REMEMBRANCE DAY 2015

YEAR 3 AND 4 CAMP
Dear Parents and Friends of the Junior School,

I particularly enjoyed spending time with next year's Kindergarten parents this morning whilst our new students spent time getting to know the places and teachers who will become an important part of their lives next year. Some of our current 'big brothers' made sure they dropped in and spent time welcoming the boys as well. We look forward to next Friday when over thirty new boys in Years 1-6 2016 experience their orientation. I am sure all members of the Trinity community will welcome the new boys and families to the Junior School family when the opportunity presents itself. Of course, our current Year 6 students will also attend their own orientation to Middle School next Friday as well.

Some very tired, a little grubby, but mostly happy boys and teachers returned from Years 3 and 4 Camp this afternoon with some great tales to tell. For many, this was their first time away from home or parents. We look forward to seeing and hearing of their adventures at Monday’s Assembly.

I want to commend Leo Berry (4M) for his charity initiatives which were enjoyed earlier this week. Leo spent some time at the Royal Flying Doctors Service base on a family holiday and left determined to help the cause. He approached the School last term and has since been working with Mr Brigden to plan events that would be fun, and raise money and awareness of the RFDS. Leo spoke at primary Assembly and organised paper plane competitions for boys in breaks on Monday and Tuesday. The paper plane entry fees and money from this term’s Mufti events that would be fun, and raise money and awareness of the RFDS. Parents will also enjoy a social night out at the Combined Auxiliaries' Christmas Party at Lewisham next Friday. I trust it will be much enjoyed for those in attendance.

Please continue to pay attention to notes and the upcoming events listed on this page. As we move from a hectic event-per-day to multiple-event-days over the last fourteen school days of the year, there is a lot for all to attend to!

Year 3 are reminded of their football Gala Day next Saturday morning. I wish all the boys in Years 4-6 a wonderful last round of inter-school sport tomorrow morning. Enjoy your matches and celebrate a wonderful year of games with your coaches and team mates.

A recent report published by the Foundation for Young Australians titled “The New Work Order” focuses on the importance of young Australians having the skills and experience for the jobs of the future, not the past. This report plays a key role in our work as part of the ELEVATE project, “Agile Design for High Potential Learners,” as we explore the future opportunities our students face and the world they need to thrive in.

The report suggests that, looking forward, the revolution in work for young Australians will be driven by three economic forces:

> **Automation:** Ever-smarter machines are performing ever-more human tasks – taking, replacing or eliminating the need for whole categories of employment.

> **Globalisation:** Our workforce is going global and the global workforce is coming to us.

> **Collaboration:** Technology is increasing the potential for cooperation and collaboration across multiple platforms.

These three trends shaping the future of work - automation, globalisation and collaboration - present opportunities as well as risks for young people today. In particular, they offer the opportunity not only for higher productivity jobs, but also more creative, independent and meaningful employment.

Laszlo Bock, the senior vice president of people operations for Google, was reported in the New York Times, 22 February 2014, whilst acknowledging the critical importance of a quality education for future success, offering this advice to young people:

“Beware. Your degree is not a proxy for your ability to do any job. The world only cares about — and pays off on — what you can do with what you know (and it doesn’t care how you learned it). And in an age when innovation is increasingly a group endeavour, it also cares about a lot of soft skills — leadership, humility, collaboration, adaptability and loving to learn and re-learn. This will be true no matter where you go to work.”

Jennifer Westacott, the CEO of the Business Council of Australia, has also recently stated that:

“...we are moving to a world where innovation and creativity will be the difference between success and failure - for companies, for governments, for individuals and for educational institutions. For all these reasons, human capital development – that is, developing people to their full potential – is going to be the absolute game changer in keeping countries, and the people within them, productive, competitive and prosperous.”

Trinity has a strong commitment to academic excellence and nurturing student growth at all levels of their education. We are also committed to helping our boys explore these new frontiers in ways that fire their imagination and ignite their passions. For our boys to flourish we want them to move beyond just focusing on how much content they know, to the importance of developing the capabilities and mindset to design their own futures and develop the higher order skills that will be critical.

ACER ONLINE ASSESSMENTS

Over the next few weeks, students in Years 2 to 6 will be participating in assessments developed by the Australian Council of Educational Research (ACER) in Mathematics, English, Science and General Ability. Boys are not required to undertake any preparation for these. The assessments are standardised, undertaken online, thoroughly researched, and designed to provide objective, norm-referenced information to teachers.

Ongoing School-based assessment remains our principal way of reporting student achievement. However, this additional information will contribute to our broad academic profile of each boy, enhancing our ability to map their learning growth, and ensuring we continue to meet their learning needs.

ACTIVE TRANSPORT, ACTIVE PLAY

Meeting the physical activity recommendations for good health and wellbeing

The 2014 Active Healthy Kids Australia Report Card on Physical Activity For Children and Young People revealed that while involvement in organised sport in Australia is strong, overall physical activity levels in our children and young people are declining. The main reasons for this include a decrease in active transportation and active play and an increase in sedentary behaviours (including screen time).

The benefits of meeting the recommended levels of physical activity, outlined in the table below, include enhancing a range of health outcomes, optimising cognitive function and developing autonomy. While many of our students would regularly meet the threshold levels, many would not.

Consideration continues to be given to strengthening the School’s formal offerings in sport, co-curricular, PDHPE and the Fundamental and Active Skills at Trinity (FAST) programme. The latter being a new part of the Prep and Junior Schools’ PDHPE programme.

Positive family and peer behaviour is also vital in encouraging optimal physical activity rates and the development of a life-long, habitual adherence to physical activity in our young men. Some options for parents to consider or continue to promote include:

> Encouraging your son to walk or cycle to and from school
> Arranging for drop off and pick up a few blocks from school, thus facilitating a walk while you beat the traffic in the carpark or around school
> Walking or cycling with your son to school, or part of the journey
> Encouraging your son to combine active transport with public transport

Good nutritional practices are also vital to promoting good health. Further, age appropriateness should be carefully considered by parents when encouraging their children to commit to these initiatives. In addition, all active transport options should be combined with thorough parental guidance on road and general safety rules.

Recommendations for Children (5-12 years) and young people (13-17 years)

> Accumulate at least 60 minutes of moderate to vigorous physical activity each day
> Undertake a variety of aerobic activities including some that are vigorous
> Undertake physical activities that strengthen muscles and bones on at least three days each week
> Minimise the time being sedentary each day and break up long periods of sitting as much as possible
> Limit screen time to no more than two hours per day

Timely Reflections...

By Mr Ron Ogier (1966 – 1994) and (1997 – present)

Two red cupcake patty pans, some black and green paper. Some Kinder lads took these and made them into a poignant symbol of Remembrance Day – the poppies from the fields of Flanders in the First World War. Other poppies were on display too, all made by the boys, and all reminding us to remember the soldiers who went away to the wars of the last century and who never returned, having given their lives in foreign fields. Our three campuses Preparatory, Junior, and Middle and Senior Schools all held reverent and solemn ceremonies on Remembrance Day, November 11. At each the Ode to the Fallen was read, the last Post and Reveille played, and a Catafalque Party of Senior Cadets paraded at each ceremony. For my part, the services took me back to the day I heard Mr Menzies, Prime Minister of Australia, as his “melancholy duty” tell the nation that since England was at war with Germany, so was Australia. My main recollection is that of mum bursting into tears, as there was the grim and dreaded prospect of my brother ten years my senior having to go to war, which in due course he did. The dark days of anxious worry for my parents and the community at large I remember as an ever-present cloud, but, being only a lad, I used to look forward to my brother coming home on leave, for when he went back, he always gave me two shillings, (20 cents today) but then a princely sum indeed! No doubt in all the ceremonies this week I guess a lot of the younger lads may have had a similar attitude to what was being said, all unaware of the true horrors of war, and though as they mature in years they will come to more fully understand what is said at such occasions about service and sacrifice, I found myself praying profoundly that none of them – from the littlest kindergarteners with their home made poppies, to the older boys and the Cadets in the flag and catafalque parties – will ever be dragged into war.

SOCIETY OF THE ARTS

DIARY DATE

**JANUSZ WAWROWSKI**  
(Poland) Solo violin

**Thursday 26 November, 7.30pm – Orchestra Room**

Hailed as “one of Poland’s brightest young talents” (Strings), virtuoso violinist Janusz Wawrowski is held in the highest regard for his “utmost artistry and musical conviction” (The Strad).

As a very young student, he shot to prominence with an extraordinary performance in one evening of all 24 Caprices by Paganini, which he recorded in 2007 as his first CD.

In 2013 he signed a multi-year contract with Warner Music and will be recording next year with the BBC Symphony Orchestra. He has performed in concert halls around the world, from the Berliner Philharmonie to Piotr Tchaikovsky’s Conservatory in Moscow and many more.

He will be coming to Sydney on the invitation of Kambala, and we are thrilled he has agreed to give this recital at the conclusion of his visit.

ROUND 11 WRAP UP

It was great to be out at Bressington Park for the final home game for many of our 1st and 2nd Cricket players. The 1sts had another nail-biting contest against St Patrick's winning on the final ball of the game. Darcy Mooney cracked another outstanding 50 not out and Hunter Hannaford blasted a valuable 30 before his wicket fell. In other games, I was extremely impressed with the 5B Cricket team who broke the barrier for 100 runs as a team for the first time. A couple of screaming catches from Rhys Williams demonstrated that this team is developing quickly.

In the basketball, strong wins to the 1st, 3rd, 4th, 5th, 6th, 7th and 8th teams as well as the 4A and 4B teams were highlights. Special mention to Halil Mentes who in the 9th Basketball game sealed a draw by sinking a free throw at the death.

I am very much looking forward to our final games this Saturday with many of them against the Preparatory School. All the best to all teams and players.

YEAR 3 FOOTBALL GALA DAY

The Year 3 Football Gala Day is fast approaching and will be held at Bressington Park, on Saturday 21st of November from 7:40am – 9:30am.

Another great week for the Cubs and Scouts. This week we had a fun challenge with cubs and scouts working in small teams to light a candle. Only thing was they could not reach the candle to light it. Instead they were issued a match each, 1 long pole per team and a small piece of tape. Several attempts and methods were used by the teams as they worked through how the candle could be lit. During the activity they learnt how to strike a match safely and the three essential ingredients for a fire known as the fire triangle. After the challenge and some games we returned to the gym to complete some badge work.

Dan Bellero and Aidan Murphy competed their proficiency badge in fire awareness, while Dane Feeney was awarded his proficiency badge in Music after a great recital on his euphonium.

The big presentation this week was in the Cubs to William Brown. William completed his Bronze Boomerang. This is a major badge in the Cub Scout section requiring many hours of dedication to gain proficiency and knowledge in Health and First Aid, Safety, Ropes, Outdoor Scouting, Cub Scout Traditions, Symbols of Australia, Promise and Law as well as four electives from a choice of Fitness, People and Cultures, Scientific Discovery, The Natural Environment, Self Expression, Handcraft and Your Community. 1-2-3-WOOF to William.

This weekend Harrison Brown is coordinating a Patrol Activity with four other scouts to assist the Inner West Environment Group as they work on the Greenway near the Waratah Mills light rail station.

Scouts will be meeting next week and will be gathering in the amphitheatre between the pool and the Latham Theatre as the year 6 social is being hosted in the gymnasium.

All students interested in Scouts are welcome at 3rd Summer Hill (Trinity Grammar) – the Group is currently running programs for all Trinity boys from 7.5 years up to 10.5 years (Cubs); 10 years up to 15 years (Scouts); and 15 years up to 18 years (Venturers). The Group meets in the old gymnasium at Summer Hill Campus on Tuesday evenings from 6pm to 7:30pm.
