Dear Parents and Friends of the Junior School,

It is a joy to get up each Saturday and bask in the glorious weather coupled with the fantastic attitude and effort by our boys in Years 4-6 as they enjoy their games of rugby and football. Team sport has so many benefits for young men and provides an environment where they are able to develop skills and values that remain with them and have application long after they cross the sideline. Learning to win graciously and lose sportingly, celebrating our own and other’s successes, and supporting one another are all great life lessons that can be developed on the football field. Congratulations boys on the pride and passion in the way you are playing your games and supporting one another no matter what the score. Particularly impressive has been the handful of teams who, despite being on the wrong side on the scoreboard, show respect for themselves and their opposition by persevering until the final whistle. That is the Trinity way!

Congratulations to our Kindergarten students for being fine ambassadors on their excursion to Warragamba Dam on Wednesday. Kindergarten is investigating the concept that water is essential to life and is a limited resource for many people, and their day at the dam will be a great springboard into discovering more about this. Particularly impressive has been the handful of teams who, despite being on the wrong side on the scoreboard, show respect for themselves and their opposition by persevering until the final whistle. That is the Trinity way!

But the wisdom that comes from above leads us to be pure, friendly, gentle, sensible, kind, helpful, genuine, and sincere. When peacemakers plant seeds of peace, they will harvest justice. James 3:17-18

Year 6 is off to Camp Somerset on the Colo River next week for a 4-day outdoor education adventure. Camp Somerset is a new provider for the Junior School and has been selected because of their experience and expertise in providing safe yet challenging learning experiences. The Year 6 boys will notice a significant ‘step-up’ in terms of the level of challenge compared to previous school camps. They will be under canvas every night and sometimes cooking for themselves. This fits perfectly with the increased expectations we have of these boys as leaders in our school and as young men getting ready for high school. At the briefing talk this week, all of the boys were encouraged to take greater responsibility for their own gear and to use the checklist provided. Translation…Mums, please do not pack your son’s bag for him (although a little bit of help and checking what he has done would still be a good idea)! Da-Vinci Decathlon boys are reminded that they will need to pack their school uniform.

Year 3 boys and parents are reminded that the first of this term’s Friday Afternoon Sport sessions is next Friday 27th May, from 3-4.30pm. The programme runs for four consecutive weeks and it is the expectation that all Year 3 students attend. This term, the focus will be basketball.
Our swimmers have been reminded by Mr Hassall of uniform expectations following training sessions. If a boy walks out the gate any afternoon (even just to meet parents on Prospect Rd) then he is required to be in full uniform. However, students being picked up in the School carpark do not need to get changed. Parental support of our uniform standards in this regard would be appreciated.

We have now concluded our Parent Information Sessions focusing on Digital Citizenship, Parenting in the Digital World and Life Skills. Any Years 5-6 parents and boys who missed this week’s session can view the slides by clicking here. If parents are keen to continue engaging with this issue, one forum would be a presentation on Problem Internet Use and Screen Addiction in School Children by Dr Philip Tam on Tuesday 21st June, commencing at 6.45pm. The presentation will be to our combined primary community and take place at the Strathfield campus.

The Record Book is an important document for each family in the Junior School. As a tool for your son, it helps him to organise himself with his homework and provides information on School events and expectations. It is also an effective communication tool for parents and teachers. Additionally, parents are able to see upcoming Junior and whole School events. Please note the colour scheme for diary entries in the Record Book is, Black – Whole School, Dark Green – Middle and Senior School, Light Green – Preparatory School, and Blue – Junior School. I encourage all parents to monitor their son’s Record Book on a regular basis, ideally daily.

Mark Dunn | Master of the Junior School

Listed below, in preference order, are the methods available for Absentee reporting that would assist the Office:

1. Use the Trinity Grammar School phone APP and follow the prompts. (From the APP home page select Junior School the select Absentee Form to open the absentee form). Instructions for installing the APP on your phone can be found by click here.

2. Using the Absentee email address jsabsentee@trinity.nsw.edu.au
   Also, if you wish, you can ‘CC’ the class teacher on this email.

3. Lastly, you can phone 9581 6144 and leave a message with your son’s name and class.
Problem internet use and screen addiction in school children
A practical guide for parents and families | Primary Focus
Presented by Dr Philip Tam
Child psychiatrist, researcher & clinical lecturer

In this highly topical and interactive presentation, Dr. Philip Tam will be outlining how the phenomenon of problem internet use (PIU) – commonly dubbed ‘internet addiction’ or ‘video game addiction’ - has emerged as a major mental health and social problem around the globe and in Australia over the past decade or so.

He will then summarise the key research findings on how to appraise and address this phenomenon, and offer practical, and evidence-based solutions and resources for concerned parents and families. Also covered will be important developments in the field of ‘integrated education’, which utilises the huge potential of internet-based technologies to enhance educational outcomes and ‘draw away’ students from gaming and social media distractions in the class setting.

The seminar will also be highly relevant to school counsellors and teachers, who are also often ‘at the coalface’ of emerging internet use difficulties in schoolchildren, both in the primary and secondary settings.

Dr. Philip Tam is a Sydney-based child psychiatrist, researcher and clinical lecturer. He has a long-standing clinical, teaching and advocacy interest in the emerging and complex domain of internet- and video game-related psychological problems, and regularly comments on this topic across the Australian and international media. He is also a co-founder of niira, the Network for Internet Investigation and Research in Australia, a pioneering research and advocacy group aimed at assisting school counsellors, psychologists and concerned parents in the domain of PIU.

ROUND 4 WINTER SPORT

What glorious weather we continue to have each weekend! Records tell us that it has been the warmest start to May and I can’t think of a better way to start the day then being outside and playing sport. Mr Dunn, the coaches and I continue to be very impressed with the level of commitment our families are making each week to be at the games on time ready to begin warm ups as a team.

FIXTURE CHANGE

The 11A XII Rugby team is playing at Grammar St Ives, Cowper Field at 9:30am tomorrow. In Round 9, the game against Grammar St Ives will be played at Bressington Park. This is on the current Term overview but not on the draft sent home in Term 1.

AUXILIARY BARBEQUE

A big thank you to the tireless efforts of our Auxiliary who have been working hard at Bressington each Saturday. It would be great to see more parents offering to give up an hour on their weekend to assist once or twice throughout the season. As the saying goes, many hands make light work!

HYDRATION

With the warm weather also comes the reminder that we need to ensure our boys are hydrated during sport. To prevent dehydration, you should encourage your son to drink cool fluids before, during, and after physical activity. Boys should also:

> **Drink on a schedule, not when thirsty.** Your son needs to regulate his fluid intake by drinking according to a schedule, rather than in response to thirst, because thirst is not an accurate measure of a child’s need for fluid. By the time your child says he is thirsty, he is already dehydrated. Consuming cool fluids at regular intervals during exercise protects your child’s health and optimises athletic performance.

> **Boys should drink from their own water bottle.** All boys should have their own personalised water bottles and need to be reminded to drink at least 250mL every 20 minutes during activity.

> **Watch for signs of heat illness.** During prolonged exercise, children and adolescents may not recognise the symptoms of heat stress and may push themselves to the point of a heat-related illness. At the conclusion of games check to see that your son has been drinking from his drink bottle.

YEAR 3 BASKETBALL PROGRAMME

The Year 3 Basketball Programme begins next Friday here at Summer Hill starting at 3:00pm and finishing at 4:30pm. **Boys will need to wear their house coloured Rugby shirt, PE shorts and running shoes.** As previously mentioned this programme is compulsory for all Year 3 students. Should leave be required please request this in writing to Mr Dunn (mdunn@trinity.nsw.edu.au).

NORTH COAST TOUR SELECTION

This week the Preparatory and Junior School selected a team of 35 Football and Rugby players to attend the North Coast Tour in the final week of Term 2. The Football team was selected after a trial match on the Senior School’s synthetic Number 2 Oval on Tuesday.

JUNIOR SCHOOL AUXILIARY

It has certainly been a very busy and successful few weeks for the Junior School Auxiliary. A huge thanks to our wonderful Junior School community who got together and made Mothers’ Day stall and Bressington BBQ successful in many ways for our boys. I hope your beautiful boys came home with some lovely gifts for Mum. It certainly was a real pleasure to watch all of the boys very carefully pick the perfect gift … even if it wasn’t really for mum when they picked the chocolate!

The Bressington BBQ kicked off to a brilliant start and I would like to thank all of our wonderful volunteers who have lent a hand in the past few weeks. It has been so much fun working with all of you, even if there were a few burnt snags! If you haven’t already put your name down for a slot at Bressington then please do so as soon as possible. If you are at Bressington or even the adjoining Mason Park come and say Gday, have a sausage or a Zaatar Pizza. Please continue to show your support each week at Bressington BBQ by purchasing from our exciting new menu and lending a much needed helping hand. Any time you can spare is much appreciated. Keep up the wonderful work everyone. We are on a roll, lets keep it going!

SCOUTS

KNOT-TYING HAS LONG BEEN a part of the Scouting program — for good reasons. It promotes discipline and focus, and it teaches useful skills that can be used immediately. Most people can tie just one knot (the “overhand”); many Cubs and Scouts know and use more than a dozen.

1. SHEET BEND AND DOUBLE SHEET BEND: Need to tie two ropes together? This is the knot for you. The sheet bend won’t slip when ropes of dissimilar material and size are entwined.

2. BOWLINE: This knot is popular among mountaineers, climbers, sailors and others. Use the bowline when you need a non-slip loop at the end of a line. The knot won’t slip, regardless of the load applied.

3. TRUCKER’S HITCH: The trucker’s hitch is a powerful pulley with a locking knot. Use this when you need a locking pulley with a 2-to-1 mechanical advantage, such as tying a canoe on a car or guyng out a tarp. Unlike the taut-line hitch, this knot won’t slip when used with slippery line.

4. TWO HALF-HITCHES: Use two half hitches to tie a rope to a tree, ring or dock.

5. TAUT-LINE HITCH: To create an adjustable loop that stays in place, use the taut-line hitch. This is the knot to use for staggering out the guy lines of your tent.

6. PRUSIK HITCH: A prusik hitch can slide up or down a stationary rope, but it will hold fast when weight is applied. It’s used in a number of self-rescue situations. Mountaineers use the prusik for footholds to help them climb a vertical rope. Campers use it for rigging rain flies or rescuing rock-pinned canoes in a river.

7. DOUBLE FISHERMAN’S KNOT: Use this knot to tie together the ends of one rope, forming a loop. The loop of rope can be used for many purposes, including the prusik hitch.

8. CLOVE HITCH: The clove hitch is a versatile knot that is often used in Scouting activities, including servings as the start or finish to many lashings.

9. REEF(or SQUARE) KNOT: The reef knot can be used to join two ropes together. Generally, it works best with two ropes of the same diameter, and should not be used to hold a very heavy load on its own.

10. TIMBER HITCH: The timber hitch is often used to drag a log across the ground or to start a diagonal lashing.

If you want to know more about knots then download one of the many free apps such as Knots3D where you can learn the use of the knot and see how it is tied.

At Closing Parade this week the following badges were awarded:

ABERHART

Three Decades

"Aberhart’s images of churches and cemeteries are highly atmospheric. They manage an aesthetic sleight-of-hand that makes them seem both full and empty – devoid of people but redolent of history and nostalgia. In Taranaki from Rahotu, Taranaki, June 1, 2010, a broken stone figure kneels in contemplation of a distant mountain. It’s an image of earthly ruin that looks towards eternity." – John McDonald, Spectrum SMH 7-8 May 2016

Comprising 76 photographs from 1978 – 2012, this exhibition is an introduction to the extraordinary photography of New Zealand artist Laurence Aberhart. Delmar Gallery is open on weekends 12-5pm Saturday/Sunday, or through the week from Wednesday to Friday, 12-5pm.

Part of Head On Photo Festival. Laurence Aberhart is represented in Sydney by Darren Knight Gallery. Prints in the exhibition are for sale. Exhibition curator: Catherine Benz.

CONCERT REVIEW | Tuesday 17 May 7.30pm at Delmar Gallery

The Muffat Collective

The music of the French Baroque period was generally written for a small audience in an intimate salon setting. And so it was on Tuesday night, when the Muffat Quartet performed in the Delmar Gallery to a packed and enthusiastic audience. The Quartet, comprised of Anthony Abouhamad (harpsichord), Anton Baba ('cello and viola da gamba) and Matthew Greco and Rafael Font-Viera (violins), brought a technical excellence and passion to their performance that was breathtaking. The programme was varied, with each of the performers playing not only in ensemble, but solo, and all were able to give the audience some information on the finer points of the music being played. The music reflected nearly the whole period of the baroque style, from the mid 17th century through to the 18th century.

The programme started with a Sonata by Corelli, a Master of the Italian baroque, which set the tone for the evening. This was then followed by pieces by the French composers Couperin (both Armand and Francoise), Marin Marais, Pierre Guignon and Jean Marie Leclair. The selection chosen was able to illustrate how the French modified the Italian style to the particular needs of the French Court, developing their own quite distinctive style. The playing was precise, but the lyric nature of the music was not lost in being too technical. The main challenge of the evening was the need to retune the more authentic-to-period gut strings, which are greatly affected by both the temperature and humidity conditions in the room. However the warm, almost fuzzy tone achieved by the use of these strings gave a depth to the music that is difficult to describe.

The interpretation of baroque music is often difficult, as the titles to the pieces bear no relation to the music, and the music is often written with no bars or full playing instructions. Therefore it is up to the performer to get into the mind of the composer and imagine what he was thinking three hundred years ago. On this score, the Muffat Quartet could not be faulted; they interpreted with intelligence and sensitivity, leading to a concert that will last in the memory for a long time.
