Each term our Life Skills programme has a different focus and forms an integral part of our Personal Development curriculum in each grade. The focus for each term is as follows:

Term 1 – Social Skills
Term 2 – Boundaries
Term 3 – No Bullying
Term 4 – Resilience

This term each of the classes have been participating in a variety of learning experiences that have been designed to develop the boys’ social skills and their ability to make and develop friendships. These lessons are age and developmentally appropriate and provide an opportunity for the boys to consider their responses and actions to real life situations that might occur at school. It is important that these lessons take place in a safe and secure learning environment so that the boys feel able to share openly about challenges and successes. This process is supported by a weekly ‘Circle Time’, where each class takes time out of the hustle and bustle of the normal school week to reflect on how the students are feeling about things that are occurring in and out of the classroom. The boys are given the choice to participate, but many of the teachers have commented on how their class has developed a greater sense of unity and empathy as a result of some honest sharing.

Earlier in the year I expressed our desire to work in partnership with families to address the growing levels of anxiety that are present in young people across Australia, and at Trinity. One of the strategies I suggested was for parents to ask their son ‘What went well today?’ The purpose of this question is to encourage our boys to focus on the overwhelming positives that occur each day, rather than focusing on small things that might go wrong occasionally.

Thank you to the parents who continue to support our push for safe driving practices around the school. The Kiss and Ride zone continues to operate efficiently in the afternoons. A reminder for all families that you should not do a u-turn in Llandilo Avenue. This practice can create traffic congestion and it is also unsafe as it puts pedestrians at risk. Please also pass this information on to other family members and carers who may have cause to collect your son. We also request that you ensure that you turn up at the appropriate time so as not to create congestion in the line or block our neighbours’ driveways. Parents who arrive before their son finishes class will be asked to return to the Kiss and Ride zone later, to avoid congestion. Please ensure that family members and carers who collect your son from School display your son’s name on their dashboard to assist the duty staff.

On Tuesday this week we held an IB Primary Years Programme Parent Induction session in the morning and evening. During the session we shared an overview of the PYP and how this learning...
framework assists us in shaping the boys’ learning experiences. A video of the morning session can be found at this link for those that were unable to make it but are interested in the content. The slides from the presentation can be found at this link.

On Wednesday morning next week the March Auxiliary Meeting will take place in the Joske room beginning at 9:30am. All parents are welcome to attend the meeting. The meeting will go for approximately one hour.

I am looking forward to the Community dinner next Friday evening. This is usually a great night providing the opportunity for parents to socialise and make connections with other families.

Good luck to the boys who are Swimming at the IPSHA Championships on Wednesday at Homebush. Competition will be tough with competitors from over 30 schools representing on the day. IPSHA provides a pathway for swimmers to reach the elite levels of primary school competition. The next level of competition is the Combined Independent Schools with the top swimmers at this level qualifying for the PSSSA State Primary School Championships.

This is a further reminder that the first House Family Chapel Service will be held this Sunday at 10am for boys in Years 3 – 6 in Archer and Henderson Houses. Boys in the Singers also join us for this service as they lead the worship and present an anthem. These boys will have received specific instructions about time of arrival and where to meet the music staff to prepare for the service. The service is conducted in the War Memorial Chapel at Summer Hill. Parking for this service will be available in the School’s undercover carpark which can be accessed from the driveway between the two sports ovals on Victoria Street.

On Saturday 12th March we will be holding an Open Day for prospective families to showcase our learning environment. If you have friends who are interested in our school from an enrolment perspective, please make them aware of this opportunity.

Students travelling by public transport and/or School bus, or who attend off campus co-curricular activities, without parents are permitted to have a mobile phone at school. Parents who’d like their son to bring a mobile phone to School should seek the Master’s permission. Names of students in possession of a mobile phone will be registered. All phones must be handed to the class teacher for safe-keeping at the beginning of each School day and collected at the end of the School day. Please ensure your son has permission from the Master if he’s bringing a mobile phone to School.

Chris Wyatt | Master of the Preparatory School

The hippocampus plays a key role in the formation and retrieval of long-term memory. The hippocampus is significantly smaller in males, as well as having a slower speed of neuron transmission.

> Boys, above all of their other senses, tend to rely more on their visual cortex for gathering information.

> Serotonin facilitates the neural pathways between the limbic system (emotion) with the frontal lobes (the brain's thinking centre). Levels of serotonin in boys' brains are substantially lower and decline temporarily during adolescence. Compounding this is a surge in testosterone around the age of ten which interplays with serotonin.

> Movement can act as a neuro-stimulator and calming mechanism for boys.

For both boys and girls, it is also clear that the adolescent brain is far from mature, and undergoes extensive structural changes well past puberty. Adolescence remains an extremely important period in terms of emotional development, partly due to a surge of hormones in the brain, combined with an under-developed pre-frontal cortex which is responsible for logical and moral reasoning. At this time many young people have well-developed cognitive capacity but are still developing their emotional maturity. This has been referred to as "high horsepower, poor steering."

At Trinity we are wholehearted in our belief in the benefits of an all-boys' education and thrive on the many unique opportunities we can offer our boys that are specific to their needs. We do need to be cautious about some of the claims made in neuroscience and their implications for education. However, our holistic approach to learning which recognises the close inter-dependence of boys' cognitive, social, emotional, creative, physical and spiritual development, is well grounded in current neurological research. The breadth of opportunities and experiences that Trinity provides aims to nurture the very best learning environment for our boys to realise their unique potential, passions and purpose in life.

Note: This article acknowledges the research of Associate Professor Michael Nagel and the OECD Centre of Educational Research and Innovation.

Jason Cheers | Academic Dean

ACADEMIC FOCUS

EDUCATIONAL NEUROSCIENCE - IMPLICATIONS FOR BOYS’ EDUCATION

The growing field of educational neuroscience presents many opportunities as well as challenges for educators. Through brain imaging technologies we now know that the brain changes constantly as a result of learning and remains 'plastic' throughout life. This involves creating and strengthening some neuronal connections and weakening or eliminating others. We are also finding out more and more about the unique ways boys' and girls' brains function. This is not to say that the brain development of all boys and all girls is identical, but new fMRI research continues to show that there are some consistent patterns.

There are many aspects associated with boys’ neurological development that can impact significantly on their engagement with schooling. Some of the key aspects that are unique to boys can be summarised below:

> The prefrontal cortex is responsible for cognitive processes. It is the last area of the brain to fully mature, with this process occurring later in boys.

> The neurological architecture of areas associated with language and communication (Corpus Callosum, Broca's area and Wernicke's area) are significantly different in boys.

> The hippocampus plays a key role in the formation and retrieval of long-term memory. The hippocampus is significantly smaller in males, as well as having a slower speed of neuron transmission.

> Boys, above all of their other senses, tend to rely more on their visual cortex for gathering information.

> Serotonin facilitates the neural pathways between the limbic system (emotion) with the frontal lobes (the brain’s thinking centre). Levels of serotonin in boys' brains are substantially lower and decline temporarily during adolescence. Compounding this is a surge in testosterone around the age of ten which interplays with serotonin.

> Movement can act as a neuro-stimulator and calming mechanism for boys.

It is also important to emphasise that boys and girls have equal opportunities for achieving success in their schooling. However, through neuroscience we can see how their pathway to success can be different.

For both boys and girls, it is also clear that the adolescent brain is far from mature, and undergoes extensive structural changes well past puberty. Adolescence remains an extremely important period in terms of emotional development, partly due to a surge of hormones in the brain, combined with an under-developed pre-frontal cortex which is responsible for logical and moral reasoning. At this time many young people have well-developed cognitive capacity but are still developing their emotional maturity. This has been referred to as "high horsepower, poor steering."

SCOTS INVITATIONAL SWIMMING CARNIVAL

Last Friday 19th February, the Scots School at Bellevue Hill hosted the first invitation carnival of the 2016 swimming season.

We were represented by a small, dedicated squad of swimmers. Lachlan Chung, Thomas Ea, Domenic Furfaro, Sami Hatoum, Hayden Hoang, James Huang (Captain of swimming), Toby Ji, Joshua Jia, Matthew Kim, Roy Ma, Jonathan Nam, Dean Paraskevopoulos, Lewis Potter, James robertson, Ashwin Sivapirabu, Jake Varone, Justin Wang and Michael Zhou.

Throughout the carnival it was great to see the team supporting each other in all events. Every boy performed to the best of their ability. There were some outstanding results, resulting in Trinity Prep collecting a large number of ribbons. The strong performance from the team has laid a great foundation for success in the remaining carnivals. Thank you to the parents for travelling to Scots and supporting each team member. We look forward to your continuing support throughout the season.

Next carnival - Friday 26th February, hosted by Newington at the Trinity pool. IPSHA carnival is on Wednesday 2nd March at SOPAC. Good luck boys!

DEBATING NEWS

Last Friday night the 2016 Prep School ISDA Debating team met for the first round of this year’s competition. They competed against Ravenswood and despite keen opposition, came away with a solid victory. Hamish Davidson-McLeod, Debating Captain for 2016, Andrew Tanous, James Kaye, Joshua Ming, Michael Alam and Matthew Nicolas clearly make an awesome team. They show great skill in collaboration and creative thinking, and with the support of the Coach, Samuel Ma, it is highly likely they will prove to be a hard team to beat.

Kathryn Lonze | ISDA MIC
**LIBRARY NEWS**

**CARNIVAL CLUB ORDERS**

Don’t forget to order your books with Carnival Club. The last day for submitting orders is the 29th of February.

We also strongly encourage the students to participate in the Writing Competition run by Carnival. Full details are on the website. It would be fantastic to see some of the boys work published in upcoming catalogues.

**YEAR 4 INQUIRY TIME**

Year 4 came to the library this week to begin planning for their summative assessment. The boys were divided into their preferred learning styles and are going to be planning a lesson to teach the concept time to some younger students. There were some excellent ideas and it was fantastic to see the boys making use of the whiteboard tables to brainstorm their ideas.

**LIBRARY LOVERS’ DAY WRAP-UP 2016**

The Trinity Prep library got a special mention on the Australian Library and Information Association (ALIA) website this week. Our photos from Library Lovers’ Day were published in their wrap-up, which looks at what libraries across Australia were doing to celebrate Library Lovers’ Day. A special thank-you to Miss McLeod who manages our social media. For more information on what is happening in the library be sure to follow us on Instagram (@tgspreplibrary).

**TRINITY GRAMMAR SCHOOL SCHOOL PRAYER**

Parents and friends are most welcome to come and pray for our boys and the School on **Tuesdays, between 8.30am and 9.30am**. The Prayer Mornings are run on a rotational basis, on alternate weeks, at the Preparatory School campus and the Summer Hill School campus.

Preparatory School Strathfield
- meet in the Joske Room Strathfield, on odd weeks of term
  (Weeks 3, 5, 7, 9)

Term 1: March 8, 22
Term 2: May 10, 24, June 7, 21
Term 3: Aug 2, 16, 30, Sept 13
Term 4: Oct 25, Nov 8, 22

Come and join us so we can encourage each other, help form a sense of community within the School, and genuinely bring the needs of the School community before our great God.

**PREPARATORY SCHOOL STRATHFIELD CLOTHING POOL 2016**

Open Times: 8.30am - 9.30am
Opening Day: Fridays

Summer
Term 1 Dates: 26th February, 11th March, 25th March and 1st April

Autumn
Term 2 Dates: 29th April, 13th May, 27th May, 10th June and 24th June

Winter
Term 3 Dates: 22th July, 5th August, 19th August, 2nd September and 16th September

Spring
Term 4 Dates: 14th October, 28th October, 11th November and 25th November (Orientation Day)

---

**ABSENTEE INSTRUCTIONS**

Listed below, in preference order, are the methods available for Absentee reporting that would assist the Office:

1. Use the Trinity Grammar School phone APP and follow the prompts
   (From the APP home page select Preparatory School the select Absentee Form to open the absentee form). Instructions for installing the APP on your phone can be found by clicking here
2. Using the Absentee email address prepabsentee@trinity.nsw.edu.au
   Also, if you wish, you can ‘CC’ the class teacher on this email.
3. Lastly, you can phone 8732 4658 and leave a message with your son’s name and class

---

**KINDY NEWS:**

The Kindergarten boys are enjoying exploring our School community as part of our current Unit of Inquiry into the transdisciplinary theme of Who we Are. This week, we have been busy interviewing various staff members to learn about their roles and responsibilities at Trinity.

---

I am pleased to announce that we are now using Oval No. 1 for certain PE lessons. The boys are enjoying the freedom of being able to play on the grass. Year 6 were able to conclude their ‘World Game’ unit by participating in a round-robin style competition. The PE team look forward to using the Oval more often for lessons which will hopefully enhance the boy’s abilities.

Last Friday the Prep swim team travelled to the Scots College at Bellevue Hill for their Invitational Carnival. There were some fantastic performances and results. Hopefully we can do the same at the IPSHA Swimming Championships which will be held on Wednesday, March 2nd.

Sports results from last weekend were promising, with many successes. There was a close win in 5A XI Cricket. The boys claimed victory on the second last ball of the innings. From all accounts it was a close and nail biting encounter, but great to see our boys come away with their first win of the season.

In Basketball, there were strong results across the age groups, with a number of teams coming from behind to secure wins.

Just a friendly reminder that whilst staff are allocated to sport teams, you, as parents & carers, are still responsible for your child and need to be present at the games.

All the best to all boys and teams for this weekend’s fixtures.

James Bremner | Sportsmaster

Concert Review

MORTON FELDMAN’S THREE VOICES PERFORMED BY SONYA HOLOWELL

Last Sunday afternoon I had the pleasure of attending a rare performance of Morton Feldman’s piece ‘Three Voices’ performed by soprano Sonya Holowell. This hypnotising work for live and recorded voice, with its transportative sound world, was the perfect way to enjoy a Sunday afternoon. The two loudspeaker voices, pre-recorded by Sonya, created a seamless blending of tone colour meaning the parts were barely discernible from each other. This combined with gradual shifting of phrases over time brought into being an ethereal and timeless performance which wasn’t so much a listening experience but a meditative one. This being one of Feldman’s shorter works at 50 minutes I could easily imagine myself experiencing one of his longer offerings, such as when the work ended I didn’t want to leave the sonic bubble Sonya had so masterfully created.

Feldman’s works are heavily influenced by the changing patterns in a Persian rug, with the elusive shifting musical patterns being akin to the subtle changes of dye lot colours over the months that the rug is spun into being. This creates a musical stasis which in its seemingly simple construction is full of miniature complexities. Feldman is lauded for his ability to change our concept of time with these ground breaking 20th century compositional techniques and as his works are seldom performed in Australia, this was a Society of the Arts concert not to be missed!

Fiona Hill

Last Sunday, the Society of the Arts played host to a truly special performance of Morton Feldman’s Three Voices by acclaimed soprano Sonya Holowell. In the intimate setting of the Delmar Gallery, Sonya delivered a mesmerising rendition of Feldman’s work, despite it being labelled as one of the most demanding vocal compositions ever written. The rarity of such a flawless live performance, coupled with the beauty of the Gallery’s resonant acoustic made for an unforgettable concert, and set the standard for the events yet to come in the Society’s 2016 calendar.

Thomas Hallworth (11WJ)

UPCOMING SOCIETY OF THE ARTS EVENTS AT DELMAR GALLERY

Exhibitions opening Saturday 5 March, 3-5pm

GUNUNGAN (cosmic mountain)
Contemporary batik and installation by Indonesian artist Bagus ‘Gonk’ Prabowo, international artist-in-residence at Ashfield Council’s Thirning Villa

In Javanese tradition, ‘Gunungan’ symbolises living in harmony with the environment, guided by sharing, contemplation and gratitude.

MIAO TEXTILES
Traditional textiles of ethnic minorities of southern China, on loan from a private collection

Gallery opening hours: Wednesday – Sunday, 12-5pm
The exhibitions continue to 20 March.

VERONIQUE SERRET AND BREE VAN REYK
Violin and Vibes

Bree van Reyk and Veronique Serret’s new vibraphone and violin duo project presents a unique mix of repertoire bringing together the diverse musical journeys of these two highly acclaimed musicians. Think re-imagined Bach inventions meet Appalachian-influenced folk songs, Finnish reels, deep Congolese grooves, newly commissioned Australian works plus self-styled improvisation!

Serret is currently Concertmaster with the Darwin Symphony Orchestra. Her 2016 international engagements include tours with Sydney Dance Company and Joanna Newsom’s band. 2016 will see van Reyk appear at MOFO and Sydney Festival, tour with the ACO and compose a soundscape for the Venice Architecture Biennale.

Tickets from $20, free for Trinity students and Society of the Arts members.

Book online at trybooking.com/JZDT

This week was the 159th birthday of the founder of the World Wide Scouting movement, Lord Robert Baden Powell (affectionately referred to as BP in scouting). Each year scouts around the world celebrate BP’s birthday in Founders Day activities.

Nine members of the Trinity Scout Group joined joeys, cubs, scouts, venturers androvers from Balmain, Burwood, Drummoyne, Dulwich Hill, Enfield and Leichhardt along with leaders and some parents at Scout Place next to Circular Quay in the city for a brief service then 40 scouts spent the day undertaking self-directed exploration of the city. Many patrols, including the Trinity Scouts, went to the Trailblazers Exhibition at the Australian Museum where they saw an exhibition on 50 iconic Australian adventurers and explorers of Australian territories.

The Trinity Scouts also visited the ANZAC Memorial in Hyde Park where they saw the pennant of the 9th Battalion of the 3rd Light Horse Brigade. The 3rd Light Horse Brigade was special in scouting history as this Brigade had its own Scout Troop.

The 3rd Brigade Troop of Scouts was formed on the 17th Jan 1916. Originally the design of Major J. Weean, a Boer War veteran and Brigadier “Galloping Jack” Royston, C.O. of the 3rd Brigade. The original Troop Commander was Lt Tom Rickey of the 9th Light Horse. The men were drawn from experienced bushmen, all crack shots and were sworn to secrecy. The principal Scout leader was Sgt Bill Martin (DCM & BAR).

The main purpose of the troop was to find water, scout the ground ahead, to observe enemy troop movements and to draw fire. The troop was later commanded by Lt Charles Foulkes-Taylor M.C., who had been commissioned through the ranks and had been an original member.

Unique amongst the troopers was the fact that the scouts were entitled to wear the very rare and highly prized “Scout” badge. The origin of the “Scout” badge was the brain-child of Lt General Lord Baden Powell “Defender of Mafeking”, whilst in command of the 5th Dragoon guards in India in the latter part of the 18th century. The “Scout” badge was an arrow-head at the end of the north point of the compass.

The War Office gave permission for this badge to be worn by scouts and this was the first badge of proficiency permitted in the Australian army.

The Trinity Scouts found the 9th Battalion of the 3rd Light Horse’s pennant from WW1 on exhibition in the ANZAC Memorial. This pennant was signed by BP.

This week the troop welcomed Oliver Kreis (4Yo) into the Group’s Cub Scouts while Nathan Anjoul (5Ar) was promoted to the Scout section. Congratulations to both Oliver and Nathan – enjoy your scouting adventures.

All students interested in Scouts are welcome at 3rd Summer Hill (Trinity Grammar) – the Group is currently running programs for all Trinity boys from 7.5 years up to 10.5 years (Cubs); 10 years up to 15 years (Scouts); and 15 years up to 18 years (Venturers). The Group meets in the old gymnasium at Summer Hill Campus on Tuesday evenings from 6pm to 7:30pm.

NOTICE TO PARENTS Before + After School Care and Vacation Care.

Please register your son with our outside of school hours care provider, OSHClub. Registration is free and helps in the smooth running of the programme. For more information and to register your son visit www.oshclub.com.au
Hi everyone,

Remember how last year was all about the bass? Well, this year is all about being a class parent. At the moment we have filled about five of the 23 possible class parent positions. And that’s if we only have one class parent per class. It’s much more fun if you can get a couple of you or a group together - double/triple the class parents and double/triple the fun! Please contact Group Captain Mel Willis on melanie.willis@outlook.com or Mrs Carmichael in the office on tcarmichael@trinity.com.au

PREP AUXILIARY MEETING, Wednesday, March 2, 9am, Small Pavilion (Please note the venue change)

Our March Auxiliary Meeting is next Wednesday and, as always, ALL WELCOME. I had a delightful mother email me recently asking how to join the Auxiliary. After I got over my excitement I told her that all you have to do is turn up! Is there anything easier than just turning up? Rhetorical question but I WILL answer and that answer is NO, nothing is easier. Just come along and join in. In fact, that’s what the Auxiliary is: not a thing that you join, but a thing that you just join in; you’ll meet some lovely people (take my word for it) and help our boys. See you all there.

COMMUNITY DINNER, FRIDAY MARCH 4

Today is RSVP day for the dinner and I know how the Trinity parent does not like to RSVP late. So click on this link and prepare to have a TOP time:

CLICK HERE TO RSVP TO THE PREP SCHOOL COMMUNITY DINNER

The Strathfield Auxiliary invites all members of our community to our annual Community Dinner

When     Friday 4th March 2016
Time     5.30pm to 9pm
Venue     The Mozart Room at the Prep School
          115 The Boulevarde Strathfield
Cost     Adults $30
          Kids $20
Dress     Smart Casual
RSVP     Friday 26th February via the Community Website

FOR MORE INFORMATION AND TO RSVP ONLINE CLICK HERE

Til next week (when I will be greeting you at the Community Dinner if I don’t see you before that),

Elizabeth McMullen | President Strathfield Auxiliary
Trinity Grammar School Mathematics Club is pleased to present:

Mathematics Discovery Evening!
WEDNESDAY 9TH MARCH 2016

Join us and have your say!

An evening of mathematical discovery and enrichment. Our engaging panel of experts will inspire, entertain and educate through their passion for Maths in a thoroughly interactive way!

Discussion topics will include:

- Why do we need Maths?
- What can I do with Maths?
- How can I get good at Maths?
- Is Maths discovered or created?
- What is the best way to teach Maths?
- The importance of consistent revision?
- How relevant is Maths after high school?
- How to write effective maths revision notes?
- What are the grand Mathematical challenges that keep us awake at night?

And YOU can join the conversation by submitting a question at http://tinyurl.com/TrinityMath prior to the event. The best questions will not only shape the debate, but prizes will be on offer.

Our panel of experts:

FORUM HOSTS
Chris Tisdell (Associate Dean, UNSW Science) and Susannah Waters (Mathematics Communications Officer and Journalist, UNSW)

Katrina Iannella – is the student ambassador for The School for Excellence (TSFX) and is passionate about harnessing students’ learning potential. She works with several Sydney schools to provide educational services designed to maximise Year 11 and 12 academic results. With the help of TSFX, Katrina completed the HSC in 2013 and received an ATAR of 97.95 and is now undertaking a Bachelor of Commerce/Science at UNSW.

Shane Keating – is a lecturer and a researcher at the UNSW School of Mathematics and Statistics. His research examines the mathematics of fluids in nature, from Earth’s atmosphere and ocean to turbulence in the Sun. Shane’s favourite part of his job is that he get so to bring his research into the classroom and show students how mathematics can be used to understand the world around us.

Thomas Britz – is a lecturer at the School of Mathematics and Statistics, UNSW, and loves his job since it combines the best parts of being an inventor, teacher and altruist. He often dreams of having time for adventure, books, games, and sleep.

Barton Lee – has just completed an Honours degree specialising in Mathematics and Economics at UNSW. He is an ex-President of the UNSW Mathematics Society, which has over 4,000 members. When he isn’t studying, he’s travelling around the globe.

Gordana Popovic – is currently studying a PhD in Statistics and Statistical Ecology. She is working to improve methods for modelling communities of species. These methods help ecologists discover how species numbers are affected by the environment (e.g. temperature) and how species interact with one another. In her free time she frolics at the beach and rock climbs.

Shane Scott – is an experienced teacher of NSW Mathematics courses to HSC level at Trinity Grammar School. He is an executive member of the Mathematical Association of New South Wales. He has won the NSW Premier’s Scholarship for Mathematical Teaching and has travelled to Germany, UK and the US to attend and present at International Schools and Mathematics conferences.
