FROM THE HEAD MASTER

2016 CAS WINTER SEASON UNDER WAY

The solid work undertaken in terms of pre-season preparation and training, as well as the lessons learned from various pre-season trials in both Football and Rugby experiences its first serious examination this coming Saturday, with the commencement of Round 1 of CAS Winter Sport, with Barker hosting us at Hornsby. At Quad assembly today, we marked the beginning of the new CAS Season with the formal presentation of jerseys for both the 1st XI and 1st XV sides by Old Boys who had previously represented the School in 1st teams in years gone by. I reminded the boys how privileged we were as Trinitarians to have a rich heritage of sporting tradition within the school to draw upon and to continue to build on in the season ahead. I am most grateful to our Old Boys who were able to assist with the jersey presentations and for the ongoing support we have in our extended Trinity family from the Old Boys contingent.

IN MEMORIAM

Death is a reminder that we need to live this life with eternity in view. No nation, community or family is immune from its impact and we as a School family have been, will be, and, today, are again very much affected by its impact. Today, many of our School community attended the funeral and Thanksgiving Service for a fine young Trinitarian, Jordan Liu, a Year 6 Prep School boy who, after a brave struggle, lost his hold on life last Friday morning. Jordan was a very talented young man – a fine all-rounder and an achiever in many fields. Prep Vice-Captain, Denham Court Music Scholar, passionate about his basketball, and keen on his football. He was a young leader who led by example and he was a young man of faith. Death often carries with it a veritable whirlwind or maelstrom of mixed emotions: human emotions reflective of pain, sorrow, emptiness, as well as frustration and at times anger and resentment. However, alongside this emotional whirlwind that comes and goes and catches us at times when we are quite unprepared for its impact, we have some strong anchors: the anchors we find in God’s word. Paul, writing in Romans 8, reminds us of two such important anchors. First, that God is in control – He is sovereign in our salvation and that those who are His will finish as His, and secondly, that God also paid the ultimate price for our salvation. This morning we paused for a time of silence to mark Jordan’s passing and prayed for his family and his friends as they mourn their loss.

Romans 8:31 What shall we say to these things? If God be for us who can be against us?

DONATIONS TO THE CHILDREN’S HOSPITAL WESTMEAD IN HONOUR OF JORDAN LIU

It has been suggested that to help honour Jordan’s memory, donations could be made to the Children’s Hospital Westmead as this was the hospital that gave great support to Jordan. If you would like to make an online donation, please indicate that your donation is in honour of Jordan and his family will be informed of your donation.
NAPLAN TESTS

In the coming week, students in Years 7 and 9 will sit NAPLAN (National Assessment Program – Literacy and Numeracy) tests. These tests are part of the educational landscape in Australia and all students in Years 3, 5, 7 and 9 are required to present for them. Dates for this year’s NAPLAN tests are as follows:

> **Tuesday 10th May** – Language Conventions and Writing
> **Wednesday 11th May** – Reading
> **Thursday 12th May** – Numeracy
> **Friday 13th May** – “Catch-up” day for students who may have missed a particular test or tests.

It is important to put these tests in perspective. While they are deemed to be very important by government agencies, and all schools must participate in them, they are not “high stakes” tests for any individual student. At Trinity, boys receive a wide range of feedback from teachers about their learning, and while the NAPLAN results may complement this to some extent, they are by definition “one-off” tests which may give an aberrant result. Parents should certainly discourage boys from being nervous about the tests; and they should note that these are not tests for which the boys can specifically prepare, beyond the particular preparation which is organised by their teachers in the period leading up to the tests. Ideally NAPLAN tests will provide a snapshot of the learning achieved by each boy over his time at school, and a snapshot of how well the School as a whole is achieving with its students.

YEARS 8 AND 9 GATEHOUSE SURVEY

This coming Monday 9th May, all Year 8 and Year 9 boys will complete the School’s ‘Gatehouse Survey’. This will be the 16th year the survey has been conducted at Trinity, originating through a partnership between the School and the Centre for Adolescent Health at the Royal Children’s Hospital in Melbourne. The results from the survey help us to better understand the social and emotional needs of our boys, establishing an evidence-based process for planning and evaluating our approaches to pastoral care, teaching and learning in the very important middle years of schooling.

Our core business at Trinity is boys’ learning. A Trinity education seeks to engage the Mind, Body and Spiritual development of all our boys. Whether it’s through the analysis of our NAPLAN results, Gatehouse Survey or the many other forms of feedback in relation to the needs of our boys, we are committed to providing a holistic educational environment that seeks to nurture and encourage our boys to “…grow in wisdom and stature and in favour with God and man.”

Jason Cheers | Academic Dean

TRINITY CONNECTION

The Trinity Connection donated $5000 towards three recliner chairs to the refurbished neurological ward at The Sydney Childrens’ Hospital.

image right: Mrs Yolla Yarad and Mrs Laraine O’Brien, pictured here with the Hon Gillian Skinner, were invited to the opening of the ward on 2nd May.

TRINITY GRAMMAR SCHOOL SCHOOL PRAYER

Parents and friends are most welcome to come and pray for our boys and the School on Tuesdays, between 8.30am and 9.30am. The Prayer Mornings are run on a rotational basis, on alternate weeks, at the Preparatory School campus and the Summer Hill School campus.

**Junior, Middle and Senior Schools Summer Hill** – meet at reception in the Junior School Building, on even weeks of term (Weeks 2, 4, 6, 8,)

Term 2: May 17, 31, June 14
Term 3: July 26, August 9, 23, Sept 6
Term 4: Oct 18, Nov 1, 15, 29

Come and join us so we can encourage each other, help form a sense of community within the School, and genuinely bring the needs of the School community before our great God.

ADVANCED NOTICE FOR COMPULSORY HOME GAMES

Compulsory home game attendance will be required on the following Saturdays. Students will be asked to attend the First XI Football or First XV Rugby games. Students will be informed in the week prior as to which home games they are expected to attend. This will be dependant upon the students own sporting fixture.

1. **Saturday 14th May**
   CAS Round 2 - Trinity vs Waverley
   Compulsory for Years 7, 9 and 10

2. **Saturday 28th May**
   CAS Round 4 - Trinity vs Knox
   Compulsory for Years 7, 8 and 10

3. **Saturday 4th June**
   CAS Round 5 - Trinity vs Cranbrook
   Compulsory for Years 8, 9 and 11

4. **Saturday 18th June**
   CAS Round 6 - Trinity vs Barker
   Compulsory for Years 9, 10 and 11

5. **Saturday 30th July**
   CAS Round 8 - Trinity vs St. Aloysius’
   Compulsory for Prep and Junior Year 6, Years 7, 8 and 11

Rolls will be marked at each game. Boys MUST wear their full winter uniform. If it is raining on the day please ring the wet weather number (1300 788 477) for further details. This message is updated throughout the day.

Bradley Wirth | Director of Campus Administration

CREDIT CARD SURCHARGE

For many years now, the School has accepted credit card payment for tuition and other fees and borne the amounts of the processing charges imposed by the banks and credit card companies on those transactions.

As the use of credit cards has increased, these charges have now become prohibitively expensive for the School.

As a service to our community, we will continue to accept credit card payment. However, from the 1st August 2016, the following surcharges will be applied:

• 0.75% for Visa and MasterCard payments; and
• 1.25% for American Express and other accepted card payments.

There are no changes to the other payment methods offered by the School. For information on all payment options, please visit the School’s website https://www.trinity.nsw.edu.au/enrol/#fees-payment-options

The savings achieved by the surcharges will be used to support the academic and pastoral mission of the School and contribute to the continued quality of the educational experience for our students.

If you have any questions about this change or any of the payment options available, please email me at cdungan@trinity.nsw.edu.au or phone 9581 6027.

Yours sincerely,
Campbell Dungan | Bursar

INTRODUCING OUR BALMAIN BUS SERVICE...

We are pleased to advise that for your convenience, we are introducing a Balmain bus service, commencing Term 2.

The route is pictured above and times, along with stops, are detailed below.

Should you wish to use this service the cost for each trip is $4.50 which is charged directly to your son’s account.

UK CRICKET TOUR FUNDRAISER SILENT AUCTION

Trinity will be taking a group of 14 Cricket players away on a development tour to the UK in June/July this year. As a fundraiser for the tour, Steve Waugh has generously donated a limited edition, personally signed print of the victorious 1989 Ashes tour where he scored 506 runs at an astonishing average of 126.50. In that series he scored 177 not out at Headingley and followed that up with 152 not out at the home of Cricket, Lords.

If you would like to make a bid on this print in support of the Cricket tour please send Ian Moran an email with your bid: imoran@trinity.nsw.edu.au. Please note that the reserve price for the print is $500 and the winner of the auction will be notified on Monday 23rd of May.
HEAD MASTER’S BULLETIN | 6 MAY 2016

HOUSE SERVICE
DULWICH AND YOUNG

The Trinity Grammar School War Memorial Chapel
on SUNDAY 22ND MAY 2015 at 6.30PM

CONGRATULATIONS TO BRIAN KIM (11WH)

On Saturday 25th of June at Gillian Moore Performing Arts Centre, PLC, Brian will perform the finals of the Ku-ring-gai Philharmonic Orchestra Concerto competition this year. He has been a semi-finalist for last three consecutive years. In the finals he will perform the Mozart Flute concerto in D major.

In October last year Brian also won the Young Artist Competition at the Australian Flute Festival in Canberra, this is an International Flute Competition held every 2 years.

Brian is also a semi-finalist in the 2 MBS Young Virtuoso Award 2016. Brian’s performance will be broadcasted on 2MBS FM fine music at 1:00-2:00pm on Wednesday 25th May.

For the broadcast Brian will perform:

1. Jules Mouquet: Sonata “La Flûte de Pan”, Opus 15 for flute and Piano I. Pan et les Bergers (Pan and the Shepherds) II. Pan et les Oiseaux (Pan and the Birds) III. Pan et les Nymphes (Pan and the Nymphs)
2. Johann Sebastian Bach: Sonata in B minor, BWV 1030 for flute and piano I. Andante II. Largo et dolce III. Presto
3. Ross Edwards: Nura for flute and piano, Wild Bird Morning, Ocean Idyl, Earth Dance
4. Pietro Morlacchi: Il Pastore Svizzero for flute and piano

Phil Pratt | Director of Music

Trinity Ladies Night Out 2016

The Summer Hill Auxiliary held its annual Mothers’ Day Dinner last Friday night at El Phoenician Restaurant in Walsh Bay. It was a fun and noisy evening night as nearly 100 Trinity mums from all 3 campuses came together to enjoy a catch-up over great food. Happy Mothers’ Day to all the mums, grandmothers, aunties and other carers in our school community.
NEWS FROM
THE ARTHUR HOLT LIBRARY

MAY IS MAGAZINE MONTH
Last term, we surveyed student opinion of the library’s magazine collection – did they enjoy the existing magazines, were there any gaps, could they make any suggestions? They responded and we listened. Based upon their suggestions there is now a display of magazines being considered for our collection. We’d like students to take a look at the magazines, flick through or read closely, and let us know what they think. We think they’ll love what’s on display – titles include Smith Journal, The Monthly, Sight and Sound, Astronomy, Mythology, Aviator, Rugby League Review and even Doctor Who Magazine.

BORROWBOX IS HERE!
BorrowBox is an easy way for you to listen to audiobooks on your device. You can search our collection of eAudiobooks by both title and author or you can browse by a number of categories including Genre. Just follow these instructions and you’ll be listening to a great book in no time!

1. Download the BorrowBox app
2. Search for Trinity Grammar School K-9 or 10-12 Library
3. Log in with your School ID (e.g. jcitizen.2021) and password
4. Download a book

DID YOU KNOW?
If you have been fined for overdue books the charges are refunded when the items are returned. Please see library staff when returning these items and we can ensure that your account is credited.

Tabatha Paterson | Teacher Librarian

The NSW Premier’s Reading Challenge (PRC) for 2016 has now started! The PRC is a state wide reading initiative that aims to encourage in students a love of reading for leisure and pleasure, and to enable students to experience quality literature. It is not a competition but a challenge to each student to read more and to read widely. Years 7-9 are challenged to read twenty books, fifteen of which must be from the PRC Booklists, by 19 August 2016. If you would like to register for and participate in PRC 2016, or have any questions about it, please see Miss Gaspari.

Click here for the list of books on the PRC 7-9 List

BARISTA-MADE
COFFEE
...is available from the Cafeteria during this Saturday’s sports round
In this age where photographs quickly disappear into the oblivion of an image-saturated world, Laurence Aberhart’s photographs quietly endure. Peering through the window into the worlds he records is a process of discovery. With their extraordinary depth of field bringing sharp focus to even the smallest details, they reward slow and intent looking. Writing about Henri Cartier Bresson, John Berger paraphrased him as saying that what counts in a photograph is plenitude and simplicity. In Aberhart’s photography, we encounter this often.

Aberhart: Three Decades is an introduction to Aberhart’s singular artistic vision, comprising over 75 contact prints from 1980 to 2010. Aberhart is one of the few photographers working today using techniques and processes dating from the early years of film photography. The incredible clarity and luminosity of his prints come from using a century-old, 8” x 10” view camera, accommodating long exposure times and creating prints where the large format negatives are placed directly on the silver gelatin or printing out paper, eschewing an enlarger. Added to this is his extraordinary technical prowess.

Being disposed to work in such a slow way suggests his approach to photography is one of consideration, sensitivity and observation. The worlds he invites us to dwell in are often of quiet repose, yet charged with the fullness of lives lived there. New Zealand claims him as their most eminent photographer and essential poet of New Zealand’s past, and from this exhibition it is clear to see why.

The exhibition is part of Head On Photo Festival. Aberhart is represented in Sydney by Darren Knight Gallery. Prints in the exhibition are for sale. Exhibition curator: Catherine Benz.

The exhibition continues to 22 May.

Gallery opening hours: Wednesday – Sunday, 12-5pm.

Menaechmus, Apollonius, Aristotle, Archimedes—scarcely names the average student uses or mentions every day, or his teachers either, one would think, but nonetheless, these men who lived around about 300BC would have felt at home last week at Trinity as they recognised matters which they had invented or discovered! This thought occurred to me last week when passing the Quadrangle where boys and their teachers were experimenting with matters first raised all those centuries ago. First was Mr Mark Oakley’s class who were working with their camera obscuras, or, more accurately, their pin-hole cameras, which use the principle of the camera obscura discovered and developed by Menaechmus and Apollonius, among others, and one on which principles modern lenses are based. Aristotle is credited with the discovery of the mathematical shape the parabola, much used in mathematics. Mr Shane Scott was engaged with his class in arranging his class into a parabolic shape on the Quadrangle (I was allowed to hold the string which was used, rather mysteriously as far as I was concerned, to place the boys according to the formula Mr Scott used). Herewith is Mr Scott’s explanation:

*The purpose of the experiment was to use the edge of the quad as a straight line, have one person stand on a fixed point (and he would become the focal point). We wanted to find positions such that the perpendicular distance from the line is the same as the distance to the point. In order to establish the equal distances we used a string folded in half and had the boys move to their particular spot for each distance used.*

Having performed the function of the focal point, I then proceeded up to the top balcony of the Founder’s Block to put into practice the principles explored by Mr Oakley’s boys from earlier in the week. Had any of the long ago mathematicians and philosophers magically appeared on the Quad during those classes, they would have felt quite at home, I am sure!

Often our work and study may seem only a product of or only to have relevance to the present day, but it is interesting to remember that there are centuries of thought and development involved, while we ourselves, in our turn, will be contributors to the vast accumulation of knowledge which exists in the world linking past and present, something which may make our daily round more meaningful. It is this which helps make us all part of humanity.

Ron Ogier
The second Trial game against St. Patrick’s College last Saturday gave the players the opportunity to claim starting place in higher teams in the first round of the CAS this Saturday against Barker. For the coaches it was perhaps the chance to confirm combinations and depth. Consequently, however, disappointments are inevitable. Then again, to draw from a Physics analogy - for every action, there is an equal and opposite reaction. Disappointment is balanced by desire and the determination to succeed.

Rugby provides the ideal classroom for life lessons, especially in a modern world where the concept of delayed gratification is a foreign concept. As teachers, coaches and parents, we aim to provide the best preparation possible for young men in a rapidly changing world; if that includes temporary dissatisfaction and disappointment, it is worthwhile in terms of the long term benefits of developing the habit of perseverance and the attitude of resilience.

As parents and educators we share the understanding that managing our boys’ disappointments is an opportunity for growth and character development. In addition, as an extended Trinity community we embrace the values of character, effort, sincerity and perseverance, to name a few, because we recognise them manifesting in the boys’ behaviours. This quality of integrity was succinctly articulated by Aristotle when he said, “Men acquire a particular quality by constantly acting in a particular way.”

Andrea Folli | MIC Rugby

16A

The 16As started strongly with an impressive scrum and backline play to commence the game which resulted in an exciting team try to Louis Tanner (11WE). The remainder of the first half was an even contest with both teams creating linebreaks and St Pat’s scoring a try to take the score to 5-5 at the break. In the 2nd half Tane Edmed (10Fo) was very impressive directing the team well from flyhalf and passing the ball to support players in positive positions. Thomas Lambert (10Fo), Nikolas Ginis (10Ta) and Matthew Yazbek (10Yo) were consistently strong in forwards with Thomas Corias impressive in the backs. 16As won 24-17.

16B

The trial game against St Patrick’s was a good warm up for the 16Bs. There were many encouraging signs for a team that has not played together before. It was also a game in which the boys were tested in a number of different positions. The scrum dominated in the first half, and two boys who are new to the front row this is very encouraging. The Bs have a desire to run with ball, which will make for some great rugby later in the season, but on Saturday did lead to players being isolated. Overall, the very close win is a good representation of the game and congratulations to Joshua Wong (10Sc) and Philip Choi (10Fo) for their tries.

Friends of Rugby invite you to the Mothers’ Day Refreshments in the Terrace Room

Happy Mothers’ Day! Trinity Grammar School’s Friends of Rugby warmly invite all our Rugby Mums and Grandmothers to Refreshments in the Terrace Room on Saturday 14th May 2016 from 2pm to celebrate and acknowledge you all for Mothers’ Day. We do hope you can join us and enjoy an afternoon watching the greatest game.

ADVERTISE IN THE 2016 HOME GAME PROGRAMME

Would you like to advertise in our Home Game Programme? This is one of the ways to advertise a business to the Trinity community and is very cost effective.

Interested? Contact Stephen Heanly on 9581 6065 or sheanly@trinity.nsw.edu.au before Tuesday 10 May to reserve your space!
A very dominant performance by the 15 a side with strong ball retention and patience in attack leading to some good passages of play. This is exemplified in Trinity’s first try where play started from deep within our own half, going 16+ phases to eventually score in the corner. All players on the field contributed to the eventual try. Blaise McKee (9Ar) and Marcus Buvac (10WJ) had strong games in a performance that Trinity dominated. What is most pleasing is the desire and effort from the side to repel St Patrick’s attacks and not concede points. Plenty to work on for our first game in competition phase next week though a very pleasing final trial.

15B

In a modified game due to an injury Trinity 15Bs began strongly and scored an early try through some direct running from the forwards with Oliver Buchanan (9Sc) scoring. From there Trinity started pushing the pass and making mistakes giving “Pat’s” possession and good field position. However, Trinity’s defence was good enough to keep them out and prevailed with the score line remaining 5-0. Oscar Groth (9Ke) was man of the match with some good attacking play and defence.

14A

The 14A Rugby team was back to full strength and despite a disjointed build up to the match, they went in with plenty of confidence. The match began brightly with Miles Amatosero (8Hi) crashing over for an early try. The boys played well to their newly learnt structures and found themselves up 24-0 at half time thanks to a last minute try in the corner by Winger by Christyon Hayek (9Ke). The second half saw an improved performance from the backline with some very impressive ball movement. Tries to Centre Jordan Maze (9Hi) and Fullback Ethan Bateman (8WJ) took the score line up to a very impressive 49-5 when the full time siren blew.
14B

Trinity came out onto the field with a bang, hard carries and fierce defence, which were the order of the day, especially with some bone rattling tackles by Joseph Nassif (8He). However, the boys took the foot off the pedal and let the St Pat’s take the momentum leading into the second half with a few lapses in defence around the ruck. Showing great resilience though, the Greens returned in the second half with a great attitude and commitment to each other and ended up scoring a try with a minute to go to take the game 24-20. Special mention goes to Pierce Foley (8Fo) who was a pillar in defence and had the magic step with ball in hand.

14C

The 14C team made it two wins in a row with a dominant performance over St Patrick’s. Although up against a considerably bigger forward pack, the boys fought hard for each other in defence and controlled the ruck. This allowed the likes of William Beretov-Millar (8Ho) to run the ball into space and over the try line. William ran with great conviction and barged his way through the defensive line on a number of occasions. Alex Pavic (8La) led the way in defence taking down opposition twice his size during a clinical performance as skipper. The 32-12 win was based on the boys’ willingness to commit to each other, their defensive structures and ball control. Well done, lads!

13A

The 13As maintained possession for long periods in the first half against a tenacious and talented St Patrick’s side. This was facilitated through scrum dominance, a commitment to the team’s attacking structures and hard running lines. Significant contributions in this respect were made by Jack Casimir (7WH), Tyson Jackson (7Fo) and Juno Kim (7Ho) in the forwards and Turoa Williams (8WH) in the backs. Skilful offerings from Hunter Hannaford (7Du), Theo Christian (7He) and Theo Kidd (7WJ) created line breaks that regularly threatened our opponents. The latter crossed for a brace of tries. Some key defensive efforts, including the preservation of our shape in the wide channels from Oliver White (7Fo), were integral in maintaining Trinity’s lead as the ball retention rate diminished in the second half. The players performed well overall, giving great effort, and earned a pleasing 17-12 victory. A focus on line integrity and line speed in defence and maintaining possession by winning the space beyond the ball at the ruck will be crucial in the impending match against Barker.
effort. Trinity then regained their composure from the first period and were unlucky to not score a third goal which would have iced the game as they had several near misses in the final 10 minutes of the match. Trinity though, ran out worthy winners 2-1, a fine final hit out before our CAS season commences on Saturday against another tough opponent in Barker College.

Chris Robinson  |  2nd XI Coach

7AS vs ST. PATRICK’S – LOST 0-3

The Trinity Year 7A team fought a tough physical and tactical battle with the St. Pat’s boys. We had an early chance to take the lead with smart play down the right side by Jordan Mikhael (7Ke), who struck an inch-perfect pass into the six-yard box for Vangeli Tsintominas (7Sc) to hit a first time half volley. Unfortunately, the opposition keeper produced an excellent save. The game was akin to an arm wrestle where both teams probed and prodded each other in order to gain territorial advantage from which to spring an attack. Due to illness, Penn Hodgson-Yu (7WJ) was unable to start from kick-off. We brought in Will Martin (7WH) from the 7Bs who had already played a full game in the warm conditions. He produced a solid display at right back. The Trinity boys contested each ball and produced a number of opportunities. However, St Pat’s scored a couple of goals with long-balls over the top for their striker to run onto. Special mention goes to Lucas Pezzano (7Fo) who made several crucial saves in the first half to deny the inform St Pat’s striker. From the kick-off in the second half Trinity had St Pat’s pinned in their half. However, we were unable to peg back the elusive goal from which to build momentum. Late in the second half, chances fell to Fenn, Rory Scott (7We) and Jordan, yet the St Pat’s defence was wonderful in defence stopping many strong attempts from St Pat’s but in particular. We began the second half under a lot of pressure and positioning from Fenn, Rory Scott (7We) and Jordan Stojceski (7Ke) was wonderful in defence stopping many strong attempts by the opposition to break through. Callum McLeod (7He) was an asset both as a striker and in defence, truly playing where his team needed him. Overall, the teams were well matched with St Pat’s edging the match 1-0.

Will Clark  |  7Ds Coach

7ES vs ST. PATRICK’S – LOST 0-1

The 7E’s showed a strong back line against St Patrick’s last Saturday. Zacharia Gindy (7Ke) had a solid return from injury, continuously pushing the ball up the field, Jordan Stojceski (7Ke) was wonderful in defence stopping many strong attempts by the opposition to break through. Callum McLeod (7He) was an asset both as a striker and in defence, truly playing where his team needed him. Overall, the teams were well matched with St Pat’s edging the match 1-0.

Will Clark  |  7Ds Coach

Will Clark  |  7Ds Coach

7EF vs ST. PATRICK’S - LOST 0-10

The boys played the whole game showing a lot of heart and made every effort to turn defence into attack. However, there were few shots at goal due to the strong defence of the opposition. Special mention to our goal keeper James Luo (7Ho) and our last man of defence Christopher Chin (7Hi) who managed to turn away a large number of attacking moves by St Patrick’s.

Shane Scott  |  7Fs Coach

TRINITY 8A vs SYDNEY FC U14s

A Trinity U/14 side welcomed Sydney FC U14s for a mid week friendly match. The match was played at a very high intensity throughout and proved to be quite entertaining for everyone observing. Sydney FC were quick to settle into the match, moving the ball swiftly and confidently through each third of the pitch creating many scoring chances early in the first half. These chances were met fantastically by Trinity Goal Keeper Patrick Foureacre (8WH). Whether it was to his right, left, low or high he flung himself to catch, parry and tip the ball to safety which delighted his team mates keeping TRINITY firmly in the game. His work was overcome by an efficient Sydney FC attack down the right flank, where another chance was this time converted.

Trinity started to build a bit of momentum and were quick on the transition from defence to attack and well lead by striker Hugo Cornish (8We). Although possession was scarce for
Trinity was positioning himself cleverly, shielding the ball from aggressive Sydney FC defenders and attempting to bring his team-mates into play. At times support was minimal, but on the occasion when it was present Trinity were able to find their wingers in space and attack in wide areas.

Quick free kicks were on the agenda for the second half and when match captain Yanni Plataniotis (8Sc) put his hand on the ball to immediately restart play this was the key ingredient for a disorganised Sydney FC defence to commit another foul just outside the penalty area. Plataniotis again stepped up, this time with a more composed free kick and found Cornish, who had evaded his marker to glance a header into the far post.

The match continued to stay at a fast pace and Sydney FC continued to move the TRINITY defence side to side, back and forth. It wasn’t long before gaps started to appear in the TRINITY defensive lines and Sydney FC took full advantage scoring three goals in quick succession. Full time score 1-4 to Sydney FC.

Samuel Jacob | 8As Coach

   2nd XI (11We)
TRINITY DEFEATED SCOTS 3-0 (25-8, 25-10, 25-12)

In the first week of the winter season the 1st VI were away against Scots’ College. The team had a good warm up and were ready to go from the first point. The boys finished the first set without the Scot’s College reaching more than 10 points. This was due to very strong serving by the players in green and white. When the second set came around, the 1sts were reminded not to get too confident about the lead they currently held, and this came to be good advice as the boys pushed themselves to close the second set with strong momentum. The final set also went Trinity’s way giving us our first victory of the season with a 3-0 win over Scots’. Special mentions must go to our setters Ben Wheen (11Fo) and Daniel Gabriel (11Hi) for being consistent in their moving and feeding the balls out to the hitters. Our attackers such as Angus Webster (12WJ) and Peter Braga (11Du) were able to hit with more power to force greater pressure on the Scots’ team. It was overall a good first week to the season, but the team needs to continue to work and hard at training as we have now set our benchmark and know what we need to do to keep improving.

Lewis Jupp (12WH) | 1st VI Captain

TRINITY DEFEATED SCOTS’ 3-0 (25-7, 25-20, 25-10)

What a start to the season! With the rest of the School playing the Black and Green Shield against St Pat’s, the 2nds began their charge into the GPS/CAS Volleyball Winter Season playing against their first opponent, Scots’. With exams happening during this time and the pressure starting for many of the senior students, I was impressed with how we were all present and brought our best games with us. In the first set, dominating the court early and dropping points to minimal errors, special mention to Mathew West (12Du) who was stuck in traffic but came straight on and locked down the back court with his amazing defence. Scots’ had warmed up going into the second set, but Kristof Bryndum (11Sc) in his first game for the squad made some amazing plays through the middle, holding them back and winning us the set. The boys used the momentum from those two impressive sets to go into the third where Jonah Newman (11WJ) dominated the entire court with his amazing serving and amazingly consistent setting. The season is looking good for the team and I am confident this will continue.

Josh Gereis (12Ar) | 2nd VI Captain

TRINITY DEFEATED SCOTS’ 3-0 (21-13, 17-21, 21-9)

The first game of the season for the 3rds proved to be challenging and exciting. We went into the first set rearing to go, and it didn’t take long to get moving. We finished in front, with 21 points to 13. Thanks to the great sets and powerful serves of Ray Chan (11We), the second set was exciting, though Scots’ proved to be better than we first thought. We dropped the second set 21 points to 17. The third set showed significant improvement, with some accurate serves and great back court defence from Andre Athos (10Sc). We eventually came through in front, with the third set scoring 21 points to 9 in our favour. The 3rds played consistently, improving in communication and accuracy throughout the game, and Scots’ proved to be a challenging and courteous opposition whom we look forward to playing again.

Ben Holzwart (11WJ) | 3rd VI Captain

OTU CAREERS AND INDUSTRY EXPO
THURSDAY 19 MAY 2016 | 5PM TO 7PM
IN THE CENTENARY CENTRE, SUMMER HILL CAMPUS
119 PROSPECT ROAD, SUMMER HILL

On Thursday 19 May 2016, the School will host a joint OTU/RTO Careers and Industry Expo at Summer Hill Campus from 5PM to 7PM in the Centenary Centre. The event is dedicated to all career areas and vocational education training both traditional and non-traditional trades will be show-cased.

What’s on offer for Students?
This EXPO is an ideal platform to promote apprenticeships, cadetships, jobs and education and training in these areas. Visitors to the Careers Expo will be taken on a unique ‘journey’ of career advice, interaction education and training options. The event is designed to facilitate ALL students (Year 10-12) with both an academic and vocational focus.

Head Master’s Bulletin | 6 May 2016  <  13
NSW COMBINED INDEPENDENT SCHOOLS (CIS) SWIMMING CHAMPIONSHIPS 2016

Last week, swimmers from Trinity’s CAS Swimming Team were selected by the CAS organisation to compete in the NSW CIS Swimming Championships. The competition ran over a full day and a night at Homebush Aquatic Centre. All the CIS schools were represented. While the swimmers were not as pumped up as they were for the CAS Swimming Carnival, especially after many of them competed in Adelaide at the Nationals in the weeks before, the swimming standard was equally as high, and the competition fierce.

Highlights of the meet were Samuel Xu (8WH) winning the 13 years 50m Breaststroke (34.35), David Kim (8WH) winning the 14 Years 50m Breaststroke (32.19), Dominic Lopez (8Ke) winning the 12-14 years 200m Butterfly (2:18.65), and Nathan Zhu (11Ke) winning both the 17-19 years 100m Breaststroke (1:06.12) and the 17-19 years 200m Breaststroke (2:23.84). Many more boys posted excellent results as the table below shows. First place also went to the 12-14 years 4 x 50m Freestyle Relay in a time of 2:00.00 by the young team of up and coming swimmers – Garry Koschnitsky (8Mu), David Kim(8WH), Dominic Lopez (8Ke) and Andy Lee (7Fo).

Below is the table of results for our swimmers. (With thanks to Nick Capovilla for his help with the collation of the results)

It was such a privilege to be out there time keeping and watching our young swimmers represent their School and district so well, and with such good sportsmanship. Thank you to the coaches for assisting with the time keeping on the day too. Congratulations to all the swimmers for their outstanding efforts and contributions and best of luck Friday as most of them go through to compete at NSW All Schools Championships 2016.

Janet Wonders | MIC CAS Swimming
CROSS COUNTRY

CRANBROOK INVITATION
Saturday 30th April 2016, Mutch Park, Pagewood.

Members of the Trinity Cross Country fraternity and our CAS and GPS brother schools have felt seriously disorientated so far this season with two new venues being used for the first two weeks of competition. I assured the Trinity lads that Mutch Park was ‘as flat as a tack’ prior to the event and got it way wrong with two nasty hills each lap! However, the course was a fine test of Cross Country form and prowess, with Trinity seemingly setting ourselves up a little more each week for another stellar season of Cross Country in 2016.

The Trinity 14s team look invincible! Once again they sorted out any semblance of competition with an emphatic victory by 53pts over Sydney Grammar. Patrick Cantlon (7Du) had his ‘game face’ on yet again to finish 2nd and led the Trinity ‘tadpoles’ terrifically! (I know tadpoles don’t run, but I liked the alliteration!) Then, in what seemed like quick succession, followed debutante Theo Christian (7Hi) in 4th, the ever present William Cooper (7Hi) 9th and William Martin (7WH) 14th. I think I am going wear out the word ‘tenacious’ in describing William Martin’s efforts over the next 6 years - not that I mind! Zac Brown (8Ho) ran well despite suffering from the dreaded ‘lurgy’ to be 19th, with James Kern (7WJ), a debutante also, showing much potential in 28th and Oscar Ballantine-Jones (7Hi) seemed to relish the hills as he finish 38th.

The 16s did well to place 5th. Lelland Hui (10Fo) ran conservatively, yet wisely, at the start before making inroads in the field to place a fine 6th at race end. Unfortunately twin brother Nicholas Hui (10Fo) did a ‘fetlock’ halfway through the first lap, after starting particularly well. We ‘one and green-eyed’ spectators were buoyed to see Lelland run out after he had finished to encourage his brother to the finish line despite his injury. Nathaniel Davies (10Ke) possibly ‘spent a few too many pennies’ early, yet finished a commendable 11th. Tyeson Street (10WJ) was 32nd and Louie Zhang (9Hi) ran with great determination to be 50th.

The Opens were strengthened by the fact that Benjamin Bishop (9Hi) was unable to make it to Cross Country in time for his own race after the 9As football fixture, yet he ran an excellent race in which he steadily built momentum throughout to finish 8th. Jonno Batson (10WH), on the other hand, went out a tad too quickly. He paid for this early disposition for much of his second lap, but pleasingly hung in to claw back some rhythm and finish a fine 16th. Michael Amin (12WH) 46th is yet to place sufficient trust in his own ability and all the fine training he has been doing. He needs to back himself to stay with the more experienced Cross Country runners as we all have confidence in him. We do hope he finds it soon also. Thomas Spratt (9Mu) was in the same boat, or car rather, having come with Ben Bishop from the same Football match! Thomas completed our Open team result of 5th. Thomas is capable of a much higher individual placing with more determination and attention to the race, rather than waving to, smiling at, and chatting with, competitors and spectators, etc. What is a parent to do! Nakul Kaushik (11Mu), unfortunately withdrew, but no doubt will be in the ‘thick of it’ in the weeks to come. For many of us, the highlight of the day occurred a considerable time after the superstars had finished in the Opens race. Rohan Tucker (11Du) and William Ward (11St) struggled themselves on the hilly Mutch Park layout. However, as soon as they crossed the line, they headed straight back out to encourage friend Dario Bossi (11St) who was finding the hills tough going also. These unexpected moments of esprit de corps is what compulsory schoolboy sport is all about!

Mr Woods’ Harriers of the Week:

I look forward to seeing all Trinity Cross Country athletes tomorrow at St Ives Showground for the Scots’ Invitation – NOT Centennial Park as indicated at the beginning of the season. Check your email for details.

Good running,

Michael Spratt | MIC
Cubs and Scouts returned to the hall this week after a very active term break. On Saturday 23 April, Ryan Snowsill (7Ho) led six scouts, two cubs and five dads on a successful hike from Wombarra to Thirroul. It was a blustery day with wild seas – fortunately there was no rain but this was made up by the sand and sea spray as the boys hiked into a strong headwind for 8½ kilometers. The seas closed out three headlands requiring Ryan to activate escape routes around the unsafe escarpments. The day was a great success and the milkshake at the end of the hike was a great treat.

ON ANZAC Day this year we had 11 members handing out sprigs of rosemary and collecting donations for Legacy. Over 50,000 sprigs were handed out on the day at the Dawn Service and March. The Cubs and Scouts caught the 6:00am train into Legacy House and over three hours collected $1,580.25 for Legacy. Sarah Hallab from Sydney Legacy said “The volunteers were fine ambassadors for 3rd Summer Hill (Trinity Grammar), and a credit to themselves and their families. Their behaviour and demeanour was exemplary. The enthusiasm of the members of your group was remarkable and the undeniable effort of all volunteers ensured that over 50,000 sprigs of rosemary were provided to those participating in, and those watching the Dawn Service and ANZAC Day March”

This week the Venturers challenged the Scouts to find them in “Sardines” and as patrols the Scouts worked on their menu for Region Camp which is coming up on the June long-weekend.

At Closing Parade this week the following badges were awarded:

> Jakob Anjoul (6Ar) – Pioneer level Patrol Activity, Emergencies and Air Activities
> James Kaye (6Hi) – Pioneer level Patrol Activity, Citizenship, and proficiency in Arts and Collector
> Nathan Anjoul (5Ar) – Pioneer level Patrol Activity and Emergencies
> Nick Magoulas (7Sc) – Pioneer level Patrol Activity and proficiency in Collector
> Ryan Snowsill (7Ho) – Pioneer level Patrol Activity
> Aiden Murphy (7Du) – Proficiency in Animal Keeper
> Cub-Scouts William Brown (4Ta) and Oliver Kreis (4Yo) were both awarded 10km hike badges for their completion of Ryan’s hike.

All students interested in Scouts are welcome at 3rd Summer Hill (Trinity Grammar) – the Group is currently running programmes for all Trinity boys from 7.5 years up to 10.5 years (Cubs); 10 years up to 15 years (Scouts); and 15 years up to 18 years (Venturers). The Group meets in the Old Gymnasium at Summer Hill Campus on Tuesday evenings from 6pm to 7:30pm.

MATHEMATICS CLUB MATTERS

MATHEMATICS CLUB MATTERS COMPETITION

It was pleasing to see there were many submissions to and much interest in the problems in Bulletin I from both Middle School and Senior School boys interested in experiencing Mathematics. Every correct solution will go into the draw for the chance to win a major prize at the end of each term.

Congratulations to last week’s winners, Jayden (7St) and Oshin Vats (10Du) for having the first correct solutions drawn from the Middle School and Senior School boxes. Would they please see Dr Osman for their weekly winning prize.

The answer for the Middle School Problem was the probability that a number chosen from the interval is divisible by 3 or 5 is 45%. The answer for the Senior School Problem was the original positive number is 3.4. Complete worked solutions for the Middle School and Senior School problem have been posted outside the Mathematics Department office.

NEW SENIOR MATHEMATICS CLUB INITIATIVE ON THINKING MATHEMATICALLY

This term, the Mathematics Club has introduced a new initiative in its programme on Thinking Mathematically. The new Australian curriculum has four proficiency strands viz. Understanding, Fluency, Problem solving and Reasoning. This will radically change the way that students are taught and assessed. The workshops that will be delivered to our boys have been developed under the auspices of CSIRO’s Mathematicians in Schools project in an attempt to do the following:

> motivate, interest and excite students studying mathematics,
> enable them to attack problems with confidence,
> put arithmetic and algebra on a sound mathematical basis.
> It has been given in about 15 schools to date to students from Years 4 – 12 with great success. These workshops will be particularly relevant to Years 10, 11 and 12 students.

Workshop Content:

Why we study Mathematics
Origins of Mathematics and counting
Thinking Skills: Based on Feuerstein’s Instrumental Enrichment Organisation of Dots and Analytic Perception
Natural numbers, the number line and place value
Why arithmetical operations work
Even and odd numbers
Fractions and Decimals: Construction, properties and operations
Basic Logic
Strategies in problem solving
River crossing problems
Fermi problems
Algebra: Symbols and symbol manipulation
Linking algebra and geometry in proofs
PISA and TIMSS problems

THIS WEEK’S PROBLEM FOR BULLETIN II:

1. Years 7-9: Middle School Problem
due on Monday 9 May 2016

The fenced rectangular garden is 10 m wide and 20 m long. When one side is moved outwards and two other sides are increased in length, the area increases by 40 sq. m. What is the least number of metres of additional fencing needed to form the larger rectangular garden? Please show working to justify your answer!

2. Years 10-12: Senior School Problem
due on Monday 9 May 2016

The sequence 2, 3, 5, 6, 7, 10 … consists of all counting numbers which are neither perfect square nor perfect cubes. Find the 75th term of this sequence. Please show working to justify your answer!

Students and parents can bring their own telescopes to this special event!

Event supported by the UNSW Physics Outreach Unit:

UPCOMING SPECIAL EVENT: MATHEMATICS CLUB OPEN NIGHT!

Trinity Grammar School Mathematics Club in conjunction with the UNSW Physics Outreach Unit is pleased to present an Open Night:

Bringing the Cosmos down to Earth!

Date Wednesday 11th May 2016
Time 6:00pm-8:30pm
Where Trinity Grammar School
Science Block Room 2.3

Come and learn about the night sky!

UNSW Physics will host two interactive sessions:

> Lecture by Matthew Freeman on “Astronomical Adventures in Antarctic”.
> Telescope Workshop and Viewing!

For more information please refer to the flyer by clicking here.

Students and parents can bring their own telescopes to this special event!

Event supported by the UNSW Physics Outreach Unit:
MATHEMATICS CLUB

Young Archimedes Enrichment Forum
– A Framework for Gifted and Talented Learners

Date: Monday 18th July 2016
Time: 8:00am - 4:00pm
Where: Centenary Centre
Trinity Grammar School Summer Hill, 119 Prospect Road, Summer Hill NSW 2130
Cost: $60 per person

On Monday, 18 July 2016, the Mathematics Club will host a one day Young Archimedes Enrichment Forum. It will provide an opportunity to develop extra-curricular activities for young students from gifted primary through to Year 9.

The Forum will specifically focus on the implementation of the Curriculum in Mathematics, and a range of teaching and learning ideas. Relevant classroom resources will be explored in a workshop format. The Forum aims to motivate students with worthwhile mathematical tasks and ideas to develop skills and innovative concepts.

This event is suitable for gifted Year 5 and 6 primary and Years 7 and 8 and 9 secondary students.

Workshop topics to be covered

Workshop 1
Inquisitive Minds on Problems, Patterns, Pictures and Puzzles (PPPP).

Workshop 2
A famous Mathematician by the name of George Polya once said, “It’s better to solve one problem five different ways than to solve five different problems.”

Registration Process
To confirm your place, please complete the Online Registration and payment by the closing date of Friday 10 June 2016.

Payment of registration entitles students to:

- Attendance at both workshops, Recess, Lunch and Forum Satchel and Stationery.

Proudly supported by
Gifted Families Support Group Inc.
Inquisitive Minds

For all enquiries please contact Dr Fred Osman | Enrichment Coordinator on 9581 6040 or fosman@trinity.nsw.edu.au

CAREERS

Career Education Life Skills
– Learning Lifelong Lessons over Lunch

Through a series of workshops, students at Trinity Grammar School are learning skills to help them with their studies and life after the HSC/IB. The Career Education Life Skills Programme helps students develop practical skills that assist them in building their resume and joining the workforce. Although good grades are important, employers also look for well-rounded individuals who are able to demonstrate their skills outside the classroom. Our Life Skills Careers Programme instills the skills students need for life after high school, whether that be as a tertiary student and as part of the workforce. The programme, which runs throughout the term, also includes lunchtime sessions with universities and pathway providers who offer students in years 10-12 examples of what life is like after Year 12. I view these lunchtime sessions as students’ first career lunches. Often important life lessons are discussed over lunch or during a family meal, so this really makes a difference. Please take advantage of these sessions which will continue to be offered in Term II.

Trinity Grammar School
Life Skills Careers Programme in Term II:

There are 4 Sessions in the Latham Theatre which are compulsory for all Year 12 students:

Session 1: Career Avenues and Life After Trinity
Session 2: Personal Profiling and Resume Building Programme
Session 3: Scholarship Opportunities Programme
Session 4: University Application and Admission Process

The optional lunch sessions in the Latham Theatre for students in (Years 10-12) will provide an academic and vocational focus to help with career advice, interaction education and training options.

Upcoming Trinity Lunch Career Education Sessions in Term II:

Monday 9 May 2016
Time: 1:10PM Venue: Latham Theatre
UNSW – Presentation on Tertiary Courses
Be inspired - discover why The University of New South Wales is the place for you!

Tuesday 10 May 2016
Time: 1:10PM Venue: Latham Theatre
UTS – Presentation on Tertiary Courses
Be inspired - discover why The University of Technology Sydney is the place for you!

Thursday 12 May 2016
Time: 1:10PM Venue: Latham Theatre
USYD – Presentation on Tertiary Courses
Be inspired - discover why The University of Sydney is the place for you!

Friday 13 May 2016
Time: 1:10PM Venue: Latham Theatre
UMAT and Undergraduate Career Pathways into Health and Medical Sciences

All Career Education details, timelines and events for students will be advertised on the Library Career Notice Boards and in this online Careers Section or alternatively come and see me.

www.trinity.nsw.edu.au
Get yourself familiar with following CAREERS websites:

**My High Schools Careers Website:**
Trinity subscribes to a careers service which allows students and parents to be kept up to date with Careers News and Events. To access this information go to the website www.mhs2016.com and then login with: Trinity and the Password: mhs2016

**Careersworks Website:**
Is an organised grouping of careers resources and sources for secondary students, parents, teachers and careers advisers. To access this information go to the website www.careersworks.com/ and then Password: next

**JobJump Website:**
To access this information go to the website www.jobjump.com.au and then type the first couple of letters of Trinity in the first white box on the right hand side and when the name of your school appears in blue on the screen, simply click on it and it will enter into the first box. Then enter your email address (preferably your home email address for students, as your school email is lost at the end of Year 12) and click Login. Enter the Password: trinity and then answer a couple of brief questions to register.

**OTU/RTO Careers and Industry Expo:**
On **Thursday 19th May**, the School will host a joint OTU/RTO Careers and Industry Expo at Summer Hill Campus from 5PM in the Centenary Centre. The event is dedicated to all career areas and vocational education training both traditional and non-traditional trades will be show-cased along with the opportunity to speak with Old Boys, individually, about a wide range of careers.

**CADETSHIPS IN BUSINESS AND TECHNOLOGY:**

**Business Cadetships Programme**
Opened on 7 March and applications close 11 May. Run by Professional Cadetships Australia. Year 12 students apply online at www.businesscadetships.com.au (Under the Programme, UBS will continue to offer cadetship opportunities across the firm. Information on the Programme is provided on our website).

**Engineering & Technology Cadetships (ETCAD) Programme**
Opens on 26 April and applications close 17 June. Run by Professional Cadetships Australia. The 2016 Programme provides Year 12 students with the opportunity to apply for a Technology Cadetship at Westpac. On completion of their cadetship, Technology Cadets are well-placed to pursue a career in IT and in business. (This year Rolls-Royce will not be offering Engineering Cadetships). Information on the ETCAD Programme may be found at www.etcad.com.au

**UNIVERSITY:**

**Friday 13 May 2016**
Time: 1:10PM Venue: Latham Theatre
**UTS Bachelor of Accounting Information Evening**
17 May, 6.30pm to 7.30pm
Haymarket
Years 11 and 12 and parents.

**UAC Presentations**
Year 11-12 and Year 10
HSC and Careers Expo at Moore Park 2 – 5 June

**University of Sydney 2016-20 Strategic Plan**
The University of Sydney is planning to reform its undergraduate degree program and increase research funding. The main changes to undergraduate degrees will be the introduction of a Bachelor of Advanced Studies as a four year course option, designed to better prepare students for the workforce.

**Medical Imaging at UC**
New Bachelor of Medical Radiation Science (Medical Imaging). Also new is the Radiation Oncology Centre opening in 2017. This new centre will allow UC students access to an advanced facility where they will be able to do clinical placements. See more at: http://www.canberra.edu.au/coursesandunits/course?course_code=319JA

**UNSW**

**Career Paths in Music, Theatre and Performance**
31 May, 6.00pm to 7.30pm. Lo Myers Studio, UNSW Kensington Career paths in the music, theatre and performance from the degrees. https://www.futurestudents.unsw.edu.au/career-paths-music-theatre-and-performance

**University of Sydney New in 2017 Bachelor of Pharmacy and Management**
The Faculty of Pharmacy will introduce a new five-year Bachelor of Pharmacy and Management degree. This innovative course provides students with a unique combination of pharmacy as well as business knowledge and skills. More information on http://sydney.edu.au/news-opinion/news/2016/04/01/university-of-sydney-launches-2016-20-strategic-plan-.html

**UNSW Law Admission Test Information:** Admission to Undergraduate Law at UNSW is changing. For entry in 2017 and beyond, we are broadening our assessment of applicants for entry to our Undergraduate Law Dual Degree programmes. We are introducing a new test, the Law Admission Test or ‘LAT’, to give students the opportunity to demonstrate their suitability for the Law programme and allow us to better assess applicants. A student’s LAT result, together with their ATAR (or equivalent), will provide us with a more rounded view of their aptitudes and skills for our Law programme. https://www.futurestudents.unsw.edu.au/law-admission-test-lat-information-evening
Bond University

Medical Programme: Bond’s Medical Programme comprises two sequential degrees - the Bachelor of Medical Studies (BMedSt) and the Doctor of Medicine (MD). All students selected for entry into the Medical Programme will have to complete both the BMedSt and MD to be eligible for registration as a medical practitioner in any state or territory in Australia or New Zealand. Both degrees are awarded at the completion of Year 5. https://bond.edu.au/program/medical-program

Western Sydney University

The Academy Scholarships: Excel in your studies and contribute to your community and you may receive: VC Leadership Scholarship, $10 000 per year. Dean’s Scholarship and Academic Excellence Scholarship, $5 000 per year. http://www.theacademy.edu.au/scholarships

University of Western Sydney College

Foundation and Diploma: Foundation Studies allow guaranteed entry to an undergraduate degree at the University of Western Sydney. An ATAR is not required for entry. From Foundation Studies students can enter the first year of an undergraduate degree or complete a Diploma, which allows them entry into the second year of an undergraduate degree. https://www.westernsydney.edu.au/thecollege/courses_and_pathways/foundation_studies

Notre Dame: Business – Law – Arts Symposium

21st June 2016, 10am to 2pm, 104 Broadway, Chippendale. Registrations are now open for the Business – Law – Arts Symposium, the event is for students in Years 11 and 12. The day will provide information on different career opportunities available through degrees in Business, Law and Arts as well as curriculum support for students and teachers and allow students to hear from academic staff on current issues. http://www.nd.edu.au/events/2016/business-law-arts-symposium

CQUniversity Sydney: Bachelor of Science (Chiropractic)

There is a great demand for qualified and registered chiropractors. This career delivers work-life balance, travel and self employment opportunities. Students at our CBD campus learn from an award winning faculty using the best available facilities. https://www.cqu.edu.au/courses-and-programs/study-areas/health/undergraduate/bachelor-of-science-chiropractic

Bond University: Medical Programme: Comprises two sequential degrees - The Bachelor of Medical Studies (BMedSt) and the Doctor of Medicine (MD). It is designed to equip graduates with the knowledge, skills and attributes that a doctor requires to effectively practise medicine in today’s complex health care environment. https://bond.edu.au/program/medical-program

Guaranteed pathways into UOW

UOW College offers 28 week courses that can guarantee students entry into the first or second year of a range of UOW undergraduate degrees (subject to meeting UOW entry requirements). For information visit http://www.uowcollege.edu.au/pathway/index.html

UMAT 2016

UMAT is a test that is used specifically to assist with the selection of students into the medicine, dentistry and health science degree programmes at undergraduate level at the universities listed on the website. Registrations for UMAT 2016 are now open and close 5:00pm (AEST) 3rd June 2016. The test takes place nationally on Wed 27th July 2016. https://umat.acer.edu.au/

GENERAL:

Joint Meeting on Planetary Parliament

10 May. 6.00 pm for 6.30 pm start
CSIRO Life Sciences Centre, 11 Julius Ave North Ryde
$50p.p. - Fourna Café - 56 Delhi Road, North Ryde (across the road from CSIRO) 02 9717 3090 or tours@ansto.gov.au

Bringing the Cosmos Down to Earth – Astronomical Adventures in Antarctica

11 May. 6.00pm for 6.30pm start
Science Room 2.3, Trinity Grammar School, 119 Prospect Road Summer Hill
02 9581 6040 or fosman@trinity.nsw.edu.au
https://www.physics.unsw.edu.au/events/bringing-cosmos-down-earth

UOW HSC Study Days

Business Studies. 21 June. 9.45am to 2.15pm
Maths HSC Revision Day. 24 June. 8.30am to 2.45pm
Economics. 6 September. 9.45am to 2.15pm

Australian Catholic University HSC Enrichment Day

8 July. North Sydney Campus
HSC advice on business, economics and law.
https://www.acu.edu.au/connect_with_acu/events/north_sydney/hsc_enrichment_day

SkillsRoad.com.au

This website has a range of career tools available for students, parents and teachers. Check them out here: http://www.skillsroad.com.au/home

Young Archimedes Mathematics Forum

18th July 2016, 8am to 4pm, Centenary Centre, Trinity Grammar School, 119 Prospect Rd, Summer Hill
The forum will provide an opportunity for secondary students in years 7 to 9, to develop their extra-curricular mathematical abilities. The aim is to motivate students with mathematical ideas and tasks to develop new skills and concepts. http://trinitycommunity.com.au/ocd.aspx?action=showReunion&reunionName=MathematicsClubForum2016

Dr Frederick Osman

Director of Vocational Education and RTO Manager (Careers Education)
### THIS WEEK...

**Friday, 6 May 2016**
- Year 11 IB/HSC & Year 12 HSC - Examinations conclude (CAC)
- **8:00am - 4:00pm** Swimming and Diving - NSW All Schools Championships (SOPAC)
- **4:00pm - 6:00pm** Chess - Junior Chess League Tournament (S3.3)
- **4:30pm** Year 8 - Geography - Field Studies Programme - Camp (2) returns (Chapel Drive)
- **6:30pm** Oratory - The Lawrence Campbell Oratory (St. Joseph's)
- **7:00pm - 9:00pm** P & F Trivia Night (AH)

**Saturday, 7 May 2016**
- CAS - Round 1 - Barker vs Trinity
- **8:00am - 5:00pm** Friends of Trinity BBQ (Breezeway No. 2 Oval)
- **6:15pm - 9:30pm** Boarders Excursion - Waratah v's Cheetahs Game (Homebush)

**Sunday, 8 May 2016**
- Mothers' Day

**Monday, 9 May 2016**
- **7:30am** Year 8 - Geography - Field Studies Programme - Camp (3) departs (Chapel Drive)
- **7:45am - 3:30pm** NSW Secondary Table Tennis Shield (Sydney Olympic Park)
- **8:30am** Year 9 - Gatehouse Survey (CAC)

**Tuesday, 10 May 2016**
- **8:30am - 12:00pm** Year 12 IB Final Examinations (C0.2)
- **8:30am - 12:40pm** TSAT Catch up examination (C1.1)

**Wednesday, 11 May 2016**
- **8:30am - 3:30pm** Year 12 IB Final Examinations (C0.2)
- **5:00pm - 7:30pm** Football - 1st & 2nd XI MMC Rep Team v's 1st & 2nd XI (Oval No. 2)
- **6:00pm - 8:00pm** Mathematics Club Astronomy Evening (S2.1)

**Thursday, 12 May 2016**
- Cafeteria open until 7.00pm
- **4:00pm - 8:00pm** Year 10 - Parent/Teacher Evening (AH, TR & F2.4-F2.7) (Supper Cafeteria)

**Friday, 13 May 2016**
- **NAPLAN - ‘Catch-up’ day for students absent on previous test days (CAC C1.1)**
- **4:00pm - 6:00pm** Chess - Junior Chess League Tournament (S3.3)
- **4:30pm** Year 8 - Geography - Field Studies Programme - Camp (3) returns (Chapel Drive)
- **6:00pm** Debating - ISDA Octos 1
