## Selection Communication

- ▲ All results of CAS Swimming Time Trials are recorded and displayed on the Swimming notice board (25m pool). This allows the students to view the performance times they require to gain selection.
- ▲ The Trinity CAS Swimming Team selection criteria is communicated to the swimmers at the scheduled Team Breakfasts held during Term 4 and Term 1 (Pending Covid procedures). Swimmers are encouraged to identify their potential events, and begin to make the necessary training commitments to gain final selection.
- ▲ Prior to and during the 2nd CAS Invitational meet, each student is encouraged to speak with a member of the SSC to confirm the performance times required to gain an individual swim. If a swimmer has any doubt, they should not hesitate to liaise directly with either the Director of Swimming or the MIC of Swimming.
- ▲ Once the SSC has finalised their team selection, any student who has narrowly missed an individual or relay swim will be spoken with privately before the team announcement. After this has occurred in all instances, the team will be announced.

## Extra Information

- ▲ The Swimming Selection Committee (SSC) reserves the right to make changes to the nominated Team during the CAS Swimming Championships. Any changes will be made in the best interests of the team.

## Appeals process

- ▲ The selection process strives to be as transparent and objective as possible. All decisions are made in the best interests of the team. Any student or parent/guardian who may have a question regarding the final selection of swimmers is encouraged to liaise directly with either the Director of Swimming or the MIC of Swimming.
