colouring-in
> Ceramics display, courtesy of the Art Department.

There’s more than study happening in the library - come for a visit soon!

Tabatha Paterson | Teacher Librarian

TRINITY GRAMMAR SCHOOL SCHOOL PRAYER

Parents and friends are most welcome to come and pray for our boys and the School on Tuesdays, between 8.30am and 9.30am. The Prayer Mornings are run on a rotational basis, on alternate weeks, at the Preparatory School campus and the Summer Hill School campus.

Junior, Middle and Senior Schools Summer Hill – meet at reception in the Junior School Building, on even weeks of term (Weeks 2, 4, 6, 8).

Term 1: March 15, 29
Term 2: May 3, 17, 31, June 14
Term 3: July 26, August 9, 23, Sept 6
Term 4: Oct 18, Nov 1, 15, 29

Come and join us so we can encourage each other, help form a sense of community within the School, and genuinely bring the needs of the School community before our great God.

The 2016 Soloists’ Competition Finals Concert was, by general agreement, the finest yet seen at Trinity. The standard of performance was exceptionally high in every area: technique, repertoire choice, style and musicality. Some of the highlights of the evening included: young violinist Lucian Duggins (5La) confidently opening the concert with his father and sister accompanying on cello and viola respectively; newcomer Alex Zou’s (7Yo) mellow tone and superior musicianship revealed through Saint-Saëns’ Romance on the French Horn; Andrew Kim’s (10We) virtuosic performance of Giampieri’s variations on The Carnival of Venice and Michael Lin’s (8Fo) blitkrieg rendition of Prokofiev’s Diabolical Obsessions on the Steinway, which made more than one audience member jump.

The celebrated music educator Mrs Karen Carey spoke of her agony in making an “impossible choice” as Adjudicator, especially where the Senior Section was concerned— but it was a choice that she had to make. Winners this year included two who successfully defended their titles from last year: the Intermediate Section cellist Brendan Chew (7Ke), whose rich sound and compelling performance of Squires’ Tarantella belied the small size of his cello; and Trinity’s burgeoning flute star Brian Kim (11WH) in the Senior Section, who delivered a stunning, professional Il Pastore Suizzero by Morlacchi. There was also the angel-voiced novice treble Harry Driessen (8Yo), whose win in the Junior Section with his beautiful Caro mio ben seemed to surprise only Harry himself!

It was a superb concert that followed a week of tough heats. As Mr Pratt said, every boy who performed on Monday night was already a winner. We hope to continue to hear such exciting musical treats from all these musicians.

Holly Champion | Music Administration Assistant

The 2016 Soloists’ Competition Reviews

A PEARL OF AN EXCURSION!

The year 12 HSC Geography class conducted a fieldwork enquiry on a Hawkesbury River oyster farm last week. This excursion was designed to aid their study of the People and Economic Activity topic. To have a “farm to plate” experience, the students left Broken Bay Oysters and travelled to the Sydney Fish Markets to look at how providence and “merroir” affect the market value of the oyster crop.

The HSC Geographers have been investigating the global economic activity of aquaculture. The particular focus of this unit is on how human activity can be affected by the biophysical, social and economic environments. This is a great example of how a multidisciplinary subject such as Geography can support learning from other courses including Economics and Biology.

Aquaculture is a fascinating topic as it allows an understanding of the unsustainable nature of global fisheries. This year the Australian oyster industry has been badly affected by the P.O.M.S. virus which may yet wipe out entire oyster farming communities in Tasmania and South Australia. The complex causes of this disease readily exemplify why the spatial and ecological awareness developed in Geography is applicable to a wide variety of occupations.

David Latimer | Head of Geography

The 2016 Soloists’ Competition Finalists

2016 Soloists’ Competition Winners Brian Kim (11WH), Harry Driessen (8Yo) and Brendan Chew (7Ke) with Mrs Carey

2016 Soloists’ Competition Finalists
CURRENT EXHIBITIONS

Stop by Delmar Gallery over the next week and enjoy two brilliant exhibitions! “Miao Textiles” and “Gunungan” by Bagus ‘Gonk’ Prabowo were opened last Saturday by the Mayor of Ashfield, Councillor Lucille McKenna. They will remain on display until Sunday 20 March. The gallery is open Wednesday through to Sunday from 12-5pm.

Yogyakarta artist Bagus ‘Gonk’ Prabowo is currently international artist-in-residence at Ashfield Council’s Thirning Villa. He will be in Sydney for three months, and as part of his residency we invited him to present an exhibition of his batik work, soft sculpture and installation centred on the theme of “Gunungan”. In Javanese tradition, Gunungan symbolises peaceful living, guided by sharing, contemplation and appreciation.

During the exhibition, Bagus will be running a workshop with Years 1 & 2 Trinity students. And on the last day of the exhibition (20 March), you can see a performance version of “Gunungan” at Ashfield Council’s Carnival of Cultures, in which Bagus is participating. He will also be holding FREE batik workshops every Saturday from 9am – 1pm at Thirning Villa, until 23 April. Works in the exhibition are for sale.

“Miao Textiles” is a small focus exhibition featuring the exquisite silk embroidery of the Miao People of southern China. The pieces on exhibition are primarily panels from traditional costumes – festival jackets, baby carriers, back aprons and embellishments. The textiles are sourced from a private collector in Sydney.

Images: 1. At the exhibition opening: Peter Green, Deputy Head Master; Councillor Lucille McKenna, Mayor of Ashfield; artist Bagus ‘Gonk’ Prabowo and his partner, Yohana Roharjo; Catherine Benz, Curator, Delmar Gallery and Convenor, Society of the Arts 2. Anthia Hart, Arts and Cultural Development, Ashfield Council with Bagus ‘Gonk’ Prabowo 3. Efendi Jaenudin performing beautiful Indonesian traditional music during the opening 4. Gallery visitors participating in Bagus’s art exchange!

NEXT CONCERT | VERONIQUE SERRET & BREE VAN REYK Violin & Vibes

Tuesday 15 March, 7.30pm, Delmar Gallery

“Serret’s playing is flawless” - Time Out Sydney. “Astoundingly impressive” - Limelight.

Two phenomenally creative and multi-talented musicians come together in a new duo project you simply can’t afford to miss!

Violinist Véronique Serret and percussionist Bree van Reyk discovered they shared very catholic musical interests while playing together in outfits as diverse as CODA, Australian Chamber Orchestra and Sarah Blasko’s band.

With little existing repertoire to draw on for vibraphone and violin, van Reyk and Serret have risen to the challenge and for Tuesday’s concert will present a highly original, wide-ranging program: think re-imagined Bach inventions meet Appalachian-influenced folk songs, Finnish reels, deep Congolese grooves and add in newly commissioned Australian works plus self-styled improvisation, for a wild musical ride!

Serret is currently Concertmaster with the Darwin Symphony Orchestra. Her 2016 international engagements include tours with Sydney Dance Company and Joanna Newsom’s band.

Van Reyk is a core member of Ensemble Offspring and Synergy. 2016 will see van Reyk appear at MOFO and Sydney Festival, tour with the ACO and compose a soundscape for the Venice Architecture Biennale.

Tickets from $20, free for Trinity students and Society of the Arts members.

Book online at trybooking.com/JZDT

Concert duration: approx. 60 minutes (no interval) Light refreshments will be provided after the concert Doors open 7.20pm. Unreserved seating.
**CAS 1 DAY vs BARKER**

Trinity entered the final round of CAS fixtures with high hopes against an always strong Barker College. We had a number of teams in positions to challenge for premierships, and others playing for pride, so the stakes were high.

**1ST XI**

The last game of the season proved to be a highlight for the team, especially winning at home.

Bowling first on a good batting track was a tough assignment for the boys as Barker started by posting 1-70 early on.

However, with the introduction of the spin twins, Anuj Aloysius (12Sc) 3-20 and Mark Dedes (11St) 3-42, we managed to swing the momentum back in our favour.

We witnessed a very swift, miserly and effective 20 over spell from the two boys. They bowled with precision and purpose. They dried up the runs with dot balls, then the wickets followed.

They were ably supported by Liam Scott (10We) 3-16 who once again proved he is a wicket-taker. Restricting Barker to 159 was a great effort.

Our run chase had its moments. At times we were on top, but with the loss of a wicket or two, the balance shifted. Austin Waugh (11St) 36 and Tane Edmed (10Fo) 33 batted well in partnership. They played some elegant shots and set up a platform. However, the highlight of the innings was Anuj Aloysius who came in and played his natural game. Only he could describe accurately what his natural game entails. It was a pleasure to watch. He hit the boundary several times, placed the ball perfectly and hit it with power. He scored a superb 49 runs see us reach our total with a handful of overs to spare. It was a shame he missed out on the fifty, but again, it is best he if tells you why!

Congratulations, boys, on a good season. It was a very tight competition and we showed that we were a team that could challenge.

Andrew Yarad | 1st XI Coach

**2ND XI**

Trinity entered the match against Barker with the hope of victory earning them a joint premiership. Batting first at Barker Oval, Nicholas Bishop (12Hi) got the team off to a solid start and scored a composed 39 runs. Unfortunately, there were not many others who were able to contribute meaningful scores and Trinity was bowled out for 127. This was always going to be a total that was tough to defend and Barker chased down the total with 8 overs to spare. Patrick Barlow (12Ar) picked up 3 wickets to continue his good season with the ball in hand.

10A

Trinity batted first and set a total of 7-103 off their allotted overs. The side never really got going and lost wickets at crucial moments. Tim Ledden (10Yo) provided some resistance with a score of 32. Barker were able to chase down the total with minimum fuss, but it was pleasing to Finn Ritchie (10Ke) pick up another 3 wickets with his off-spinners.

**9A**

Trinity began the day brightly by dismissing the previously undefeated and highly fancied Barker side for a total of 93 runs. Angus McDonald (9Sc) had the ball on a string and picked up the figures of 3-4 off 5 overs. His form in the back half of the season has been outstanding. He was well supported by Jordan Gupta (9WJ) who picked up 2 wickets. Trinity’s run chase was a stop-start affair, with Barker’s bowling unit applying constant pressure to our batsmen. Kenneth Chu (9Mu) played with determination to score 28 runs. Unfortunately, the boys fell just short in the chase and were dismissed with only 5 runs. I would like to commend the way the 9A side conducted themselves in the face of some less than desirable behaviour from the opposing the team. They were a credit to themselves and their families.

**8A**

Playing for a premiership is always a challenging and nerve wracking task. The 8A side has been dominant for most of the season, despite a slip -up against Knox. Barker batted first and Trinity did well to restrict them to a total of 7-117. William Barlow (8Ar) was superb with the ball. He picked up 2 wickets and was very economical. The run chase got off to a slow start with Trinity, our batsmen finding the going tough. The score sat at 30 after 16 overs, meaning that the boys needed nearly 90 from the remaining 16 overs. The batsmen were able to pick up the pace but in the end it was a bridge too far. Sanjay Anadarajah (8Du) was left with the task of hitting a 6 off the final ball to win the match. While this may look easy on TV, I can assure you it is not! Sanjay managed to hit the ball over the infield but not quite hard enough to clear the rope and the side fell just short.

**7A**

Trinity batted first on a dicey wicket at St Leo’s which had a very long outfield. They only managed to score 53 runs, a score which was probably 30 runs below par. Barker chased the score for the loss of only 4 wickets.

**1ST XI vs OTU**

The annual 1st XI vs the OTU fixture took place last week on TGS 1. Batting first, the OTU posted a very competitive total of 8-184 off their 25 overs. Tom Doyle (14/12Ta) played classy innings of 33, Dave Horton (11/12WH) hit a brutal 28, including one massive 6 onto the music block, and Andrew Yarad (92/12St) showed the boys how it is done by scoring 39 off only 29 balls. Incidentally, Mr Yarad scored these runs after being hit in the arm from a Josh Weston (12He) bouncer, finding out later that the arm was broken! A great example of mind over matter! The 1st XI run chase began well with Julian Dimas (12Ta) dispatching the ball to all parts of TGS 1. He scored 86 runs off only 64 balls but lacked support from his team-mates and the side fell 13 runs short of the total. Matthew Dedes (13/12St) was the pick of the bowlers and picked up 3 wickets, including the prize scalp of his brother, Mark, which will no doubt give him bragging rights at the dinner table!

CAS ROUND 10 vs BARKER

1ST V
THE FIRSTS CAPTURE THE CAS PREMIERSHIP WITH AN EMPHATIC VICTORY

Trinity saved their best performance of the season for the most important game of that season in front of a packed crowd in the Trinity Sports Centre, as the Greens completely outplayed Barker to capture the CAS Premiership and the A.V. Smith Shield with an inspiring sixteen-point victory.

It was all Trinity from the opening tip, with their defensive system in full flight causing Barker all sorts of problems, to take an early 12-2 lead. Jake Kerry (11Ho) played his best game in a Trinity jersey starting in style with a big ‘3’ before a barrage of triples from Sebastian Diaz (10Ta), who took his opportunity with both hands stepping in for injured Jayden Tanevski (12La) dropping in nine points for the first period and 16 points for the half. Heading into the second quarter with a six point buffer, Trinity put the foot down and with the experience and leadership of Jarryd Fernandes (12La) and Riley Smith (12Ke), who dominated their opposites with relentless efforts defensively and on the boards, as they combined for 23 points in the opening half. Tom Mackenzie (11WJ) once again provided the important back-up off the bench with some crucial plays in the paint to see the Greens in total control at the main break, leading by twenty-two points (52-30).

The all-important third period saw Jed Keogh’s (11Ar) good first half work continue with crucial drives to the rim and relentless efforts on defence, in particular his rebounding; then from beyond the arc it was Jake Kerry’s turn to bombard the Barker defence with a pair of big three point baskets, ending any last-ditch comeback. The final period was celebration time for Trinity with John Bechara (12Mu) getting in on the action with some strong play and a crowd-pleasing basket, while Sebastian Diaz’s exhilarating performance at both ends continued making play after play. It was a fitting end for this committed Trinity team who embraced their peers mid-court after the final whistle and held the A.V. Smith Shield high above their heads to raucous applause in an impressive 94-78 victory.

2ND V
THE SECONDS JUST FALL SHORT IN AN HEARTBREAKING LOSS.

For the second straight season it all came down to the last game and unfortunately Trinity just couldn’t hang on in those final minutes when it mattered. The Greens did everything right for the most part, with two big ‘3’s’ from James Spanos (12Ho) and Ollie Davis (11Ke) early to see Trinity ahead on the scoreboard. Twin towers Liam Rasch (12WJ) and Andrew Jamieson-Grigg (11Ho) made it very hard for Barker to find an easy basket and smothering team defence allowed Trinity to head to the half-time break with a six-point lead (18-12).

The second half Trinity continued to frustrate Barker with Josh Di Giannantonio (12Ho) making some tough shots and heading...
into the final five minutes it looked as though it would be the boys from Summer Hill’s day. But Barker were still lurking with one last run in them which saw Trinity cough up the ball at crucial times to allow their Hornsby rivals take a one point lead with 1.36 minutes left on the clock. Trinity showed plenty of character to take the lead again, before another poor decision gave Barker the advantage again. Even in the final seconds the Greens had a couple of desperation shots, only to see their Premiership claims disappear once again (35-39).

7TH V

This week was Michael Ellis’ (11Ta) turn to shine. Tenacious in defence, he blockaded many opposition attempts and gained rebound after rebound. Surrounded by the capable ‘bigs’ of Avery Freeman (11He), Thomas Stavropoulos (11He) and Nikolas Acosta (11Sc), Trinity presented an efficient and organized system of play. The attack accelerated towards the end of the game, with Carl Wingti (11Sc) and Aruren Ravichandran (11Ho) driving towards the basket like ‘Mack’ trucks at speed to help the 7ths to an inspiring two point win.

YEAR 10D

Playing for a premiership, the boys in Green fell behind early in the match and struggled to impact the scoreboard. The second half was a different story for Trinity, with Riley Welfare (St) dominating against his opponent and showing plenty of heart to play long minutes. He was well-supported by the leadership of team captain Marcus Buvac (WJ). Things were tight in the end, with Barker hitting a few clutch 3 pointers, but Andrew Kim (We) controlled the ball and maintained the lead with calm free throw shooting to secure an undefeated season for the mighty 10D.

YEAR 10E/F

The 10Es and Fs came to the Hornsby Brick Pit intent on finishing their season undefeated and they did so emphatically. Opening up with a ‘full-court’ press they quickly turned over many of Barker’s possessions and took the ball hard to the basket. Barker attempted to slow the pace of the game (Andante) but Trinity kept their play up-tempo (Prestissimo).

For the 10Fs Dylan Lin (Du) and Jordan Chen (We) orchestrated some great flourishes around the basket for their best games of the season, while Tallis Coman (Yo) was intimidating, dominating the boards at both ends. In the 10Es Benny Ouyang (Ke) dominated the rebounding while Monty Guo (Ke) and Nicholas Pizanias (He) directed the team around the court. Joshua Ward (Sc) and Joshua Roberts (We) showed excellent touch, scoring half the team’s points.

YEAR 10G

Ultimately, the reason for the 10Gs win was due to their ‘never give up’ attitude. Again, they trailed in the closing minutes of the game however due to determination managed to lead by 3 points with 30 seconds left on the clock. Well done to Ethan Athos (Sc) and Rishi Ramraka (La) for their dominant on court presence and also to Joe Basta (Ar) who entered the game in the closing stages and secured the game with some game winning baskets.

YEAR 10H

The 10Hs had a convincing win, but it took some time for the lads to find their form and early on missed a number of layup opportunities. Nicholas Perera (La) and Suleyman Djemil
(We) made their presence known on the court with some good defensive plays. Congratulations to Marcus Mircevski (St), who top scored this week by using his height to his advantage.

YEAR 8A

Trinity came into this match with a win required to complete an undefeated season. The boys got off to a reasonably slow start due to some defensive lapses and a touch of complacency throughout the first half. After a half time chat the boys came out and showed why they are undefeated and really cranked up the defensive pressure which ended with easy points. Luke Nichol (He) responded when challenged on the defensive end and caused a lot of issues for Barker. Joel Passerini (Hi) contributed on the offensive end and really shot the ball well throughout the game. The boys finished the season with a strong win and deserved undefeated Premiership.

YEAR 8B

The Bs fielded their strongest team for the first time since round six and were dominant, keeping Barker to just one point at the main break. Zac Balzan (Ta) carried some hot shooting from the warm ups into the game, while Adam Kasanczuk (WH) also shot the ball extremely well and for the third straight week played with great confidence. Zac Zuccotto (Ar) made the most of his opportunities finishing off Trinity’s running game with tough shots resulting in a solid victory for the Greens.

YEAR 8C

Seeking to finish the season off with a win in the new Centenary Gym, Trinity came out of the blocks firing with several fast-break points from Ethan Su (He) which led to a 15 point lead at the half. Intense defence from Derek Qu (Du) and Christopher Stelzer (St) rounded out the 23-point victory.

YEAR 8D

Trinity looked to secure their premiership with a win over a much-improved Barker side. Relentless hustle from James Wang (WJ) and Jason Rudd (WH) proved the deciding factor in the tight 4-point win, a fitting end to a great season.

YEAR 7A

The 7As were undefeated coming into the final game, Coach Carfin was concerned after a below par week of practice. But he shouldn’t have been, as Trinity played their best game of the season, winning by 42 points. Great team defence led by Deonte Williams (Yo). Thomas Buvac (WJ) and Alistair Roseworn (WJ) set the platform, while Bertie Alcock’s (WJ) and Jack Casimir’s (WH) physical play around the basket set the tone.

YEAR 7E

The 7Es played an outstanding game to top off an already outstanding season. Each team member was a valuable asset to the team and played to the best of his abilities. Daniel Bellerro (He) played incredibly well, scoring 8 points in total and grabbing numerous rebounds and steals. James Kern (WJ) was pivotal in ball movement and defending, while William Orr (Fo) locked down the key and gained several crucial rebounds. All the boys should be commended as this win means that the 7Es are the undefeated for the season and are unofficial CAS Premiers.

YEAR 7C

In an extremely tight contest, Trinity was able to come away victorious by the barest of margins, one point! Special mention must go to Olly White (Fo) whose multiple steals at crucial stages of the game gave way to fast break points. Aidan Murphy (Du) also played a vital role with his tenacity under the basket, which allowed numerous second chance shots for the Greens.

YEAR 7F

In a tight contest, Trinity maintained calm under pressure to secure a much-deserved win by 2 points in the final moments of the match. Christopher Esposito (Ke) played a strong game, securing rebounds and numerous points. Dean Rasool (WH) also had a standout game, scoring the last points that pushed Trinity above Barker on the scoreboard to win the game.

YEAR 7G

A great team effort saw the 7Gs obtain a much-deserved win. As in past games this season, inaccurate shooting let us down, initially. As the game progressed, however, we got better, moving the ball well around the court, while shooting greatly improved. All the boys contributed to the 11-point victory with Joshua Butler (St), Jon-Luc Shalala (Sc) and Jack Gonzi (Yo) playing vital roles in attack and defence.

YEAR 7H

The 7Hs were involved in a low scoring match, which could have gone either way. To all their credit, the boys defended well when it mattered and held on to a two point win. Kurt Leeson (La), Matthew McAuley (He) and Jonathan Foud (WJ) fought for every ball, while James Pau (Ta) again top scored with 6 points.

Ben Morrissey | MIC Basketball

</table>
The CAS Summer tennis competition came to a conclusion last weekend with the final fixture being contested against Barker College. It was indeed a very tough fixture against a strong tennis school and this was reflected in the overall win loss ratio. There were, however, many positives including the 7As narrow victory which saw them undefeated Premiers on conclusion of the 10 rounds. Other winning teams last weekend included the 1st IV, 5th IV and the 7D team. Teams that were competitive and lost narrowly (on games) included the 3rd IV, the 6ths and the 9D teams.

The 1st IV must be commended on a gutsy victory against a Barker outfit that came to win and left nothing on the court. Our boys played one of their best matches of the season, holding their nerve in the come-from-behind triumph. Mathew Nedanovski (9Fo) must be commended for his crucial Singles win in which he displayed a determination and fighting spirit which allowed him to come from behind and close out the match. On the adjacent court James McCabe (8St) did exactly the same thing against a vocal and intimidating opponent. James held his composure and let his racket do the talking in the tight 6-4 win. Replacement Joshua Olpindo (11Ar) once again proved an invaluable cog in the machinery, contributing admirably, especially in the Doubles component of the fixture. Dario Kmet (9Ke) was simply too strong in the final singles of the day, beating his less able opponent to the tune of 6-1.

This win topped off an excellent season for the 1st IV who finished as runners up in the competition being pipped to the post by Knox College who ended up with the Premiership by a meagre 3.5 points. I must commend our young team who have surpassed my expectations this season. 9 wins and 1 loss over the course of the season was exceptional especially in light of other mitigating factors such as injury and the loss of senior stalwart James Ibrahim. Well done, lads!

Many congratulations must be extended to Peter Marcos (10Fo) and Annan Lertsumitkul (10La) for displaying the greatest improvements. Due to a lot of injuries and sickness throughout the season the boys were juggling around a lot in rankings but still managed to perform to the best of their ability. Athan Koutsogiannis (10Yo) and Wesley Shields (10Mu) played fantastic tennis in the C’s always trying and fighting to win. Nathan Bull (10Du), Anson Man (10Mu), Hayden Bathurst (10Sc) and Aran Kathir (10Wh) being the regular D team always showed great passion for the game and should be proud of their efforts. Well done to Leon Liang (10La) who moved up from colours on a regular basis to help the team out.

Danielle Cavi | 10Cs and 10Ds Coach

9As AND 9Bs

The Summer Tennis Competition has come to a close with some ups and downs for the 9A/B teams. Having said that, it is with real pride that I write this last report to congratulate the ONLY undefeated team in this competition – The formidable 9As. Congratulations and well done. These are the 9As players: Edward Lai (9St), Thomas Spratt (9Mu), Alexander Valiozis (9Yo), Jason Wu (9Ho) and Justin Sleiman (9Ta).

9BS

The 9B players should still hold their heads high after their loss against Barker, as despite only winning 2 singles sets, they fought hard with every ball, point and game. This is reflected in their high and winning games scores of 28:26, but unfortunately a loss in sets of 2:4. The 9Bs players are: Jonathan Karagiannis (9Hi), Gregory Aravanis (9We), Nicholas Field (9Wh) and Lachlan Sleiman (9Ta).

9Cs AND 9Ds

The 9Cs were a formidable squad throughout the whole season. They finished the year strongly with a win against Barker, which was indicative of their form all year. Despite the continual changes within the team due to students having to leave to go to camp, the 9Cs still managed to win all but one of their fixtures. This proved that they had the depth and the ability to step up in No.1 and 2 positions when called upon. The higher positioned players such as Nicholas Field (9Ta), Quentin Dai (9Du), and Henry Mayer (9Sc) did a remarkable job in the Cs and when called upon by the Bs. However, it was the more familiar faces of Sohum Salgaonkar (9Ar) and the best and fairest of the team, Archie Brockhouse (9Ho), who kept a steady ship and won regardless of positions or doubles partners. Despite their brilliant individual talents, the impressive record containing only one loss goes down to their teamwork and hard work throughout training.

The 9Ds went into this fixture with form just as strong as the 9Cs having only lost one fixture prior to this. With the first round fixture against Barker being washed out, it was hard to tell what the boys were in for. The continual changes within the squad saw more new faces and new combinations for the 9Ds. However, one face that wasn’t new was the best and fairest, Nick Shepperd (9Ke). He proved his worth for this award, leading his doubles pairing with Richard Lee (9Hi) to a strong win. Having lost our second doubles, Kenneth Ong (9St) went into his singles with the scores locked. He was able to pull through and get a win in a very tight match. Being unsuccessful in our other two singles matches, it was on Nick to tie the scores at 3-3. With a convincing win, the fixture ended at 3-3, however Barker just got the better of us by one game.

Likewise the 2nd IV capped off a successful season with a narrow loss to Barker, who remained undefeated throughout the competition. The Trinity team fought hard and had their chances to defeat a very capable side. It has been a joy to coach these boys every week and I acknowledge their great team bond which goes down to their teamwork and hard work throughout training.

Jeremy Dykgraaff | MIC Tennis

10Cs AND 10Ds

The Summer tennis competition was tough but enjoyable; the year 10 C and 10 D tennis team were thrown a lot of challenges, but the boys worked together and did their best each and every week. Despite the 22% win rate for the season I was proud of the boys’ efforts and great sportsmanship. Of equal importance was the significant improvement that was shown in the last five months from all members of the squad.
These two teams should be credited very highly. They worked hard all year and never complained throughout team changes or any adversity. It was a pleasure to coach these fine young men, a squad I will always remember.

Brendon Bechara | 9Cs and 9Ds Coach

8As AND 8Bs

It was always going to be a tough task playing Barker College away from home, but with the added stress of missing David Kim (8WH) due to his State Swimming commitments, the task of overcoming this hurdle was proven too much for the 8As and Bs. In the As, Barker were too strong on the day, recording a 5 sets to 1 win as the boys struggled to close late in their singles sets. Stepping up to the As for the first time this season, Harrison Waters (8We) paired up with Daniel Skarzynski (8We) however this newly formed doubles combination was caught out early as their opponents snatched the set 6-1. Andrew Peng (8He) and Tom Jin (8Yo) provided the highlight of the day as they recorded a comfortable 6-1 win to level the scores, displaying aggressive doubles play that saw great applause from all spectators. Requiring two singles set for a victory, the 8As were unable to clinch victory as Andrew, Tom and Daniel all lost close sets 6-4, 6-4 and 7-6 respectively.

In the 8Bs, a similar trend was noted as Barker completely outplayed Trinity in both singles and doubles. The team consisting of Toby Brookhouse (8Ho), Scott Lee (8St), Alexander Mallis (8Sc) and Selwyn Chang (8Ta) were able to step up their game and should be commended on their efforts, but the Barker boys were just far too strong in most facets of the game. Making his Bs’ debut, Selwyn Chang played well after dropping serve early in the set. As the nerves began to settle, Selwyn was able to break back with his reliable backhand though some untimely errors cost his the set 6-3. Special mention must also go to Scott for once again providing an entertaining match for all present as he narrowly lost 7-5.

At the conclusion of the Summer Season the 8As were able to record a 60% winning percentage, a great effort seeing as the team really struggled to fire out the blocks in the earlier rounds before the new year. Strong performances in the new calendar year shows that the team in constantly improving in aspects on and off the tennis court. All the boys in both the 8As and Bs should be commended on finishing the season on such a high note.

Joseph Fung | 8As and 8Bs Coach

7As

In the last game of the season it was the 7As’ final attempt to turn around the season. Lachlan Dock (7Ta) kicked off proceedings with his singles match, but unfortunately went down 0-6 to a strong Barker Number 2. He then teamed up with Deon Kontonis (7Fo) in the doubles but they too went down 1-6. Justin Yang (7Wh) and Liam Ling (7La) played in the top doubles pairing and went down 1-6 to a very good Barker combination. Playing Number 3 for the first week Deon Kontonis fared much better in his singles match, at one stage being 4 all before eventually succumbing 4-6 in a match that could have gone either way. Justin Yang has been courageous all season playing at Number 1 coming up against the best Year 7’s from the other CAS schools. Again, he fought hard but went down 1-6 to a very good opponent. Liam Ling’s singles ended in the same scoreline 1-6.

7Bs

Ben Prsa (7La) and Nathan Xie (7St) combined this week and did so very well at one stage being neck and neck with their opponents before going down 3-6. In the other doubles match Cameron Ong (7St) and Elias Chahine (7Ke) fought hard but went down 2-6. No sets were won in the singles with Cameron, Nathan and Elias all going down 2-6.

Although it was a tough season results wise, the hope is that the boys do not lose the faith as there is some genuine talent amongst this group. With hard work both within and outside of the Trinity tennis programme and a comparable amount of time on court compared to their opponents, improvements will come. I look forward to seeing that happen.

Chris Knight | 7As and 7Bs Coach

7Cs AND 7Ds

Only having played half the Summer season, the Years 7C and D Teams didn’t know what to expect coming into the School. From day one the Year 7s showed a lot of fight and determination to play their best and win. A very strong performance was shown week in and week out in Saturday fixtures as well as training. The willingness to learn and grow as tennis players was shown through their commitment - each boy played with real pride and they should all be commended.

The 7 Cs came away with a 40% win rate against some tough competition. Leading the pack was solid C1 Richard Collins (7Mu) followed by Harry Protopsaltis (7Yo), Tony Georges (7We) and Max Guo (7Ar). Each one of these boys should be proud of his efforts as each has grown into a fine tennis player over the short course of this season.

The 7 Ds played some amazing tennis, winning 70% of their matches and making Trinity very proud of their achievements. The rising stars for the D team included Jim Gong (7Ar), Paul Audi (7Ar), Luka Saxena (7He) and Christopher Chin (7Hi). All the boys should be proud of their efforts.

Danielle Calvi | 7Cs and 7Ds Coach

1ST VI

This was our last game for the season and both teams were placed close together on the table. We knew we had to start strongly and play as a team in order to come out with a victory. Both schools were locked 5-5 at the end of the 1st quarter. The defence was not at its best, allowing Barker to stay in touch with a high rate of exclusions even though we looked the better team. After addressing this matter at the end of the 1st quarter, the team jumped to a 2 goal difference to lead 7-4 at half time. Both teams continued to exchange goals and Barker drew even. During the 3rd quarter a key player from Barker was excluded with three majors, allowing some breathing space, enabling the 1st VI to take run away with the game to finish with a victory for the season. Congratulations to goal scorers: Chris Armeni (13Hi), Sam Yip (10La), Lochlain Ryan (12We), James Artemi (11Hi), Brayden Gossling (11Ar), Keegan Street (12WJ) and John Dunn (11La).

2ND VI

Trinity dominated this game from the start. Playing very hard defence saw five major fouls before halftime with receiving three of them and another four before full time. Noah Thomas (12He) and Matthew Moon (11We) both scored four goals and captain Dimitri Kouotoulos (12WH) one. The highlight of the game was when the Trinity goalkeeper for the last two seasons, Ryan Paget (12Mu) took off the red cap for the last quarter. Throughout the whole quarter the players were unselfish, trying to set Ryan up for a goals. Ryan scored the team’s last goal with less than a minute on the clock.

16As

The 16As dominated this game from the very beginning. The team fought hard to turn over possession in defence, allowing the team’s sharp shooters plenty of ball to secure goals. With all players keen to attack, there was a large spread of players registering goals. The team was not troubled by Barker during this game and finished with one of their best results of the season with a score line 19-5. Congratulations to goal scorers: Jacob Gadiel (10Mu), Charlie Griffith (10Yo), Ethan Hanksford (10He), Tyeson Street (10WJ), Nathan Nakhle (10Ke) and Haydon Johnson (10Ke). It was unfortunate that it came to only 1 point separating this team from Knox in grabbing the CAS Premierships title.

16Bs

The team struggled to field a team this game, but with Owen Duke (9La) jumping in to fill a starting team, the boys were not deterred by having no substitutes. They started strongly and with some fine shooting from Ben Hutchinson (9Ar), the team found themselves with a handy 5-2 lead at end of the 1st quarter. Tired players were rotated to goalkeeping, which enabled the team to continue to press hard and with shots finding the back of the net, the team raced away with the game, winning 18-8. Congratulations to goal scorers: Ben Hutchinson (9Ar), Sam Boffa (9Yo), Ethan Thomas (10He) and William Raptis (10Ta).

15s

The 15s started the game with three fast goals and established a quick lead to 4-0 after the first quarter. With a few long distance goals from Ryan Hansen (9We) and two fast counter attack goals by Alexander Leckie (9Ho), the boys finished the first half, 7-2 in front. The second half of the game was tougher, but the boys fought with all their strength and managed to secure a nice victory.

13 GREEN

The game on the weekend was the boys’ last game of the season, and despite going down 9-7 in a very competitive game against Knox (who are undefeated in the age group), it was definitely their best performance. The last quarter in particular was impressive, with the team’s strong defence (much improved on previous weeks) limiting Knox to just one goal. The attacking positions the boys managed to get themselves into must also be commended, as they managed to get into strong goal scoring opportunities 6 times in the last quarter, yet unfortunately only capitalised on two of them. Special mention goes to Euan Germanos (7He) and Andy Lee (7Fo) for a combined 5 goals, and I look forward to seeing the boys continue to improve over future Water Polo seasons.

13 WHITE

The 13 Whites were out to perform against Knox on Saturday, a tough and close contest led to a 4/8 loss. Goals came from David Gabriel (7Hi), Michael Wierum (7He), Dylan Wang (7La) and Josh Muir (7He). As a team, the boys played exceptionally well, working together and sticking to the game plan. It was fantastic to see improvements as the weeks progressed, proving that as the team gains confidence, we will be a tough team to beat. With a great improvements all round (especially in the 2nd half of the match) to their marking up in defence, the boys generated frequent turnovers and capitalized on stronger counter attacks. A strong goalkeeper from Knox and several penalties meant that many goals did not come into fruition. An excellent final game to a promising first season for our 13s.

Volleyball

TRINITY DEFEATED BARKER 3-0 (25-21, 25-21, 25-19)

This weekend marked the final round of the CAS summer season, the 1st VI were ready to take the court away at Barker. Trinity began the set strongly with consistent setting and serving and took out the set 25-21. The second set saw Barker gain momentum and take the lead but in true Trinity fashion, came back strongly to also take the second set 25-21. In what ended up being the final set of the game, Barker were not done fighting, so Trinity was forced to lift their game in order to claim the final set with good form on defence and attack. Mention this week must go to the setter Ben Wheen (11Fo) and the middles Matt Rorie (11Fo) and Michael Amin (12WH) for really giving Trinity the competitive edge through the middle attack and with their high blocking. The defence played well with passes going to their mark led by Jared Attia (12Yo), who lifted his game to give a strong back line. Final mentions must go to Jared Phillis (12Mu) as he played strongly with powerful hitting to dominate at the net and Will O’Brien (12WJ) for a very successful final season in the 1sts. Lastly to the vice-captain Angus Webster (12WJ) for his support throughout the season and his consistent play and powerful spiking and our coach Mr. Simos for all of his wisdom and experience during the tough moments both on and off the court.

Lewis Jupp (12WH) | 1st VI Captain

TRINITY DEFEATED BARKER 2-1 (25-19, 13-25, 15-11)

It was the final match of the 2016 summer season and Barker were out to win a joint premiership. The first set started strongly with Trinity serving and receiving consistently. In the second set, Barker totally dominated in the front court and served very aggressively. It all came down to the 3rd and final set. Would Barker win a joint premiership with us or would we win outright? Our coach, Jonathan Webster, had a good talk to us before the set began and told us to go for it hard and never give up! His words of wisdom worked, as we managed to win the tie-break set 15-11 to secure the outright premiership. I would like to thank all my teammates and especially our great coach, Jonathan Webster on a fantastic season.

James Watson (12We) | 2nd VI Captain

TRINITY LOST TO BARKER 2-1 (25-11, 21-25, 15-13)

This week the 3rds went up in our final match of the season against Barker, who provided very strong opposition. This caused, unfortunately, our first loss of the season. Barker began the game strongly with many quickly unmatched points, leading to a loss of 11-25. Then the second set began and the team really fought back well and thanks to a great series of serves by Benjamin Davies (11WJ) we were able to take out the set 25-21. The third and final set then began and both teams were playing strongly. Barker, however, managed to produce a number of great hits that won them the set 13-15 giving an overall score of 1-2. This secured a joint premiership with Barker. I would like to thank my teammates for a great season and especially thank Dr Thanopoulos for being such a patient and knowledgeable coach.

Isaac Barden (12Yo) | 3rd VI Captain

Our Goals for this Season!

What a strange lot we mortals are, usually! We take so much for granted as we go about our daily business, often failing to realise how much of that daily existence is supported by others! So it is here at Trinity. During the various sporting seasons the grounds are appropriately maintained in excellent condition and we play upon them with nary a thought as to how or why they are so! These thoughts were contingent upon my watching the Maintenance men erecting the goal posts on Number One Oval last Wednesday in preparation for the Rugby Season. To everyone else, probably, the posts just appeared overnight, or even between Quad assembly and morning break, but no, they were the result of the dedicated work of our ground staff, to whom we offer our thanks and appreciation of their reliable service!

Ron Ogier
RUGBY

As parents we appreciate the significance of encouraging our sons’ big dreams and the necessary sacrificial counter-balance of having to invest pragmatically in those dreams. Our challenge is to encourage them to persevere despite the disappointments arising from not making the cut and missing out on selection. Many of us have anecdotal evidence of individuals who, despite having only minimal talent, rose above numerous disappointments and set-backs through their effort and resilience. Our collective wisdom tells us that these are the lessons that are the making of the man.

‘Life is unfair’ is a statement President John F. Kennedy will be remembered for making in an address at a press conference in 1962. Professor Michael Carr-Gregg expressed a similar sentiment in a presentation to parents at a fellow CAS school a number of years ago, when he said that children should be aware that there is no rule that states life is fair. Disappointment is an inevitable experience in our boys’ educational and life journeys, and although as teachers and parents we instinctively want to protect them from pain, this is where we do recognise ‘However’ as a counter to that protective drive.

In summary, in the words of Albert Einstein: ‘Adversity introduces a man to himself.’

FROM THE FIELD

Mr White reports that the season has started well. Mr Jack Farrer, the newly appointed Assistant Director of Coaching, previously the Director of Rugby at Sydney University, has been collaborating with coaches during the pre-season training sessions in preparation for the Trial games. All boys, regardless of their level of ability at this stage of the season, benefit from their exposure to coaches across the grades while participating in a variety of skills and drills during pre-season preparation.

Another feature of the training programme, is that once the season commences, teams train together (As/Bs; Cs/Ds), allowing boys who have aspirations for higher representation to apply themselves at practice and demonstrate their willingness to strive for selection. Furthermore, during the CAS season, once their games have been played, all players are expected to support the succeeding team, which also provides opportunities for selection when opportunities arise to play from the bench.

The upcoming season presents the opportunity to develop perseverance and resilience, and make dreams reality through application and effort.

Andrea Folli | MIC Rugby

The Trinity app

The Trinity app is available from the App Store and from Google play for you to download. The app has been designed to provide up to date information for our on the go community. Information such as sporting fixtures, wet weather updates, calendar dates and even the latest newsletters.

It will also allow you to notify the School of your son's absence and provides an avenue to contact certain staff and leaders of our community groups. We hope the Trinity app makes life just that little bit easier. Please email any feedback you may have to info@trinity.nsw.edu.au

TO RSVP ONLINE

1. Go to the Trinity Grammar School Community home page (community.trinity.nsw.edu.au) and click on Community Directory icon (under the TRINITY COMMUNITY heading)
2. Click on Event Bookings and select Middle & Senior School from the drop-down menu
3. Scroll down the list of events and click on 2016 Rugby Season Launch Breakfast to start the RSVP process.

2016 RUGBY SEASON LAUNCH BREAKFAST

Dear Supporters of Trinity Rugby,

We would like to invite you to a breakfast to launch the 2016 Rugby Season.

Date	Tuesday, 22nd March 2016 at 7am to 8.15am
Venue	The Latham Theatre
RSVP	via the Trinity Online Community Directory by Thursday, 17th March, 2016
Enquiries	Mr Andrea Folli | MIC Rugby

MATHEMATICS CLUB MATTERS

MATHEMATICS CLUB MATTERS COMPETITION

It was pleasing to see there were many submissions to and much interest in the problems in Bulletin VI from both Middle School and Senior School boys interested in experiencing Mathematics. Every correct solution will go into the draw for the chance to win a major prize at the end of each term.

Congratulations to last week’s winners, Christian Becvarovski (7Ar) and Darren He (10La) for having the first correct solutions drawn from the Middle School and Senior School boxes. Would they please see Dr Osman for their weekly winning prize.

The answer for the Middle School Problem was Phil could give Harry $20 and could give Sam $10. The answer for the Senior School Problem was:

\[ 4 + 2\sqrt{2} \text{ units}^2 \]

Complete worked solutions for the Middle School and Senior School problem have been posted outside the Mathematics Department office.

REFLECTIONS FROM THE MATHEMATICS CLUB DISCOVERY EVENING

By Flynn Innes (10Mu) And Victor Wu (12Mu)

Last Wednesday in the Latham Theatre, Trinity Grammar School Mathematics Club hosted yet another Mathematics Discovery Evening, this one was a raging success.

The event was a wonderful opportunity for the boys to experience what it is like to be a university student and gain an insight into the field that they may one day pursue as a career and illustrating the importance of Mathematics, but also in one’s everyday life. The event was staged as a Q&A format and we had the privilege of having an extremely knowledgeable and experienced panel to answer our questions. Our panel of experts included our forum hosts of Chris Tisdell (Associate Dean, UNSW Science) and Susannah Waters (Mathematics Communications Officer and Journalist, UNSW). Other experience panel members included Katrina Iannella, Shane Keating, Thomas Britz, Barton Lee, Gordana Popovic and Shane Scott.

The first half of the night proved both engaging and enlightening with many interesting questions and discussions on the importance of Maths, its place in the world and the growing need for mathematicians to analyse numbers and solve world issues. In a particularly stimulating part of the session we were told, much to our surprise that 3 of the top 4 jobs for 2015-2016 as

This Week’s Problem for Bulletin VII:

1. Years 7-9: Middle School Problem
due on Monday 21 March 2016

Insert each number from 1 to 9 in the shaded squares to solve all the horizontal and vertical equations. Multiplication and division are performed before addition and subtraction.

Please place your name and House group with your submission by Monday lunch-time (1.10PM) at the Mathematics Department Office.

Dr Frederick Osman | MIC Mathematics Club
voted by career cast were all heavily involved in mathematics with number one being an Actuary and numbers 3 and 4 being a mathematician and statistician respectively. Many of the younger members of the audience challenged the panel with a variety of deep philosophical questions, such as: “Can theorems be proved by pure mathematicians and applied mathematicians?”, “How does mathematics relate to religion?”, and indeed “Is mathematics relevant in philosophical issues?”. Other discussion topics included:

> Why do we need Maths?
> What can I do with Maths?
> Is Maths discovered or created?
> What does it mean for mathematics to be beautiful?
> What does the panel feel about Mathematics becoming a prerequisite for University courses?

During the session, Katrina Iannella, the student ambassador for “tsfx”, The School for Excellence, gave an insightful presentation on the organisation’s work. She enlightened the audience on the importance of effort in achieving good results, but in particular the benefits of studying smarter rather than harder. She shared a useful technique for memorising equations, essentially involving repeated recall from memory and comparison to the correct equations. This technique, she explained, can easily be applied to other subjects as well, when, for example, definitions are required to be memorised. She also gave examples of careers in which Maths is used, citing those involving statistics, science, and even aspects of business as strongly tied to mathematics.

At the end of the session, the students and parents were able to engage with the panel members; asking many questions and showing great enthusiasm and passion for Mathematics. The Club is looking forward in having future collaborative opportunities with the UNSW in providing the opportunities for students with a range of mathematical abilities to access new ideas in promoting best practices in Mathematics for our boys. Finally, The Mathematics Club would like to thank all of our presenters for their outstanding and stimulating presentations!

Event supported by: UNSW Australia and tsfx

top: Chris Tisdell (Associate Dean, UNSW Science) as our Forum Host above: Flynn Innes and Victor Wu (12Mu) delivering the vote of thanks to our panel members

## Young Archimedes Enrichment Forum

### A Framework for Gifted and Talented Learners

- **Date:** Monday 18th July 2016
- **Time:** 8:00am - 4:00pm
- **Where:** Centenary Centre, Trinity Grammar School Summer Hill, 119 Prospect Road, Summer Hill NSW 2130
- **Cost:** $60 per person

On Monday, 18 July 2016, the Mathematics Club will host a one day Young Archimedes Enrichment Forum. It will provide an opportunity to develop extra-curricular activities for young students from gifted primary through to Year 9.

The Forum will specifically focus on the implementation of the Curriculum in Mathematics, and a range of teaching and learning ideas. Relevant classroom resources will be explored in a workshop format. The Forum aims to motivate students with worthwhile mathematical tasks and ideas to develop skills and innovative concepts.

This event is suitable for gifted Year 5 and 6 primary and Years 7 and 8 and 9 secondary students.

### Workshop topics to be covered

- **Workshop 1**: Inquisitive Minds on Problems, Patterns, Pictures and Puzzles (PPPP).
- **Workshop 2**: A famous Mathematician by the name of George Polya once said, “It’s better to solve one problem five different ways than to solve five different problems.”

### Registration Process

To confirm your place, please complete the Online Registration and payment by the closing date of Friday 10 June 2016.

**Payment of registration entitles students to:** Attendance at both workshops, Recess, Lunch and Forum Satchel and Stationery.

**Proudly supported by:**

- **Gifted Families Support Group Inc.**
- **Inquisitive Minds**

For all enquiries please contact Dr Fred Osman | Enrichment Coordinator on 9581 6040 or fosman@trinity.nsw.edu.au

CAREERS

OTU/RTO Careers and Industry Expo:

On Thursday 19th May, the School will host a joint OTU/RTO Careers and Industry Expo at Summer Hill Campus from 5PM in the Centenary Centre. The event is dedicated to all career areas and vocational education training both traditional and non-traditional trades will be show-cased along with the opportunity to speak with Old Boys, individually, about a wide range of careers.

Trinity Grammar School Life Skills Careers Programme:

There are 4 Sessions in the Latham Theatre which are compulsory for all Year 10 students:

Session 1: Career Foundations and Vocational Opportunities
Session 2: Personal Profiling and Resume Building Programme
Session 3: Work Readiness Programme
Session 4: Apprenticeships, Traineeships and University Study Programme

The optional lunch sessions in the Latham Theatre for students in (Years 10-12) will provide an academic and vocational focus to help with career advice, interaction education and training options.

Upcoming Trinity Lunch Career Education Sessions:

Monday 21 March 2016
Time: 1:10PM Venue: Latham Theatre
Crimson Consulting – US and UK University Admissions

Tuesday 22 March 2016
Time: 1:10PM Venue: Latham Theatre
Education USA – Information Session and Application Process!

Thursday 24 March 2016
Time: 1:10PM Venue: Latham Theatre
Working in Medicine – MedEntry UMAT Preparation

All Career Education details, timelines and events for students will be advertised on the Library Career Notice Boards and in this online Careers Section or alternatively come and see me in Q0.2.

CADETSHIPS IN BUSINESS AND TECHNOLOGY:

Business Cadetships Programme
Opens on 7 March and applications close 11 May. Run by Professional Cadetships Australia. Year 12 students apply online at www.businesscadetships.com.au (Under the Programme,
UBS will continue to offer cadetship opportunities across the firm. Information on the Program is provided on our website).

Engineering & Technology Cadetships (ETCAD) Programme
Opens on 26 April and applications close 17 June. Run by Professional Cadetships Australia. The 2016 Programme provides Year 12 students with the opportunity to apply for a Technology Cadetship at Westpac. On completion of their cadetship, Technology Cadets are well-placed to pursue a career in IT and in business. (This year Rolls-Royce will not be offering Engineering Cadetships). Information on the ETCAD Program may be found at www.etcad.com.au

UNIVERSITY:

UNSW
Built Environment Student Workshops: UNSW Built Environment invites high school students to campus for these special one day workshops.

> Computation Design – Tuesday, 15 March
> Industrial Design – Thursday, 17 March
> Interior Architecture – Thursday, 17 March
> Architecture – Wednesday, 23 March

More information and how to register available in the calendar on whatson.unsw.edu.au.

UNSW
Law Admission Test Information: Admission to Undergraduate Law at UNSW is changing. For entry in 2017 and beyond, we are broadening our assessment of applicants for entry to our Undergraduate Law Dual Degree programs. We are introducing a new test, the Law Admission Test or 'LAT', to give students the opportunity to demonstrate their suitability for the Law program and allow us to better assess applicants. A student’s LAT result, together with their ATAR (or equivalent), will provide us with a more rounded view of their aptitudes and skills for our Law program. If you have students interested in studying Law at UNSW, make sure they attend the first Law Admission Test Information Evening. UNSW Law Admission Test Information Evening. 17th March 2016, 6:30pm to 9:30pm, UNSW Law Theatre. The information evening will provide prospective students with information regarding the test required. https://www.futurestudents.unsw.edu.au/law-admission-test-lat-information-evening

Bond University
Medical Programme: Bond's Medical Programme is comprised of two sequential degrees - the Bachelor of Medical Studies (BMedSt) and the Doctor of Medicine (MD). All students selected for entry into the Medical Programme will have to complete both the BMedSt and MD to be eligible for registration as a medical practitioner in any state or territory in Australia or New Zealand. Both degrees are awarded at the completion of Year 5. https://bond.edu.au/program/medical-program

ACU
Subject Bonus Points at ACU
The bonus points scheme provides bonus points for achievement in subjects relevant to university degrees, with up to five bonus points offered. http://www.acu.edu.au/study_at_acu/alternative_entry/accessacu

Southern Cross University

US College
Free Information Sessions on Wednesday 23 March. 4pm and 7pm. Mansfield Room (located in the Cranbrook Building), Cranbrook School, 5 Victoria Road Bellevue Hill. Please enter via the Victoria Road main gates.
RSVP: http://www.trybooking.com/KNVP
contact: deb@usccollegeconnect.com

University of Western Sydney
The Academy Scholarships: Excel in your studies and contribute to your community and you may receive: VC Leadership Scholarship, $10 000 per year. Dean’s Scholarship and Academic Excellence Scholarship, $5 000 per year. http://www.theacademy.edu.au/scholarships

University of Western Sydney College
Foundation and Diploma: Foundation Studies allow guaranteed entry to an undergraduate degree at the University of Western Sydney. An ATAR is not required for entry. From Foundation Studies students can enter the first year of an undergraduate degree or complete a Diploma, which allows them entry into the second year of an undergraduate degree. https://www.westerneysdney.edu.au/thecollege/courses_and_pathways/foundation_studies

UNSW
Year 12 Medicine Information Evening
24 March, 6pm to 8pm. Sir John Clancy Auditorium, UNSW Kensington. Application advice, admissions. Included are tips for the UMAT exam. https://www.futurestudents.unsw.edu.au/ year-12-medicine-information-evening

Notre Dame: Business – Law – Arts Symposium
21st June 2016, 10am to 2pm, 104 Broadway, Chippendale. Registrations are now open for the Business – Law – Arts Symposium, the event is for students in years 11 and 12. The day will provide information on different career opportunities available through degrees in Business, Law and Arts as well as curriculum support for students and teachers and allow students to hear from academic staff on current issues. http://www.nd.edu.au/events/2016/business-law-arts-symposium

CQUniversity Sydney: Bachelor of Science (Chiropractic)
There is a great demand for qualified and registered chiropractors. This career delivers work-life balance, travel and self employment opportunities. Students at our CBD campus learn from an award winning faculty using the best available facilities. https://www.cqu.edu.au/courses-and-programs/study-areas/health/undergraduate/bachelor-of-science-chiropractic

University of Sydney: Dr Karl Short Back and Science

BOND University: Medical Programme: Comprises two sequential degrees - The Bachelor of Medical Studies (BMedSt) and the Doctor Medicine (MD). It is designed to equip graduates with the knowledge, skills and attributes that a doctor requires to effectively practise medicine in today’s complex health care environment. https://bond.edu.au/program/medical-program

Guaranteed pathways into UOW
UOW College offers 28 week courses that can guarantee students entry into the first or second year of a range of UOW undergraduate degrees (subject to meeting UOW entry requirements). For information visit http://www.uowcollege.edu.au/pathway/index.html
QS World University Rankings 2015/16
The QS World University Rankings for 2015/2016 have been released, with the Australian National University, ranked 19th globally, being first in Australia. The top 10 universities in Australia according to these rankings are:

1. Australian National University (19)
2. The University of Melbourne (42)
3. The University of Sydney (45)
4. The University of New South Wales (46)
5. The University of Queensland (46)
6. Monash University (67)
7. The University of Western Australia (98)
8. The University of Adelaide (113)
9. University of Technology, Sydney (218)
10. Macquarie University (229)

UNSW Engineering

Through engineers’ eyes: engineering mechanics by experiment, analysis and design: 18th April 2016, 12pm. This free online course will provide information on the techniques of engineering mechanics as well as using the theory to interpret experiment and designs. The course consists of four hours per week over a seven week period. https://www.engineering.unsw.edu.au/all-events/free-online-course-through-engineers-eyes-engineering-mechanics-by-experiment-analysis

UMAT 2016
UMAT is a test that is used specifically to assist with the selection of students into the medicine, dentistry and health science degree programmes at undergraduate level at the universities listed on the website. Registrations for UMAT 2016 are now open and close 5:00pm (AEST) 3rd June 2016. The test takes place nationally on Wed 27th July 2016. https://umat.acer.edu.au/

GENERAL:
